Along the Amber Route C. J. Schüler, 2020-02-27 'Timely and powerful.' Financial Times

Portable and expensive, amber has always been a desirable commodity. C.J. Schüler follows the historic Amber Route from St Petersburg to Venice through three millennia of history. Throughout his journey, current politics and his own family's experience of persecution and flight are never far from his mind. As he traces the greatest fault lines of European geopolitics and explores lands contested by Romans and Vandals, Teutons and Slavs, empires and the former Iron Curtain, Schüler must also confront his family history, Nazism and the Holocaust.

The Amber Road Charles River Editors, 2019-08-12 *Includes pictures *Includes ancient accounts *Includes a bibliography for further reading Pytheas says that the Gutones, a people of Germany, inhabit the shores of an estuary of the Ocean called Mentonomon, their territory extending a distance of six thousand stadia; that, at one day's sail from this territory, is the Isle of Abalus, upon the shores of which, amber is thrown up by the waves in spring, it being an excretion of the sea in a concrete form; as, also, that the inhabitants use this amber by way of fuel, and sell it to their neighbors, the Teutones... - Pliny the Elder The story of the Silk Road has been a popular topic amongst tourists, academics, economists, state parties, and daydreaming children for many centuries. In many ways the Silk Road can be seen everywhere, and it has existed for as long as people have traveled across Eurasia. Its impact is widely felt among the diverse peoples that live on the continent, through the unique regional art and architectural styles, as well as in countless films, books, academic studies, and organized tours devoted to the ancient trade routes. At the same time, however, the Silk Road is an entirely abstract invention, first coined by the 19th century German geographer Ferdinand von Richthofen. There has never existed a single route - let alone a road - that was used to transfer goods, nor was silk the primary commodity traded across Eurasia. Instead, the Silk Road is more a multi-layered narrative about the rise and fall of nomadic confederations and sedentary societies, the consolidation and dissolution of kingdoms and empires, the exchange of commodities and fine crafts, and the transfer and mixture of ideas, religions, technology, science, art, architecture, myths and legends. It is a story that is relevant for the present-day countries through which this exchange once took place, as they lay claim to the artifacts, heritage sites, and symbolic meaning of the Silk Road for political and economic purposes and to build their national identity. In fact, international trade in the ancient world was a more intricate and far-reaching system than many have been led to believe. The Silk Road and the Incense Trade Route have been heavily investigated in recent decades, but the Amber Road trade network dominating northern Europe has been given far less attention. Amber, the hardened sap of prehistoric trees, has washed up on Baltic shores for generations, and though it had little value to the locals beyond religious symbolism and aesthetic beauty, they learned that foreign civilizations would pay massive sums for the beautiful substance. Though written sources are scattered and tend to come and go depending on the civilization involved, much has been written by ancient authors, particularly of Greek and Roman origins. More importantly, archeologists have traced the spread of amber through the discovery of pieces with specific chemical construction, linking it back to the Baltic region. Once thought to have mainly been exported to Rome, Baltic amber has also been found in Mycenaean Greece, Egypt and Syria, though perhaps not surprisingly, it was Roman demand that formed the height of the amber exchange. Perhaps even more interesting than the movement of the amber is regarding shifting trade operations from government controlled systems to private merchant enterprises to monopolies of guilds and orders, a return to government control, and finally, the selling of the trade to individual countries. It is a fascinating microcosm of changing political and governmental landscapes through millennia of change and development in northern Europe and the wider ancient Mediterranean world. The Amber Road: The History and Legacy of the Ancient Trade Network that Moved Amber across Europe looks at the development of this crucial trade, and its impact on antiquity.

Roman Amphorae from the Amber Route in Western Pannonia Tamás Bezeczky, 1987 A study of the different types of amphorae found along the important Amber trade route in western Pannonia. It throws light on the history of the province, as well as the commercial connections of the Roman Empire.

