Telling Time Through the Ages Rebecca Weber,2011 Approximately 5,000 to 6,000 years ago, people began to make clocks: tools that can precisely mark off equal lengths of time. In this book, you will find out about several types of clocks invented throughout history. You will also discover that you can make some of these clocks yourself by following step-by-step instructions. You will even measure your body clock!

Complex Regional Pain Syndrome Erin F. Lawson,Joel P. Castellanos,2021-07-02 This book provides an up-to date, extensive, and focused review of complex regional pain syndrome (CRPS). It reflects the current scientific understanding of the disorder, describes appropriate treatment recommendations, and explores future directions of diagnosis and treatment. Divided into three sections, the first section covers the etiology and pathology of CRPS. The following section offers treatments and emerging advances in evaluation and/or treatment. The book then closes with an

exploration of varying patient populations. Each chapter is authored by specialists experienced with CRPS research and treatment. Additionally, the review and recommendations provided reflect careful consideration of evidence-based medicine and medical consensus guidelines. Complex Regional Pain Syndrome targets a range of healthcare specialties including pain management, rheumatology, neurology, internal medicine, and family practice.
