Amber Alerts Amber C. K. Young, Linda E. Smith, 2013-01-31 Amber Alerts (also referred to as AMBER plans) were created to disseminate information about child abductions in a timely manner. Research has found that most abducted children murdered by their kidnappers are killed within three hours of the abduction. Prompt response to child abductions is therefore deemed critical by many. Amber Alert plans are voluntary partnerships including law enforcement agencies, highway departments, and companies that support emergency alerts. This book discusses best practices and program technology for Amber alerts. (Imprint: Novinka).

Amber Alert Patrick Logan, 2018-07-31 Thirty years ago, four children went missing from rural Tennessee. FBI Special Agent Chase Adams' sister was one of them. She's been searching for her ever since. Now, after more than three decades of silence, seven-year-old Stacy Peterson's bike is found at the end of her driveway. Only problem is, Stacy isn't riding it. When her abduction is linked to three other girls who vanished into thin air, Chase fears that this is the start of another kidnapping spree. It doesn't take long for her to be convinced that these cases are related, despite being separated by more than a quarter century. Except no one else thinks the way she does. And, given her past, local law enforcement is reluctant to believe her. Thirty years ago, Chase ran, leaving her sister behind. This time, she's determined to stick around and find out who's responsible for setting her life on such a destructive path. The problem is, Chase isn't the most stable FBI Agent in the Bureau. And when if she finds out what really happened to little four-year-old Georgina Adams, will her mind be able to handle the truth? More importantly, will her soul? Guide for Implementing Or Enhancing an Endangered Missing Advisory (EMA) Paul Murphy, 2011-06 There are some cases of missing children that do not meet the threshold for the issuance of an AMBER Alert. The same concern applies to missing persons older than 18, who fall outside AMBER Alert's purview. The EMA was crafted in 2005 to fill this gap. This report describes how a community can establish a task force to create an EMA plan, which creates voluntary partnerships to recover missing persons who do not fit the AMBER Alert criteria but who may be in danger. EMAs help law enforcement notify the general public that someone is missing and ultimately save lives. This guide provides directions for developing, activating, and sustaining an EMA plan and includes sample plans and press releases. A print on demand report.

Amber Alert Sara Schoen, 2014-11-25 **Mature Content Warning** Recommended for ages 17+ due to violence and sensitive subject matter. Anna was taken... Taken from her home to live out a sick game that a guy has been playing for the last ten years. With no certainty that anyone is looking for her, and seemingly hours away from home, she's forced to play housewife with a man that has had twelve other 'wives'. Each of them now dead... With 12 rules and the obvious exits blocked, from the previous girls attempts to flee. Is Anna's only way out to play along and become a 'loving wife'? Or will she die during the chase? Would anyone even know what happened to her? Or would she be labeled as a runaway? And where is she in the first place?

Amber Hagerman Pamela Lillian Valemont, 2016-01-18 One little nine year old girl, gone now for more than twenty years, her murderer still unknown and unfound, has been remembered better than most. Her name was Amber Rene Hagerman. Her memory stays uppermost in the minds of Americans, because her abduction and murder generated a revolution in the mode of police and media response to child abductions for the future. Amber was snatched from her bicycle while riding around and up and down a ramp located in the vicinity of the abandoned Winn-Dixie store on East Abram Street in Arlington, a suburb of Dallas Texas on January 13, 1996. Located nearby at 2525 East Abram Street, Arlington, is a huge General Motors Plant which at the time employed a large number of workers. The area is home to a large Hispanic population, some of whom were illegal immigrants in 1996. Quite a few of these illegal immigrants were in the Laundromat near to the site of the kidnapping, but none of these people have ever come forward as witnesses, though offered immunity if they do so.

Amber Alert Barbara Winkes, 2016-01-20 When her two-year-old niece is kidnapped, Major Crimes Detective Ann McCoy uses every bit of leverage she has with Agent Cal Davis to stay on the case. More children are missing. Their parents, like Ann's sister and her wife, are desperate for answers. While the investigators look at the disturbing possibilities, a pattern emerges. They find an organization hidden in plain sight that has no boundaries when it comes to pushing their agenda- even at the cost of harming families and children.

