Candle Magic For Beginners Lisa Martin, 2023-07-26 This path you're about to walk on is full of magic and wonder. In this book, you'll discover the power found in fire and wax, how to connect to worlds beyond the physical, and how

to cause great things to flow to you, greater things than you've ever imagined. As a true magician - not the party tricks or illusions kind - you can work with the laws of the Universe to bring to being whatever you desire, if you channel your energy the right way. You cannot get concrete results without focusing your intention because that's where the magic truly lies. It's the key to manifesting whatever you desire. That alone can make amazing things for you, but if you need a little extra oomph to get you over hurdles set by opposing forces, then you will find that candle spells are your best friends. Even when your intention isn't all that solid, the flame and wax will clothe your dreams in the garment of reality. You might be worried that you will need to learn some complex spells, offer your soul to Baal, and meditate 72 hours in a day before you can practice candle magic, but I assure you this is not the case here. These spells are simple, and simple is magical, meaning you will get results. You will also have a lot of options, and when you get the hang of it, you can make the spells your own. The trick is to understand the meaning behind each candle, number, and symbol, so you can be more specific when dealing with your issues using candle spell work. All you need is the ability to light a match. If you begin to create your own spells, even better. You'll learn how to use the candles, dress them with the right herbs and oils, augment their power with other candles, and channel your intentions as you work. Adding in variety will supercharge whatever you send out into the Universe, and you will be pleased with the boost. However, remember that you always have the option to just keep things simple.
