

American Presidents

Kathryn Moore

"To the Best of My Ability" James M. McPherson, David Rubel, 2000 In this illustrated volume, edited by Pulitzer Prize-winner James M. McPherson, you will learn from Gordon S.

The Complete Book of US Presidents, Fourth Edition Bill Yenne, 2021-03-02 Discover the history and personal stories of 46 US Presidents in this beautifully illustrated volume. From the first president, George Washington, to the forty-sixth, Joe Biden, the United States has seen a host of extraordinary men take office. Their stories are all included in this fourth edition of The Complete Book of US Presidents by journalist and historian Bill Yenne. This book features short, biographical essays about the lives of 46 presidents, jam-packed with unusual details and commentary on the significant roles each commander-in-chief played in the shaping of the United States and its relations with the world. Lavishly illustrated, including the presidents' official White House portraits, sidebars about each and every vice president and first lady, and intriguing anecdotes, this book is accessible to a broad audience and will captivate any history lover. The Complete Book of US Presidents is an expansive collection that reflects on America's rich presidential history, telling the story of a nation through the biographies of some of its greatest political leaders.

Don't Know Much About® the American Presidents Kenneth C. Davis, 2012-09-18 Which president broke the law to prevent enslaved people from being freed? Who said, When the president does it, that means it's not illegal? Why does America have a president? From the heated debates among the framers of the Constitution in 1787 over an elected king, to the creation of the presidency, and on through rich profiles of each man who has held the office, New York Times bestselling author Kenneth C. Davis takes readers on a guided tour of American history. Examining each chief executive, from the low lights to the bright lights, the memorable to the forgettable and

the forgotten, Davis tells all the stories, offering rich anecdotes about real people. He also charts the history of the presidency itself, debunking myths and grading the presidents from A+ to F. For history buffs and history-phobes alike, this entertaining book may change your understanding of the highest office in the land throughout more than two hundred years of history.

American Presidents and the Middle East George Lenczowski,1990 This is a study of the role the presidents of the United States have played in the formulation of a American policies toward the Middle East, a region of key strategic importance abounding in complex international conflicts and revolutionary changes.

The Presidents Henry Franklin Graff,1997 A collection of biographies of American presidents from George Washington to Bill Clinton.

The New Big Book of U.S. Presidents Running Press,2017-01-03 The New Big Book of U.S. Presidents is the perfect introduction for young readers to learn the lives and times of America's 45 most influential leaders. Readers can learn about our new president and relive the course of American history through digestible information about each president's term in office and the major political issues of each era, as well as through detailed timelines and historical photographs and illustrations throughout. Quick-reference sidebars provide brief summaries of the major events and important people who emerged during each presidential term. This engaging and enlightening book will be a favorite among children studying U.S. history and who crave fun facts that cannot be found in textbooks!

The American Presidents in 100 Facts Jem Duducu,2016-10-15 Introduces us to the famous, the infamous, the unknown and the occasionally unfortunate men who have led a country from its early years as a colony fighting for independence, through to it becoming the most powerful nation in the

world.

American Presidents - A Curious Look at a Unique Cohort V.S. Dharmakumar, 2019-09-05 Believe it or not, an American president was arrested for running over a woman with his horse. He was not the only one to be arrested (two more were). George Washington preferred fox hunting with his dogs than going to church. Young Abraham Lincoln fell into a deep ditch and was saved by his dog. And after he was assassinated, his dog 'Fido' also was assassinated. Who was the President who worked as a bartender? And the one who once officially served as an executioner? The President of the United States is considered one of the world's most powerful people, leading the world's only current superpower. His role includes being the commander-in-chief of the world's most expensive military with the largest nuclear arsenal with the nuclear button on his desk. This book is the result of over a decade of research and writing. It is a comprehensive compendium - a single-volume book, about the 44 men the entire world looked upon as the most powerful men in the world. 44 men who formed the 45 presidencies of the United States of America through 58 quadrennial presidential elections in the 230 years from 1789. This book covers the presidency of the successful liquor distributor and owner of a distillery George Washington, to the presidency of Donald Trump, the oldest, wealthiest man without any prior military or government service experience to ever assume the presidency.

American Presidents Robert P. Watson, Richard Yon, 2006 Presents the life of each American president, discussing the historical background of their time period, the accomplishments of their administration, and its impact on subsequent historical events.

Where They Stand Robert W. Merry, 2012-06-26 The author of the acclaimed biography of President James Polk, *A Country of Vast Designs*, offers a fresh, playful, and challenging way of

playing "Rating the Presidents," by pitching historians' views and subsequent experts' polls against the judgment and votes of the presidents' own contemporaries. Merry posits that presidents rise and fall based on performance, as judged by the electorate. Thus, he explores the presidency by comparing the judgments of historians with how the voters saw things. Was the president reelected? If so, did his party hold office in the next election? Where They Stand examines the chief executives Merry calls "Men of Destiny," those who set the country toward new directions. There are six of them, including the three nearly always at the top of all academic polls—Lincoln, Washington, and FDR. He describes the "Split-Decision Presidents" (including Wilson and Nixon)—successful in their first terms and reelected; less successful in their second terms and succeeded by the opposition party. He describes the "Near Greats" (Jefferson, Jackson, Polk, TR, Truman), the "War Presidents" (Madison, McKinley, Lyndon Johnson), the flat-out failures (Buchanan, Pierce), and those whose standing has fluctuated (Grant, Cleveland, Eisenhower). This voyage through our history provides a probing and provocative analysis of how presidential politics works and how the country sets its course. Where They Stand invites readers to pitch their opinions against the voters of old, the historians, the pollsters—and against the author himself. In this year of raucous presidential politics, Where They Stand will provide a context for the unfolding campaign drama.

