Oom Razoom, Or, Go I Know Not Where, Bring Back I Know Not what ,1991 A retelling of an old Russian tale of Alexis the king's archer, his beautiful and magical wife Olga, and their adventures.

American Hotel Register Company Buying Guide American Hotel Register Company,2005

A Tickey on a Train Track Louis Du Toit,2014-09-03 The events leading up to the promulgation of the apartheid laws in South Africa often raised huge concern, perhaps more so where the color lines merged. Blacks, being confined mostly to homelands and Bantustans, were regarded as a rarity in

many communities. In one such community, the laws meant being suspicious even of your neighbours if they had darker complexions. A young woman with exceptional abilities but of mixed breed found herself close to, but on the wrong side, of the color line. Church interference and scandalous gossip increased when it became known that she was living with two white men. On regular visits with his father to collect oysters, a young white boy made her acquaintance. Over the years, a strong bond develops. Unfortunately, life-shattering events completely beyond their control overtake them.

Masters of Doom David Kushner, 2003-04-24 *Masters of Doom* is the amazing true story of the Lennon and McCartney of video games: John Carmack and John Romero. Together, they ruled big business. They transformed popular culture. And they provoked a national controversy. More than anything, they lived a unique and rollicking American Dream, escaping the broken homes of their youth to co-create the most notoriously successful game franchises in history—*Doom* and *Quake*—until the games they made tore them apart. Americans spend more money on video games than on movie tickets. *Masters of Doom* is the first book to chronicle this industry's greatest story, written by one of

the medium's leading observers. David Kushner takes readers inside the rags-to-riches adventure of two rebellious entrepreneurs who came of age to shape a generation. The vivid portrait reveals why their games are so violent and why their immersion in their brilliantly designed fantasy worlds offered them solace. And it shows how they channeled their fury and imagination into products that are a formative influence on our culture, from MTV to the Internet to Columbine. This is a story of friendship and betrayal, commerce and artistry—a powerful and compassionate account of what it's like to be young, driven, and wildly creative. “To my taste, the greatest American myth of cosmogenesis features the maladjusted, antisocial, genius teenage boy who, in the insular laboratory of his own bedroom, invents the universe from scratch. *Masters of Doom* is a particularly inspired rendition. Dave Kushner chronicles the saga of video game virtuosi Carmack and Romero with terrific brio. This is a page-turning, mythopoeic cyber-soap opera about two glamorous geek geniuses—and it should be read while scarfing down pepperoni pizza and swilling Diet Coke, with *Queens of the Stone Age* cranked up all the way.”—Mark Leyner, author of *I Smell Esther Williams*

The Only Woman in the Room Marie Benedict, 2019-01-08 THE NEW YORK TIMES

BESTSELLER THE USA TODAY BESTSELLER Bestselling author Marie Benedict reveals the story of a brilliant woman scientist only remembered for her beauty. Her beauty almost certainly saved her from the rising Nazi party and led to marriage with an Austrian arms dealer. Underestimated in everything else, she overheard the Third Reich's plans while at her husband's side and understood more than anyone would guess. She devised a plan to flee in disguise from their castle, and the whirlwind escape landed her in Hollywood. She became Hedy Lamarr, screen star. But she kept a secret more shocking than her heritage or her marriage: she was a scientist. And she had an idea that might help the country fight the Nazis and revolutionize modern communication...if anyone would listen to her. A powerful book based on the incredible true story of the glamour icon and scientist, *The Only Woman in the Room* is a masterpiece that celebrates the many women in science that history has

overlooked. Other Bestselling Historical Fiction from Marie Benedict: The Mystery of Mrs. Christie Lady Clementine Carnegie's Maid The Other Einstein

Room Emma Donoghue,2023-04-06 In this deeply moving and life-affirming tale, a mother must nurture her five-year-old son through an unfathomable situation with only the power of their imagination and their boundless capacity to love. Written for the stage by Academy Award® nominee Emma Donoghue, this unique theatrical adaptation featuring songs and music by Kathryn Joseph and director Cora Bissett takes audiences on a richly emotional journey told through ingenious stagecraft,

powerhouse performances, and heart-stopping storytelling. Room reaffirms our belief in humanity and the astounding resilience of the human spirit. This updated and revised edition was published to coincide with the Broadway premiere in Spring 2023.
