*Anarchy* Tate James, 2021-12-14 *Anarchy* is the SECOND in a new Shadow Grove series. Several characters cross over to the Madison Kate series but it is not necessary to read MK's story first. *HADES* is a contemporary new adult reverse harem series, which means the leading lady has several love interests and never has to choose in order to find her HEA. ♦♦♦ Five years ago, I made a choice that I haven't regretted a day since. I protected the single most important person in my world, my little sister. I protected myself, and I seized control of the Tri-state Timberwolves. Since then, I've wielded that power with an iron fist. Done whatever it took to take care of my people. Kept us out of the public eye, and kept us safe. Now a ghost from my past is threatening my position. Challenging me. Peddling their poison and breaking my rules. Stabbing at me in the dark. Blowing up my fucking club. But this last attack has taken it one step too far. They have no idea the lengths I'll go to protect what is mine. And Lucas? He's mine. They want anarchy? They haven't seen anything yet. ♦♦♦ *Anarchy* is book TWO of FOUR in the Hades series.

*A Libertarian Walks Into a Bear* Matthew Hongoltz-Hetling, 2020-09-15 A tiny American town's plans for radical self-government overlooked one hairy detail: no one told the bears. Once upon a time, a group of libertarians got together and hatched the Free Town Project, a plan to take over an American town and completely eliminate its government. In 2004, they set their sights on Grafton, NH, a barely populated settlement with one paved road. When they descended on Grafton, public funding for pretty much everything shrank: the fire department, the library, the schoolhouse. State and federal laws became meek suggestions, scarcely heard in the town's thick wilderness. The

anything-goes atmosphere soon caught the attention of Grafton's neighbors: the bears. Freedom-loving citizens ignored hunting laws and regulations on food disposal. They built a tent city in an effort to get off the grid. The bears smelled food and opportunity. A Libertarian Walks Into a Bear is the sometimes funny, sometimes terrifying tale of what happens when a government disappears into the woods. Complete with gunplay, adventure, and backstabbing politicians, this is the ultimate story of a quintessential American experiment -- to live free or die, perhaps from a bear.

*The autonomous life?* Nazima Kadir, 2016-06-07 This electronic version has been made available under a Creative Commons (BY-NC-SA) open access license. The Autonomous Life? is an ethnography of the squatters' movement in Amsterdam written by an anthropologist who lived and worked in a squatters' community for over three years. During that time she resided as a squatter in four different houses, worked on two successful anti-gentrification campaigns, was evicted from two houses and jailed once. With this unique perspective, Kadir systematically examines the contradiction between what people say and what they practice in a highly ideological radical left community. The

squatters' movement defines itself primarily as anti-hierarchical and anti-authoritarian, and yet is perpetually plagued by the contradiction between this public disavowal and the maintenance of hierarchy and authority within the movement. This study analyses how this contradiction is then reproduced in different micro-social interactions, examining the methods by which people negotiate minute details of their daily lives as squatter activists in the face of a fun house mirror of ideological expectations reflecting values from within the squatter community, that, in turn, often refract mainstream, middle-class norms. Using a unique critical perspective informed by gender and subaltern studies, this study contributes to social movements literature through a meticulous analysis of the production of power and hierarchy in a social movement subculture.

*The Dawn of Everything* David Graeber, David Wengrow, 2021-11-09 INSTANT NEW YORK TIMES BESTSELLER A dramatically new understanding of human history, challenging our most fundamental assumptions about social evolution—from the development of agriculture and cities to the origins of the state, democracy, and inequality—and revealing new possibilities for human emancipation. For generations, our remote ancestors have been cast as primitive and childlike—either free and equal innocents, or thuggish and warlike. Civilization, we are told, could be achieved only by sacrificing those original freedoms or, alternatively, by taming our baser instincts. David Graeber and David Wengrow show how such theories first emerged in the eighteenth century as a conservative reaction to powerful critiques of European society posed by Indigenous observers and intellectuals. Revisiting this encounter has startling implications for how we make sense of human history today, including the origins of farming, property,