American Presidents Year by Year Julie Nelson, 2015-03-10 This fascinating multi-volume set illuminates the panorama of American history through the personal and professional stories of the nation's presidents. Arranged chronologically, and covering George Washington to George W. Bush, it juxtaposes the lives of each year's current, former, and future living presidents against each other and the historical backdrop of their times. Each chapter opens with a summary of the year and describes the major issues and events the incumbent president faced. Separate sections within each

chapter - Former Presidents and Future Presidents - detail important developments in the lives of past and future presidents month by month during that same year, highlighting political, social, and personal decisions that helped shape the course of American history.

The American Presidents, Washington to Tyler Robert A. Nowlan, 2014-01-10 As of 2012, only 43 men have held the office of the President of the United States. Some have been sanctified and some reviled. This historical work addresses the careers of the first ten presidents, men who made vital contributions not only to the office of the presidency, but to the course of the fledgling nation. From Washington through Tyler, every term is recounted in detail and each presidential profile provides as many as a hundred quotations (with full source notes) by the president, his friends, family, historians, and others. Each profile ends with an extensive bibliography of books about the president, his principles and policies, and also provides suggestion for further reading. Rigorously nonpartisan in approach, this detail-rich text describes the early years of what may well be one of the most demanding jobs in the world.

Presidents Fact Book Revised and Updated! Roger Matuz, 2017-01-03 The Presidents Fact Book is a compendium of all things presidential and a sweeping survey of American history through the biography of every president from George Washington to Donald Trump. Organized chronologically by president, each entry covers the major accomplishments and events of the presidential term; cabinet members, election results, groundbreaking legislation, and Supreme Court appointments; personality and personal habits; career before the presidency; a behind-the-scenes look at the wives, families, friends, and foes; and much more, including hobbies, odd behaviors, and outlandish penchants. Major primary documents from each administration -- from the Bill of Rights to Barack Obama's speech on race in America -- provide a glimpse into the crucial

moments of America's storied past in the words of those who led the nation. Perfect for students, history buffs, and political junkies, The President's Fact Book is at once an expansive collage of our nation's 45 individual presidents and a comprehensive view of American history.

Grover Cleveland Henry F. Graff, 2002-08-20 A fresh look at the only president to serve nonconsecutive terms. Though often overlooked, Grover Cleveland was a significant figure in American presidential history. Having run for President three times and gaining the popular vote majority each time -- despite losing the electoral college in 1892 -- Cleveland was unique in the line of nineteenth-century Chief Executives. In this book, presidential historian Henry F. Graff revives Cleveland's fame, explaining how he fought to restore stature to the office in the wake of several weak administrations. Within these pages are the elements of a rags-to-riches story as well as an account of the political world that created American leaders before the advent of modern media.

Warren G. Harding John W. Dean, 2004-01-07 In this wise and compelling biography, Dean--no stranger to controversy himself--recovers the truths and explodes the myths surrounding the 29th president's tarnished legacy.

Our American Presidents Joan Bumann, John Patterson, 1997-08 Highlights the achievements, in and out of office, of the presidents and gives interesting facts about their families.

American Presidents and the Presidency Marcus Cunliffe, 1969

Theodore Roosevelt Louis Auchincloss, 2013-11-12 An intimate portrait of the first president of the 20th century The American century opened with the election of that quintessentially American adventurer, Theodore Roosevelt. Louis Auchincloss's warm and knowing biography introduces us to the man behind the many myths of Theodore Roosevelt. From his early involvement in the politics of New York City and then New York State, we trace his celebrated military career and finally his

ascent to the national political stage. Caricatured through history as the bull moose, Roosevelt was in fact a man of extraordinary discipline whose refined and literate tastes actually helped spawn his fascination with the rough-and-ready worlds of war and wilderness. Bringing all his novelist's skills to the task, Auchincloss briskly recounts the significant contributions of Roosevelt's career and administration. This biography is as thorough as it is readable, as clear-eyed as it is touching and personal.

The American President Kathryn Moore, 2018-09-04 A thorough and authoritative single-volume reference to the American presidency, from George Washington to Donald Trump. In *The American President: A Complete History*, historian Kathryn Moore presents a riveting narrative of each president's experiences in and out of office, along with illuminating facts and statistics about each administration, timelines of national and world events, astonishing trivia, and more. Together, these details create a complex and nuanced portrait of the American presidency, from the nation's infancy to Donald Trump's first year in office.

The Presidents Stephen Graubard, 2009-05-07 In this magisterial examination of the Presidency over the course of the 20th Century, the author explores the history of the world's greatest elective office and the role each incumbent has played in changing the scope of its powers. Using individual presidential portraits of each of the presidents of the past century Graubard asks, and answers, a wide variety of crucial questions about each President. What intellectual, social and political assets did they bring to the White House, and how quickly did they deplete or mortgage that capital? How well did they cope with crises, foreign and domestic? How much attention did they pay to their election pledges after they were elected? How did they use the media, old and new? Above all, how did they conduct themselves in office and what legacy did they leave to their successors? Graubard

provides original analysis in each case, and reaches many surprising conclusions.

American Presidents: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the captivating narratives that have enthralled audiences this year. American Presidents : Colleen Hoovers "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. American Presidents : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by

Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and thrilling novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
