Free Fall Rick Mofina, 2020-11-16 “A terrifying race against time as airplanes start falling out of the sky for unknown reasons . . . The kind of thriller that keeps you up late.” —The Big Thrill High above the Adirondack Mountains, a commuter flight to New York City turns into a rolling, twisting nightmare, plunging from the sky before the crew regains control. Then, in London, a jetliner crashes into the runway, killing fifteen people. Reporter Kate Page believes something beyond mechanical—or human—error is behind the incidents that have air investigators baffled. But the mystery deepens as teams scramble to pinpoint a link between the tragedies, and Kate receives an untraceable message from someone boasting responsibility and threatening another event. As Kate, the FBI and the NTSB race to find answers, the shadow figures behind the operation launch their most devastating plan yet, and time ticks down on one of the greatest tragedies the world has ever known. “Journalist Kate Page, one of Rick Mofina’s best characters, is back in this high-paced novel with a scary theme . . . Mofina is at his best here with technical knowledge and a solid investigation underpinning a plot that we can all connect to. Do not read this one before getting on a plane.” —The Globe and Mail “A chilling account of two airliners making routine flights but losing control as they approached their landing sites . . . a complex suspense thriller . . . a pulse-pounding story.” —Mysterious Reviews
