Evaluation of ALA Conferences Margaret Ellen Monroe, 1955*

The Newbery and Caldecott Awards ,2004 Offers librarians, teachers, educators, parents, and children more than 80 years of exemplary literature to share and enjoy.

Games in Libraries Breanne A. Kirsch, 2014-01-28 Librarians are beginning to see the importance of game based learning and the incorporation of games into library services. This book is written for them--so they can use games to improve people's understanding and enjoyment of the library. Full of practical suggestions, the essays discuss not only innovative uses of games in libraries but also the game making process. The contributors are all well versed in games and game-based learning and a variety of different types of libraries are considered. The essays will inspire librarians and educators to get into this exciting new area of patron and student services.

ALA Glossary of Library and Information Science, Fourth Edition Michael Levine-Clark, Toni M. Carter, 2013 The only things librarians seem to encounter more often than acronyms are strings of jargon and arcane technical phrases--and there are so many floating around that even just reading an article in a professional journal can bewilder experienced librarians, to say nothing of those new to the profession! Featuring thousands of revised and brand new entries, the fourth edition of *ALA Glossary of Library and Information Science* presents a thorough yet concise guide to the specific words that describe the materials,

processes and systems relevant to the field of librarianship. A panel of experts from across the LIS world have thoroughly updated the glossary to include the latest technology- and internet-related terms, covering metadata, licensing, electronic resources, instruction, assessment, readers' advisory, and electronic workflow. This book will become an essential part of every library's and librarian's reference collection and will also be a blessing for LIS students and recent graduates.

Aristotle and Dante Discover the Secrets of the Universe Benjamin Alire Sáenz, 2012-02-21 Fifteen-year-old Ari Mendoza is an angry loner with a brother in prison, but when he meets Dante and they become friends, Ari starts to ask questions about himself, his parents, and his family that he has never asked before.

The Neal-Schuman Library Technology Companion
John J. Burke, 2016-02-19 Informed by a large-scale survey of librarians across the spectrum of institution types, this guide will be a true technology companion to novices and seasoned LIS professionals alike.

A History of ALA Policy on Intellectual Freedom
Office for Intellectual Freedom (OIF), 2015-07-01 Collecting several key documents and policy statements, this supplement to the ninth edition of the Intellectual Freedom Manual traces a history of ALA's commitment to fighting censorship. An introductory essay by Judith Krug and Candace Morgan, updated by OIF Director

Barbara Jones, sketches out an overview of ALA policy on intellectual freedom. An important resource, this volume includes documents which discuss such foundational issues as The Library Bill of Rights Protecting the freedom to read ALA's Code of Ethics How to respond to challenges and concerns about library resources Minors and internet activity Meeting rooms, bulletin boards, and exhibits Copyright Privacy, including the retention of library usage records

Melville's Anatomies Samuel Otter, 1999-03-05

What Otter has done better than most contemporary readers of Melville is to bring Melville's obsession with rhetoric and with authorship into alignment with those political issues and to capture fully the context of Melville's concerns.—Priscilla Wald, author of *Constituting Americans*

The Freedom to Read American Library Association, 1953

The Dysfunctional Library Jo Henry, Joe Eshleman, Dr. Richard Moniz, 2018-12-18 Frankly, it's not something we like to talk about. There is an unfortunate stigma to acknowledging workplace dysfunction, let alone trying to grapple with the problem. But negative behaviors such as incivility, toxicity, deviant behavior, workplace politics, and team and leadership dysfunction not only make the library a stressful workplace, they also run counter to the core values of librarianship. An important tool for library leaders and managers as well as library staff, this book examines these negative relationship-based issues and suggests practical, research-

based solutions by discussing the importance of understanding oneself as related to the library workplace; identifying attributes specific to libraries that foster personal success; showing how organizational dysfunction is rooted in problems such as poor communication, inadequate leadership, and lack of employee engagement; breaking down relatable scenarios to analyze what's behind them and how to defuse them, ranging from a gossipy coworker who fails to contribute to the organization to workplace bullying and mobbing; exploring causes, results, and potential solutions in the areas of cyberloafing, fraud, theft, and sabotage; delving into the importance of conflict management, surveying a variety of approaches and applications; examining the use of teams in libraries and the impact of favoritism, nepotism, and sexism; and providing techniques for successful collaboration, leadership, organizational communication, and other key management topics. By tackling the dysfunctional library head on, managers as well as library workers who find themselves in a toxic situation will be poised to better meet library goals and move the library forward.

Licensing Digital Content Lesley Ellen Harris, 2009-06 Provides an overview of issues surrounding electronic media access licenses for librarians.