TWENTY FOLK AND FAIRY TALES FROM THE AMBER ROAD Various, 2017-03-08 Since ancient times the Amber Road has been a trade route for the transfer of amber from coastal areas of the North Sea and the Baltic Sea to the Mediterranean Sea and ports beyond. We invite you to journey along the Amber Road from Russia through Latvia, Lithuania, Poland, Germany, the Czech Republic, Slovakia, Austria and Slovenia to Italy and sample twenty folk tales and stories to be found enroute. This book contains but a sliver of the rich tapestry that is European folklore. Herein you will find perennial favourites like BABA YAGA AND THE LITTLE GIRL WITH THE KIND HEART, THE FROG PRINCESS and THE PIED PIPER OF HAMELIN. Also included are less well known tales like THE AMBER WIZARD, THE GOLD AXE, MANNIKIN LONG BEARD, THE NIXY, VITAZKO THE VICTORIOUS, THE GLUNKEZER GIANT, BEAUTY AND THE HORNS and THE MYRTLE and many more. The PIED PIPER OF HAMELIN is supported by two poems by Robert Browning. The allegorical nature of this story is also brought to light. More than a few of these tales and stories have been collected and translated by Parker Fillmore who between 1907 and 1922 specialised in collecting and publishing eastern European folklore. Teamed with Czech born illustrator, Jan Matulka, no less than seventeen volumes of Czech, Slovakian, Moravian and Finnish folklore were produced. So, find a comfy chair, sit back and enjoy the twenty authentic stories in this unique volume.

Amber's Journey Elizabeth Clark, 2013-02 The story centres around a collie who lived with a family in a tenement building in a deprived area of a small rural town called Brentwood. The collie becomes overlooked within her human family and ultimately finds herself on the streets forced to fend for herself. She is picked up by the dog catchers and placed in an animal shelter where she waits for her human family to collect her but in vain. She eventually catches the eye of a retired nurse seeking a dog companion and is adopted by her. Her new found family has encountered grief through the premature and tragic death of two members of their family through a drink driving accident. The dog becomes a source of healing and comfort to the various members of the family including Kevin Beth's ten year old great nephew a hyperactive but socially inadequate youngster whose life the dog saves and the bond between boy and dog becomes inseparable. The dog has a part to play in all the lives of this family where hospital life and farm life plays a great part where hurt and woundedness is healed where faith turns tragedy into triumph. Beth's voluntary work in the hospital where she trained involves her faithful collie in serving in the cancer ward as a 'working' dog bringing charm and delight to severely ill children. Beth also comes under the magical spell of her four legged friend when she finds love in her later years.

Along the ancient amber route Mariusz Dmowski, 2017

Amber, Furs and Cockles Anne Mustoe, 2011-08-31 Myriad wonderful characters populate the pages of Anne Mustoe's fascinating book as she pedals along three very different, but equally evocative, roads - the Amber Route from the Baltic to the Adriatic, the Santa Fe Trail from the Missouri River to New Mexico and the Pilgrims' Way of St James from Le Puy to Santiago de Compostela. Battling against ferocious winds in Jutland, blizzards in the Rockies, traffic jams of cyclists along the Danube and menus in Czech, Hungarian and Basque, Mustoe survives with her usual fortitude and wry humour, even when she is knocked off her bike by a short-sighted nonagenarian in a Fiat Panda.

Trade before Civilization Johan Ling,Richard Chacon,Kristian Kristiansen,2022-09-15 Trade before Civilization explores the role that long-distance exchange played in the establishment and/or maintenance of social complexity, and its role in the transformation of societies from egalitarian to non-egalitarian. Bringing together research by an international and methodologically diverse team of scholars, it analyses the relationship between long-distance trade and the rise of inequality. The volume illustrates how elites used exotic prestige goods to enhance and maintain their elevated social positions in society. Global in scope, it offers case studies of early societies and sites in Europe, Asia, Oceania, North America, and Mesoamerica. Deploying a range of inter-disciplinary and cutting-edge theoretical approaches from a cross-cultural framework, the volume offers new insights and enhances our understanding of socio-political evolution. It will appeal to archaeologists, cultural anthropologists, conflict theorists, and ethnohistorians, as well as economists seeking to understand the nexus between imported luxury items and cultural evolution.

Immersed in West Africa: My Solo Journey Across Senegal, Mauritania, The Gambia, Guinea and Guinea Bissau (Full Color Version) Terry Lister,2019-08-16 It's Africa! Immersed in West Africa is NOT one of those cookie-cutter guide books. This is the powerful on-the-ground diary of one man's solo journey through West Africa. For roughly 60 days, Terry Lister traveled across Senegal, Mauritania, the Gambia, Guinea and Guinea Bissau. What he experienced touched both his spirit and his soul. The ups and downs of travel, the people, the transport, the weather, the food, the haggling...he welcomed it all.From harrowing experiences with border police, to day-long travel on crowded mini-buses, Lister's accounts of daily life shed light on the real side of Africa, and are sure to both entertain and educate you.Travel is the best educator and Lister shows us that while Africa is still the brunt of many jokes and misconceptions, it is more than worth the visit. If you are someone who's been a bit afraid to travel into Africa beyond the big tours, this book will inspire you to step out with courage and faith. While your experience will be your own, it is one guaranteed to inspire and motivate you to be the best version of yourself.So let's step into this adventure together!

