American Notes for General Circulation Charles Dickens, 1842

American Notes Charles Dickens, 2017-12-13 This is not the republic of my imagination, Charles Dickens noted ruefully of his 1842 visit to the United States. His American Notes forms a stinging reproof of the country's embrace of slavery, its corrupt press and woeful sanitary conditions, and its citizens' offensive manners. Written with the author's customary observational powers and incisive wit, this volume offers a fascinating glimpse of 19th-century America. Dickens was not entirely hostile toward his hosts, and as a dedicated social reformer he took particular interest in whether American democracy constituted an advance over the class divisions of Victorian England. The author toured jails, hospitals, and courts of law, which he praised heartily. Traveling by steamship, coach, and rail, he visited New York, Philadelphia, Boston, and Washington, D. C., among other cities, and his utter astonishment at the natural grandeur of Niagara Falls marks a highlight of his travelogue. This trenchant satire of America and Americans is certain to delight both Dickens enthusiasts and history buffs.

American Notes (Annotated and Illustrated) Charles Dickens, 2018-01-08 *This Book is annotated (it contains a detailed biography of the author).

*An active Table of Contents has been added by the publisher for a better customer experience. *This book has been checked and corrected for spelling errors. American Notes for General Circulation is a travelogue by Charles Dickens detailing his trip to North America from January to June, 1842. Whilst there he acted as a critical observer of North American society, almost as if returning a status report on their progress. This can be compared to the style of his Pictures from Italy written four years later, where he wrote far more like a tourist. His American journey was also an inspiration for his novel Martin Chuzzlewit. Having arrived in Boston, he visited Lowell, New York, and Philadelphia, and travelled as far south as Richmond, as far west as St. Louis and as far north as Quebec. The American city he liked best was Boston - the air was so clear, the houses were so bright and gay. [...] The city is a beautiful one, and cannot fail, I should imagine, to impress all strangers very favourably. Further, it was close to the Perkins Institution and Massachusetts Asylum for the Blind where Dickens encountered Laura Bridgman, who impressed him greatly.

Notes on a Foreign Country Suzy Hansen, 2017-08-15 Winner of the Overseas Press Club of America's Cornelius Ryan Award • Finalist for the Pulitzer Prize in Nonfiction A New York Times Book Review Notable Book • Named a Best Book of the Year by New York Magazine and The Progressive A deeply honest and brave portrait of of an individual sensibility reckoning with her country's violent role in the world. —Hisham Matar, The New York Times Book Review In the wake of the September 11 attacks and the U.S.-led invasion of Iraq, Suzy Hansen, who grew up in an insular conservative town in New Jersey, was enjoying early success as a journalist for a high-profile New York newspaper. Increasingly, though, the disconnect between the chaos of world events and the response at home took on pressing urgency for her. Seeking to understand the Muslim world that had been reduced to scaremongering headlines, she moved to Istanbul. Hansen arrived in Istanbul with romantic ideas about a mythical city perched between East and West, and with a naïve sense of the Islamic world beyond. Over the course of her many years of living in Turkey and traveling in Greece, Egypt, Afghanistan, and Iran, she learned a great deal about these countries and their cultures and histories and politics. But the greatest, most unsettling surprise would be what she learned about her own country—and herself, an American abroad in the era of American decline. It would take leaving her home to discover what she came to think of as the two Americas: the country and its people, and the experience of American power around the world. She came to understand that anti-Americanism is not a violent pathology. It is, Hansen writes, “a broken heart . . . A one-hundred-year-old relationship.” Blending memoir, journalism, and history, and deeply attuned to the voices of those she met on her travels, *Notes on a Foreign Country* is a moving reflection on America's place in the world. It is a powerful journey of self-discovery and revelation—a profound reckoning with what it means to be American in a moment of grave national and global turmoil.

Class Notes Adolph Reed Jr., 2021-07-20 The classic and deeply prescient collection that explores the multifaceted nature of race, class, and identity in America, from one of our most insightful and iconoclastic intellectuals Hailed by Publishers Weekly for its “forceful” and “bracing opinions on race and politics,” *Class Notes* is a collection of critic Adolph Reed Jr.'s clearest thinking on matters of race, class, and other American dilemmas. With barbed wit, Reed takes aim against the solipsistic, individualistic approaches of identity politics, and in favor of class-based political interpretation and action. Reed leaves no topic untouched, from the myth that there exists a particular kind of “Black Anti-Semitism,” to the grift perpetuated by commentators who claim to speak for groups solely based on their identity categories. Adolph Reed Jr. remains one of our most controversial and necessary interpreters of American politics. These essays illustrate why Reed is “the smartest person of any race, class, or gender writing on race, class, and gender” (Katha Pollitt). *Class Notes* is a classic text that signposts a path for the Left—out of essentialist gridlock and into meaningful, goal-oriented mass politics.

These Truths: A History of the United States Jill Lepore, 2018-09-18 “Nothing short of a masterpiece.” —NPR Books A New York Times Bestseller and a Washington Post Notable Book of the Year In the most ambitious one-volume American history in decades, award-winning historian Jill Lepore offers a magisterial account of the origins and rise of a divided nation. Widely hailed for its “sweeping, sobering account of the American past” (New York Times Book Review), Jill Lepore's one-volume history of America places truth itself—a devotion to facts, proof, and evidence—at the center of the nation's history. The American experiment rests on three ideas—“these truths,” Jefferson called them—political equality, natural rights, and the sovereignty of the people. But has the nation, and democracy itself, delivered on that promise? *These Truths* tells this uniquely American story, beginning in 1492, asking whether the course of events over more than five centuries has proven the nation's truths, or belied them. To answer that question, Lepore wrestles with the state of American politics, the legacy of slavery, the persistence of inequality, and the nature of technological change. “A nation born in contradiction... will fight, forever, over the meaning of its history,” Lepore writes, but engaging in that struggle by studying the past is part of the work of citizenship. With *These Truths*, Lepore has produced a book that will shape our view of American history for decades to come.