Serving At-Risk Teens Angela Craig, Chantell L. McDowell, 2013 Working with at-risk teens, including those who are homeless, incarcerated, or in foster care, is a rewarding but often challenging endeavor, especially with a growing

number of at-risk teens in both urban and rural areas of the country. Based on best practices and personal experiences from many leaders in the field today, including authors Angela Craig and Chantell L. McDowell, this book shows how libraries and communities can work together to find new ways to serve this population. Packed with accessible and affordable programming ideas, ready-to-use templates, and techniques, this addition to the Teens @ the Library series Demonstrates why serving at-risk teens is important, and offers advice for gaining institutional support for outreach services Shows how to understand the needs of at-risk teens, including a discussion of the factors that place teens at risk Examines diversity within the at-risk population Suggests ways to partner with youth facilities, with real-world examples of working with non-library personnel and caregivers Provides guidance for collection and resource development Gives examples of technology-based programs to promote literacy and connectedness

Government Information Essentials Susanne Caro, 2018-12-13 Government documents, both physical and electronic, constitute a rich and varied resource that calls for special attention. And because government information is useful and pervasive in nearly every kind of library, more and more librarians of all types need to know how to work effectively with federal, state, and international resources. This contributed volume gathers the expertise of experienced government information librarians from across the country. Providing real-world insight into the work,

collections, and interests of this discipline, this book surveys the wide variety of government information and the people who use it; discusses what it's like to be a government documents librarian, from the first day on the job through taking on a management role; addresses networking, training, and other essential tools for collaboration and learning; covers space planning, streamlining, disaster preparedness and response, the increasing prevalence of digital information, and other key collection issues; offers best practices for connecting library users with government information; looks at research guides, workshops, and other teaching and training topics; and explores advocating for transparency and access to information, promoting government documents to library users, and using exhibits as community outreach. With more government publications becoming freely available, this volume fills an important need, presenting concrete guidance that will help librarians flourish in this crucial field.

The Heart of Librarianship Michael

Stephens, 2016-05-16 Bringing together ideas for practice, supporting evidence from recent research, and insights into what lies ahead, this book will inform and inspire librarians of all types.

How to Wear a Sari Darshana Khiani, 2021 Tired of being treated like a child, a young girl sets out to prove herself capable to her multi-generational Indian-American family, but an ill-fated attempt at putting on a sari has an unexpected outcome.

Transforming Print Shari Laster, Lorrie

McAllister,2021-09-06 In this book, collection management staff at academic libraries will find fertile ideas for transforming print collections to become more engaging and widely used by the diverse communities they serve.

Library Marketing and Communications Cordelia Anderson,2020-09-01 Effectively marketing libraries by persuasively communicating their relevance is key to ensuring their future. Speaking directly to those in senior leadership positions, Anderson lays out the structural and organizational changes needed to help libraries answer the relevance question and maximize their marketing and communications efforts. Focusing on big-picture strategies, she shares lessons learned from her 20+ year career in library marketing and communications. No matter what type or size of library you help to lead, by reading this book you will - gain insight into why libraries need to tell their stories more effectively than they are today; - be able to craft a strategic roadmap for marketing your library and communicating its value in a variety of ways that resonate with key audiences; - see why improvements to the structure of your marketing and communications team can lead to better results; - learn practical methods for incorporating audience research into your planning; - know how to remove customer barriers and discontinue practices that are thwarting your marketing efforts; - receive guidance on preparing for potential crises; - understand how to be more community-focused by forming and sustaining partnerships; and - feel confident in engaging with stakeholders so that they become your

library's best ambassadors. This book will shake up your marketing and communications approach, helping you implement real changes for lasting results.

Library Programming for Autistic Children and Teens Amelia Anderson, Barbara Klipper, 2021-04-12
This edition reflects the new knowledge that has been learned about autism since the publication of the first edition, amplifies the voices of autistic self-advocates, and provides new, easy-to-replicate programming ideas for successfully serving autistic children and teens--

Don't Check Out This Book! Kate Klise, 2020-03-10
From the creators of the award-winning Three-Ring Rascals and 43 Old Cemetery Road series! Is the sweet town of Appleton ripe for scandal? Consider the facts: Appleton Elementary School has a new librarian named Rita B. Dangerous. (Say it fast.) Principal Noah Memree barely remembers hiring her. Ten-year-old Reid Durr is staying up way too late reading a book from Ms. Dangerous's controversial green dot collection. The new school board president has mandated a student dress code that includes white gloves and bow ties available only at her shop. Sound strange? Fret not. Appleton's fifth-grade sleuths are following the money, embracing the punny, and determined to get to the funniest, most rotten core of their town's juiciest scandal. Don't miss this seedy saga!