A Matter of Days Amber Kizer,2016-05-10 "Gripping and poignant, A Matter of Days takes readers on a heart-stopping journey of love and survival." — New York Times bestselling author Carrie Jones Their new reality begins in just a matter of days. On Day 56 of the Blustar Pandemic, sixteen-year-old Nadia's mother dies, leaving Nadia to fend for herself and her younger brother, Rabbit. Both have been immunized against the virus, but they can't be protected from what comes next. Their father taught them to "be the cockroach"—to adapt to and survive whatever comes their way. And that's their mission. Facing a lawless world of destruction and deprivation, Nadia and Rabbit drive from Seattle to their grandfather's compound in West Virginia. The illness, fatigue, and hunger they endure along the way will all be worth it once they reach the compound. Unless no one is waiting for them . . . "Fans of Rick Yancey's The 5th Wave, S. D. Crockett's After the Snow, or Cormac McCarthy's adult novel The Road will find this a satisfying read." —SLJ "An exciting apocalyptic road trip." —Publishers Weekly

Danger Close Amber Smith,2017-08-22 A memoir of active combat by an elite female helicopter pilot stationed in Iraq and Afghanistan vividly describes her division's high-risk battles and the ways they were challenged to perform under extreme duress, sharing additional insights into her experiences as a woman in a male-dominated unit, --NoveList.

Foreword to the Past Endre Bojt r,1999-01-01 Introduces the reader to Baltic issues in general; recounts the history of the Baltic peoples relying on archaeological sources; provides an objective linguistic history and a description of the Baltic languages; and provides original and fresh insights into mythology in the ancient history of the Baltic peoples.

have tried to examine the future of BRI. There can be no economic and political development without the availability of modern infrastructure. In this context development of digital technology assumes importance. BRI is spread over land and the maritime zone. The two components are inter related. BRI should not be viewed only as a set of trade routes; it is much more than that. The economic corridors will create interdependence and promote cooperation. While BRI is envisaged as a system which could lead to peace and prosperity among states. However, there are some threats which cannot be ignored. Members of BRI will have to devise a strategy to meet future challenges without getting involved in wars.

Berenike and the Ancient Maritime Spice Route Steven E. Sidebotham, 2019-05-07 The legendary overland silk road was not the only way to reach Asia for ancient travelers from the Mediterranean. During the Roman Empire's heyday, equally important maritime routes reached from the Egyptian Red Sea across the Indian Ocean. The ancient city of Berenike, located approximately 500 miles south of today's Suez Canal, was a significant port among these conduits. In this book, Steven E. Sidebotham, the archaeologist who excavated Berenike, uncovers the role the city played in the regional, local, and "global" economies during the eight centuries of its existence. Sidebotham analyzes many of the artifacts, botanical and faunal remains, and hundreds of the texts he and his team found in excavations, providing a profoundly intimate glimpse of the people who lived, worked, and died in this emporium between the classical Mediterranean world and Asia.

Studies of Homeric Greece Bouzek, Jan, 2018-05-01 The volume brings a kind of companion to the subject of study of archaeology and history of Late Mycenaean to Geometric Greece and of the koine of Early Iron Age Geometric styles in Europe and Upper Eurasia, ca 1300-700 BC, in relation to their Near Eastern neighbours. The age around the so-called axial period of human history, of transition from Bronze to Iron Age, from the pre-philosophical to philosophical mind, from mythical level of human thought to logos, is discussed in the frame of combining several approaches into a synthetic picture revisiting the previous books and papers by the author, in an attempt to combine the witness of archaeological sources with the worlds of Homer and Hesiod, and the first private Phoenician and Greek merchant ventures. It surveys the birth of Greek autonomous city states, of its art and its free citizens. The book contains many maps and drawings illustrating the discussed subjects, black and white and colour photographs.
