Time Rich Steve Graveski,2020-11-02 Recover wasted time and start living your fullest life Most of us wouldn't dare give away our money, but when it comes to time, we let it go without a second thought. Business and creative professionals often dedicate long hours to their work, with little to show for it. We take on more than we should, we treat everything as urgent, and we attend pointless meetings. This book can help you see where you might be sabotaging your own goals. Time Rich helps you identify where you're losing personal time and mismanaging career time. Through practical productivity tools and techniques, author and entrepreneur Steve Graveski will show you how to be more productive at work, have more time to pursue your personal and life goals, and build a culture that supports achieving objectives without risking burnout. Learn how to: • Identity how you are wasting time • Manage your attention, get into the zone and stay there longer • Prioritise, automate and outsource tasks • Optimise your mind and body Time Rich is a blueprint for recovering your work hours, achieving more and spending time where it matters most. 'Steve Graveski understands something that few leaders have figured out: it's possible to do less and get more done. This book offers a blueprint for working smarter.' Adam Grant, New York Times best-selling author of *Originals* and *Give and Take*, and host of the chart-topping TED podcast *WorkLife* 'Time isn't money; it's something of far more value. Graveski makes the case that we ought to be protecting our time much more than we protect other resources. And best of all, he shows you how.' David Burkus, author of *Under New Management* 'Steve Graveski offers countless ways to get more out of each day by being Time Rich.' Nir Eyal, best-selling author of *Hooked* and *Indistractable* 'Time Rich by Steve Graveski makes a compelling argument for abandoning the archaic historical artefact of an 8 hour work-day (or any other arbitrary sum of time) as outmoded and irrelevant to the way we live and do our best work today. Graveski offers both big ideas and specific techniques to contain or eliminate such time-snatching demons as meetings, email and social media. Reclaim the value of your time by forsaking the management of it and learning instead to manage energy, efficiency and attention – inputs with far greater impact on output and outcomes, not to mention quality of life.' Whitney Johnson, award-winning author of *Disrupt Yourself* and *Build an A-Team* 'Time Rich is a fascinating look into why we're all so 'busy' – and how to gain back our most precious resource. Whether you're a beginner or a seasoned productivity geek, this book will change your life.' Jonathan Levi, author, podcaster, and founder of SuperHuman Academy 'A very worthwhile read for ambitious professionals to achieve that elusive work-life holy grail: being present and engaged at home without sacrificing anything on the work front – and even, perhaps, becoming more productive than you ever thought you could be.' Andy Molinsky, award-winning author of *Global Dexterity* and *Reach*

Make Time Jake Knapp, John Zeratsky, 2018-09-25 From the New York Times bestselling authors of Sprint comes “a unique and engaging read about a proven habit framework [that] readers can apply to each day” (Insider, Best Books to Form New Habits). “If you want to achieve more (without going nuts), read this book.”—Charles Duhigg, author of The Power of Habit Nobody ever looked at an empty calendar and said, The best way to spend this time is by cramming it full of meetings! or got to work in the morning and thought, Today I'll spend hours on Facebook! Yet that's exactly what we do. Why? In a world where information refreshes endlessly and the workday feels like a race to react to other people's priorities faster, frazzled and distracted has become our default position. But what if the exhaustion of constant busyness wasn't mandatory? What if you could step off the hamster wheel and start taking control of your time and attention? That's what this book is about. As creators of Google Ventures' renowned design sprint, Jake and John have helped hundreds of teams solve important problems by changing how they work. A must-read for anyone who has ever thought, If only there were more hours in the day..., Make Time will help you stop passively reacting to the demands of the modern world and start intentionally making time for the things that matter.