American Notes Rudyard Kipling, 1991

American Notes for General Circulation Charles Dickens, 1892

Notes from Toyota-land Darius Mehri, 2005 Mehri documents the sophisticated culture of rules and organizational structure that combine to create a profound control over workers. The work group is cynically used to encourage employees to work harder and harder, he found, and his other discoveries confirmed his doubts about the working conditions under the Japanese Miracle. For example, he learned that male employees treated their female counterparts as short-term employees, cheap labor, and potential wives. Mehri also describes a surprisingly unhealthy work environment, a high rate of injuries due to inadequate training, fast line speeds, crowded factories, racism, and lack of team support. And in conversations with his colleagues, he uncovered a culture of intimidation, subservience, and vexed relationships with many aspects of their work and surroundings.

American Notes Редъярд Джозеф Киплинг, 2021-03-16

American Notes (Classic Reprint) Charles Dickens, 2018-01-16 Excerpt from American Notes My readers have opportunities of judging for themselves whether the influences and tendencies which I distrusted in America had, at that time, any, existence but in my imagination. They can examine for themselves whether there has been anything in the public career of that country since, at home or abroad, which suggests that those influences and tendencies really did exist. As they find the fact, they will judge me. If they discern any evidences of wrong-going, in any direction that I have indicated, they will acknowledge that I had reason in what I wrote. If they discern no such indications, they will consider me altogether mistaken - but not wilfully. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work,

preserving the original format whilst repairing imperfections present in the aged copy. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

American Notes for General Circulation. By: Charles Dickens, Illustrated By: C. (Clarkson Frederick) Stanfield (3 December 1793 - 18 May 1867). Charles Dickens,C. Stanfield,2017-12-03 American Notes for General Circulation is a travelogue by Charles Dickens detailing his trip to North America from January to June 1842. Whilst there he acted as a critical observer of North American society, almost as if returning a status report on their progress. This can be compared to the style of his Pictures from Italy written four years later, where he wrote far more like a tourist. His American journey was also an inspiration for his novel Martin Chuzzlewit. Having arrived in Boston, he visited Lowell, New York, and Philadelphia, and travelled as far south as Richmond, as far west as St. Louis and as far north as Quebec. The American city he liked best was Boston - the air was so clear, the houses were so bright and gay. [...] The city is a beautiful one, and cannot fail, I should imagine, to impress all strangers very favourably. Further, it was close to the Perkins Institution and Massachusetts Asylum for the Blind where Dickens encountered Laura Bridgman, who impressed him greatly.... Clarkson Frederick Stanfield RA (3 December 1793 - 18 May 1867) was a prominent English marine painter; he is often though inaccurately called William Clarkson Stanfield..... Charles John Huffam Dickens (7 February 1812 - 9 June 1870) was an English writer and social critic. He created some of the world's best-known fictional characters and is regarded by many as the greatest novelist of the Victorian era. His works enjoyed unprecedented popularity during his lifetime, and by the 20th century critics and scholars had recognised him as a literary genius. His novels and short stories enjoy lasting popularity. Born in Portsmouth, Dickens left school to work in a factory when his father was incarcerated in a debtors' prison. Despite his lack of formal education, he edited a weekly journal for 20 years, wrote 15 novels, five novellas, hundreds of short stories and non-fiction articles, lectured and performed extensively, was an indefatigable letter writer, and campaigned vigorously for children's rights, education, and other social reforms. Dickens's literary success began with the 1836 serial publication of The Pickwick Papers. Within a few years he had become an international literary celebrity, famous for his humour, satire, and keen observation of character and society. His novels, most published in monthly or weekly installments, pioneered the serial publication of narrative fiction, which became the dominant Victorian mode for novel publication. The instalment format allowed Dickens to evaluate his audience's reaction, and he often modified his plot and character development based on such feedback. For example, when his wife's chiropodist expressed distress at the way Miss Mowcher in David Copperfield seemed to reflect her disabilities, Dickens improved the character with positive features. His plots were carefully constructed, and he often wove elements from topical events into his narratives. Masses of the illiterate poor chipped in ha'pennies to have each new monthly episode read to them, opening up and inspiring a new class of readers.Dickens was regarded as the literary colossus of his age. His 1843 novella, A Christmas Carol, remains popular and continues to inspire adaptations in every artistic genre. Oliver Twist and Great Expectations are also frequently adapted, and, like many of his novels, evoke images of early Victorian London. His 1859 novel, A Tale of Two Cities, set in London and Paris, is his best-known work of historical fiction. Dickens has been praised by fellow writers-from Leo Tolstoy to George Orwell and G. K. Chesterton-for his realism, comedy, prose style, unique characterisations, and social criticism. On the other hand, Oscar Wilde, Henry James, and Virginia Woolf complained of a lack of psychological depth, loose writing, and a vein of saccharine sentimentalism.

American Notes ,1900

The Age of American Unreason Susan Jacoby,2009-02-01 A scathing indictment of American modern-day culture examines the current disdain for logic and evidence fostered by the mass media, religious fundamentalism, poor public education, a lack of fair-minded intellectuals, and a lazy, credulous public, condemning our addiction to infotainment, from TV to the Web, and assessing its repercussions for the country as a whole. Reprint. 75,000 first printing.
