Klondike Pierre Berton,2011-02-11 With the building of the railroad and the settlement of the plains, the North West was opening up. The Klondike stampede was a wild interlude in the epic story of western development, and here are its dramatic tales of hardship, heroism, and villainy. We meet Soapy Smith, dictator of Skagway; Swiftwater Bill Gates, who bathed in champagne; Silent Sam Bonnifield, who lost and won back a hotel in a poker game; and Roddy Connors, who danced away a fortune at a dollar a dance. We meet dance-hall queens, paupers turned millionaires, missionaries and entrepreneurs, and legendary Mounties such as Sam Steele, the Lion of the Yukon. Pierre Berton's riveting account reveals to us the spectacle of the Chilkoot Pass, and the terrors of lesser-known trails through the swamps of British Columbia, across the glaciers of souther Alaska, and up the icy streams of the Mackenzie Mountains. It contrasts the lawless frontier life on the American side of the border to the relative safety of Dawson City. Winner of the Governor General's award for non-fiction, Klondike is authentic history and grand entertainment, and a must-read for anyone interested in the Canadian frontier.

The Gold Rush David Hill,2011 David Hill relates the extraordinary people and staggering events of Australia's great gold - rush years. From the mid - to late - 1800s, people from all corners of the globe and all walks of life, including two future prime ministers of Great Britain and Australia, threw off their previous pursuits and made the often perilous journey to the goldfields, from where they would return either fabulously wealthy or demoralised and broken - if they returned at all. From the destitute to the eminent, the prospectors included such characters as Edward Hargraves, who won the race to find the first payable gold in New South Wales, Lola Montez, whose sensual 'spider Dance' caused outrage and delight in equal measure, Lord Percy Douglas, the elder brother of Oscar Wilde's famed lover Bosie, who returned from Western Australia empty - handed, and Herbert Hoover, who managed the Sons of Gwalia mine in Western Australia at the age of 22. David Hill brings this monumental turning point in Australia's history brilliantly to life, using the diaries, journals, books, letters, official reports, parliamentary inquiries and newspaper articles of the time, along with his own skills as a master storyteller.