A Little Lynched Aleah Holland, 2013-08-15 When a Brooklyn, New York domestic violence judge that was supposed to protect Aleah and her children stole her toddler son and gave sole custody to a drug addicted, alcoholic, and abuser, Aleah did not know what to do. It is indescribable and something out of the 'Twilight Zone' what she went through. In 2011 Aleah was ordered into this domestic violence court to address the crimes being committed on her and her children by her scorned ex-boyfriend who she shared a son with. After being assaulted and battered by this drug addict with a history of beating women and children unbeknownst to Aleah. She thought she would finally be safe if she went through the domestic violence system, which she avoided for over 3 years. However, once court-ordered into the domestic violence system her life was turned upside-down. She thought the abuse would stop. Aleah thought the harassment would stop, she thought stalking would stop, she thought the assaults on her children would stop, however, things became a million times worse than any normal human-being that believe and trust the justice system could ever imagine, pure evil. The judge, her 3 year-old son's lawyer and New York City Administration for Children Services aka ACS teamed up with Aleah's abuser against her and her children. This seemed to be the common policy, practice, and crime manipulating law for millions of domestic violence victims enslaved in this system Aleah would soon discover. They treated her and her children abuser as if he was their coworker and stole her child away from her, threatened arrest and jail if she tried to contact her child. Aleah discovered over the last twenty years these Crime-Custody- Bait & Switch courts have been silencing women and stealing their children under the guise of protection, safety, and best interest of the child. It is estimated that over 2 million children have been abducted by court orders and removed from their loving, caring, safe mothers to a life sentence with a rapist, abusers, pedophile or sociopaths that these secret circus courts are REBRANDING as good dads and protecting them too. All across America, for kicks and lucrative kickbacks judges, lawyers, ACS, CPS, mental health professionals, and so many others are profiting and benefiting from this crime-manipulating industry that is intentionally allowing torture, torment, abuse, rapes, maltreatment, and gross-harmful negligence against mothers and their children in these fake family court and domestic violence court proceedings. I wanted to share my story and let mothers, victims, and children know, what is going on in these courts is pure evil, and there are good humans fighting for them. As Aleah continues to fall down the domestic violence-family court rabbit-hole more books will unfold. Aleas is working to help free children and mothers from this enslaving and vicious domestic violence system.

Amber Alert Best Practices U.s. Department of Justice,Office of Justice Programs,Office of Juvenile Justice and Delinquency Prevention,2012-07-13 The first few minutes and hours after a child has been abducted are critical to any search and rescue effort. They often can mean the difference between a happy reunion between parents and child and missed opportunities and regret. At these crucial moments, everyone involved in the search and rescue effort must understand how the entire process works and his or her role in the effort. This guide, which spells out roles and responsibilities and the progression of events in a well-coordinated AMBER Alert process, was created to support and improve national, state, regional, and local responses to child abductions. Over the past decade, as AMBER Alert has expanded into a nationwide program, we at the Office of Justice Programs and the Office of Juvenile Justice and Delinquency Prevention have worked hard to identify what works and how we can improve the process of issuing an alert and coordinating public input into the search. We have sought out the many AMBER Alert stakeholders for their expertise and insights into how to enhance the process. Our partners have told us a great deal about what works and what issues must be considered to develop an effective AMBER Alert plan. This publication encapsulates the knowledge and expertise that our partners have shared with us. It provides a general overview of each discipline's responsibilities when an AMBER Alert has been issued and recommends practices to improve the response to cases of missing or abducted children. We have made tremendous progress since 1996, when the first AMBER Alert plan was launched. However, as with any major initiative that brings together many agencies and organizations, we must remain vigilant and find ways to improve our understanding of how each stakeholder's role and responsibility fits into the overall collaboration. The stakes are high because the safety and welfare of our children are in the balance. This guide will help states and communities more effectively execute and coordinate their response when their children need them the most.

Amber Alerts ,2013 **Amber Alert** Lianetta Perelló,2020-12-01 Amber Alert más que una inspiración poética es un cúmulo de alivios, una salvación exhortativa que nos invoca a salir al rescate de creaturas caníbales, por que advierten con su amalgama mística una voz secreta, atemporal, sin el orden real que nos llevará a la vida eterna. Este escrito es el mensaje de la niña que le teme al monstruo del miedo y no quiere dejar su estado inocente y se desnuda o se pierde no necesariamente vencida sino irreverente y guerrera por vencer los obstáculos adquiridos en una sociedad tóxica, llena de reglas que no entiende y lo expresa en su poesía en forma de catarsis o crisis existencial.
