La Intervención de las Comunicaciones Electrónicas, Evolución Normativa y Análisis Jurisprudencial Belén Burgos Garrido, 2021-10-21

En esta monográfica se aborda el régimen jurídico de la intervención de las comunicaciones electrónicas (telefónicas e informáticas. Medida de investigación que, en el contexto actual, ha de ser conocida por todo jurista que se precie, dado que la misma ha adquirido una importancia sin precedentes como resultado de la sociedad tecnológica en la que vivimos y donde la cibercriminalidad se ha disparado hasta límites insospechados (estafas en el comercio electrónico, robo de identidades, phishing, pharming y grooming, son tan sólo algunos ejemplos). Igualmente, se efectúa la delimitación legal y jurisprudencial del derecho al secreto de las comunicaciones y se analizan, pormenorizadamente, los presupuestos que han de aglutinarse para su intervención; cuestiones ambas cuyo conocimiento resulta tremendamente útil para plantear la validez o invalidez de la prueba. Asimismo, se concreta el ámbito subjetivo y objetivo de la intervención electrónica de las comunicaciones, así como su ejecución. Es decir, se determina sobre qué sujetos puede recaer la medida y qué datos son susceptibles de ser intervenidos y, todo ello, analizando la rica y variada casuística al respecto (correos electrónicos, claves IMSI e IMEI, listado de llamadas entrantes y salientes, SMS y MMS, videollamadas y videomensajes, obtención de la ip, etc.). Finalmente, se expone un tema crucial para los ejercientes del Derecho: las comunicaciones electrónicas como prueba en juicio, desarrollando una interesante guía práctica con varios supuestos que pueden suscitarse.

RECOVERY 2.0 Tommy Rosen, 2014-10-21 The feeling was electric-energy humming through my body. I felt like blood was pouring into areas of my tissues that it had not been able to reach for some time. It was relieving and healing, subtler than the feeling from getting off on drugs, but it was detectable and lovely, and of course, there was no hangover, just a feeling of more ease than I could remember. I felt a warmth come over me similar to what I felt when I had done heroin, but far from the darkness of that insanity, this was pure light-a way through. - Tommy Rosen, on his first yoga experience Most of us deal with addiction in some form. While you may not be a fall-down drunk, anorexic, or a gambling addict, you likely struggle with addiction in other ways. Workaholism, overeating, and compulsively engaging with technology like video games, texting, and Facebook are also highly common examples. And if you don't suffer from addiction, chances are you know someone who does. Through more than 20 years of recovery and in working professionally with others, Tommy Rosen has uncovered core elements of recovery and healing, what he refers to as Recovery 2.0. In the book, he shares his own past struggles with addiction, and powerful, tested tools for breaking free from the obstacles that stand in the way of a

holistic and lasting recovery. Building off the key tenets of the 12-Step program, he has developed an innovative approach that includes • Looking at the roots of addiction; your family history and Addiction Story • Daily breathing practices, meditation, yoga, and body awareness • A healthy, alkaline-based diet to aid with detox, boost immunity, increase vitality, support your entire recovery, and help prevent relapse • Discovering your mission, living on purpose, and being of service to others Recovery 2.0 will help readers not only release their addictions, but thrive in their recovery.

Beta Test Eric Griffith, 2011-12 PUBLISHERS WEEKLY: An unusually lighthearted apocalyptic tale. Sam Terra is having a bad week. He lost Molly, the woman he secretly loves, when she vanished before his eyes at the exact same time that ten percent of the inhabitants of Earth disappeared. Naturally upset, Sam follows clues about the global vanishing with questionable help from his friends including a misanthropic co-worker and a childhood pal. When Molly reappears in the body of a man during a night of monster-laden devastation, Sam finally learns the truth. Not just about her, but about the planet Earth and the entire cosmos surrounding it. What we consider mundane reality, others consider a game . . . and not a very good one. The whole thing is about to be shut down.

Warhol-isms Andy Warhol, 2022-05-10 A unique collection of brilliant quotations from the legendary Pop artist One of the most influential artists of his time and ours, Andy Warhol is nearly as renowned for what he said as for what he did. Indeed, he is so quotable that things he never said are endlessly and plausibly attributed to him, including, fittingly, the most celebrated fake Warhol saying—"In the future, everyone will be world-famous for 15 minutes." Warhol-isms separates legend from fact to present a unique and comprehensive collection of authentic quotations from the Pop artist. Gathered from interviews and other primary sources, these deadpan, droll, ironic, and sincere gems—in which a superficial embrace of superficiality often disguises provocative, unconventional ideas—provide compelling insights into the life and work of an artist who has left an indelible mark on art and popular culture. Select quotations from the book: I think an artist is anybody who does something well. I went to [a psychiatrist] once, and he never called me back. They always say that time changes things, but you actually have to change them yourself. I've never met a person I couldn't call a beauty. New things are always better than old things. I'm still a commercial artist. I was always a commercial artist.
