Benjamin J. Thomas

Love's Alchemy ,2011-02-09 Working from the original Persian sources, translators and scholars David and Sabrineh Fideler offer faithful, elegant translations that represent the full scope of Sufi poetry. These concise, tightly focused meditations span only a few lines but reveal worlds of meaning. The poems explore many aspects of human life and the spiritual path, but they center on the liberating power of love.

Love's Alchemy Bryan Crockett,2015 This well-wrought historical mystery pits the brilliant wordsmith John Donne against the Machiavellian politician Robert Cecil. The match is uneven; Cecil runs James I's kingdom while Donne struggles to make ends meet through the patronage of the alluring Countess of Bedford, who sets herself up as a rival to his resourceful wife, Anne. Donne is summoned to meet with Cecil, who suborns the struggling poet as a spy to infiltrate the underground network of English Catholics, seeking Jesuit priests. But Donne wants no part of any spying. He sets out instead to outwit Cecil as he journeys with Lady Bedford's crafty old manservant through dangerous territory, surviving plots and threats by his wits, aid from the quick-spirited Anne, and a strong dose of gallows humor.

Sacred Sexual Union Anaiya Sophia, 2013-05-05 Experience the orgasmic rapture of Sacred Union with your Twin Soul and the Divine • Includes practices in sacred sexuality, emotional intimacy, and soul awareness to awaken the Love, Power, and Wisdom of your soul, attract your Twin Soul, and satisfy your soul's longing to reunite with God • Draws on teachings from Gnosticism, Sufi mysticism, the Kabbalah, Kundalini yoga, sexual

shamanism, the Egyptian Mystery schools, and Christ Consciousness • Offers examples of Sacred Union, including Jesus and Mary Magdalene and Rumi and Shams as well as experiences of modern couples Jesus and Mary Magdalene, Rumi and Shams, King Solomon and the Queen of Sheba, Isis and Osiris--in these sacred unions we recognize the merging not only of Twin Souls but also of these lovers with the Divine. In Sacred Sexual Union, Anaiya Sophia shows this Holy Marriage, complete reunification with your Twin Soul and God, is not a secret reserved for the initiated or a tradition lost to the ages. It is a potent, living spiritual path enabling two beloveds to experience the primordial state of creation as one soul blessed by the Divine Light and Love of their Creator. Drawing on teachings from Gnosticism, Sufi mysticism, the Kabbalah, Kundalini yoga, sexual shamanism, the Egyptian Mystery Schools, and Christ Consciousness, the author reveals the complete alchemical process of Sacred Union. She provides physical, meditative, and psychological practices that combine sacred sexuality, emotional intimacy, and transparent soul awareness to awaken the magnetic energies of your soul, draw your Twin Soul to you, and, with Twin Souls reunited, experience the passionate rapturous remembrance of becoming one with God. She explores ancient writings and rituals of Sacred Union--known as Hieros Gamos in ancient Sumeria, Sacred Marriage in the Kabbalah, Yab Yum in Tibetan Buddhism, and the Bridal Chamber in Gnostic Christianity--and offers examples of Sacred Union throughout the ages, including experiences from her own spiritual journey. More than a meditative or yogic practice, Sacred Sexual Union offers a transformative spiritual path to embrace the threefold flame of Power, Love, and Wisdom and satisfy your soul's longing for wholeness and reunion with the Divine.

Ama Alchemy of Love Nataša Pantović, 2017-02-14 "Its miracle and its enigma are within the worlds of inner alchemy of the Age of Enlightenment." Sunday Times "A bridge builder between East and West, following ancient archaeological findings, she often dives into the historic settings more than 2,000 years back in time. In her novel, *Ama: Playing the Glass Bead Game* with Pythagoras, the 53-year-old author makes a bold swerve into less traveled territory. She chooses for her protagonists: Ama, an African Priestess, living in the China's 17th century's Macao with Ruben who is a Portuguese Jesuit priest, Father Benedict, an Orthodox Christian with home in Balkans, and the book's perspective on China's rapidly growing Macao, changing sights and sounds, smells and perspective, from a bat to a goddess to a spirit. Its miracle and its enigma, is within the worlds of inner alchemy at the Age of Enlightenment." Sunday Times A-Ma's 5 stars review "I started writing this as a 17th-century novel. In this novel, it was easy to write from the point of view of the main character, a priest or Ama's mother, or a man without a name, or a Goddess Lilith, I wanted to bring in the many first-person singular voices, starting with an animal, a bat who is a story teller, moving to Pythagoras, to people who meet Ama within the setting of her coffee house. This narrative framework is 50% inspired with the Yin mind-set, dreamy and emotional and 50% factual, male, mind driven." Says the Author in this Interview. "Holding up a mirror to society of ancient worlds can be fanatical or too obvious within the storytelling environment, so I had to break the rhythm with myths, with art, with dreams." Sunday Times

Alchemy of Love Relationships Joseph Michael Levry, 2000-01

The Alchemy of Love and Lust Theresa Larsen

Crenshaw, 1996 This provocative depiction of the chemistry of sex--how it governs romantic desires, encounters, and relationships throughout the sexual passages of life--unmasks the hidden agendas of our hormones as we progress from adolescence to old age. Dr. Crenshaw maintains that by becoming more knowledgeable alchemists, we can live longer and have stronger relationships.

The Chemistry of Alchemy Cathy Cobb, Monty

Fetterolf, Harold Goldwhite, 2014-07-01 A unique approach to the history of science using do-it-yourself experiments along with brief historical profiles to demonstrate how the ancient alchemists stumbled upon the science of chemistry. Be the

alchemist! Explore the legend of alchemy with the science of chemistry. Enjoy over twenty hands-on demonstrations of alchemical reactions. In this exploration of the ancient art of alchemy, three veteran chemists show that the alchemists' quest involved real science and they recount fascinating stories of the sages who performed these strange experiments. Why waste more words on this weird deviation in the evolution of chemistry? As the authors show, the writings of medieval alchemists may seem like the ravings of brain-addled fools, but there is more to the story than that. Recent scholarship has shown that some seemingly nonsensical mysticism is, in fact, decipherable code, and Western European alchemists functioned from a firmer theoretical foundation than previously thought. They had a guiding principle, based on experience: separate and purify materials by fire and reconstitute them into products, including, of course, gold and the universal elixir, the Philosophers' stone. Their efforts were not in vain: by trial, by error, by design, and by persistence, the alchemists discovered acids, alkalis, alcohols, salts, and exquisite, powerful, and vibrant reactions--which can be reproduced using common products, minerals, metals, and salts. So gather your vats and stoke your fires! Get ready to make burning waters, peacocks' tails, Philosophers' stone, and, of course, gold!