cities, democracy, slavery, and civilization itself. Drawing on pathbreaking research in archaeology and anthropology, the authors show how history becomes a far more interesting place once we learn to throw off our conceptual shackles and perceive what's really there. If humans did not spend 95 percent of their evolutionary past in tiny bands of hunter-gatherers, what were they doing all that time? If agriculture, and cities, did not mean a plunge into hierarchy and domination, then what kinds of social and economic organization did they lead to? The answers are often unexpected, and suggest that the course of human history may be less set in stone, and more full of playful, hopeful possibilities, than we tend to assume. *The Dawn of Everything* fundamentally transforms our understanding of the human past and offers a path toward imagining new forms of freedom, new ways of organizing society. This is a monumental book of formidable intellectual range, animated by curiosity, moral vision, and a faith in the power of direct action. Includes Black-and-White Illustrations

the uncompromising attack against civilization, technology, the Left that Green Anarchy provided shaped into a weapon for the next generation of anti-civilization anarchists.

**7th Circle** Tate James, 2021-12-14 7th Circle is the first of a new series set in Shadow Grove. Several characters cross over to the Madison Kate series but it is not necessary to read MK's story first. HADES is a contemporary new adult reverse harem series, which means the leading lady has several love interests and never has to choose in order to find her HEA. ♥♥♥ Five years ago, I masterminded the infamous massacre of the Tri-state Timberwolves. The streets outside the Wolves HQ ran red with the blood of the old guard, and not one of those members loyal to my father were spared mercy. Not a single one. I let the media twist and distort the story. My new recruits eagerly proved themselves in spreading false news, in covering our tracks. To the general public, the Tri-State Timberwolves were extinct. But that couldn't have been further from the truth. We changed, we grew, we evolved and came out stronger than ever. Now, I live, eat, sleep and breathe Timberwolves. I'll do anything to keep my empire safe and thriving. To keep the people depending on me safe. So, what do I do, when it's my own weakness that places us all in danger? When I let sex cloud my judgment, and my people pay the price? Simple. Kill the distractions. I'm called Hades for a reason, after all. ♥♥♥ 7th Circle is book ONE of FOUR.

*Technological Slavery (Large Print 16pt)* Theodore J. Kaczynski, David Skrbina, 2011-02 Theodore Kaczynski saw violent collapse as the only way to bring down the techno-industrial system, and in more than a decade of mail bomb terror he killed three people

and injured 23 others. One does not need to support the actions that landed Kaczynski in supermax prison to see the value of his essays disabusing the notion of heroic technology while revealing the manner in which it is destroying the planet. For the first time, readers will have an uncensored personal account of his anti-technology philosophy, including a corrected version of the notorious "Unabomber Manifesto," Kaczynski's critique of anarcho-primitivism, and essays regarding "the Coming Revolution."

*The New Utopian Politics of Ursula K. Le Guin's The Dispossessed* Laurence Davis, Peter Stillman, 2005-11-22 *The Dispossessed* has been described by political thinker Andre Gorz as 'The most striking description I know of the seductions—and snares—of self-managed communist or, in other words, anarchist society.' To date, however, the radical social, cultural, and political ramifications of Le Guin's multiple award-winning novel remain woefully under explored. Editors Laurence Davis and Peter Stillman right this state of affairs in the first ever collection of original essays devoted to Le Guin's novel. Among the topics covered in this wide-ranging, international and interdisciplinary collection are the anarchist, ecological, post-consumerist, temporal, revolutionary, and open-ended utopian politics of *The Dispossessed*. The book concludes with an essay by Le Guin written specially for this volume, in which she reassesses the novel in light of the development of her own thinking over the past 30 years.

**Anarchism in Korea** Dongyoun Hwang, 2016-09-30 A regional and transnational history of anarchism in Korea. This book provides a history of anarchism in Korea and

challenges conventional views of Korean anarchism as merely part of nationalist ideology, situating the study within a wider East Asian regional context. Dongyoun Hwang demonstrates that although the anarchist movement in Korea began as part of its struggle for independence from Japan, connections with anarchists and ideas from China and Japan gave the movement a regional and transnational dimension that transcended its initial nationalistic scope. Following the movement after 1945, Hwang shows how anarchism in Korea was deradicalized and evolved into an idea for both social revolution and alternative national development, with emphasis on organizing and educating peasants and developing rural villages. Dongyoun Hwang is Professor of Asian Studies at Soka University of America.
