Oswaal Editorial Board

The Girl in the Basement Ray Garton, 2022-07-31 A terrifying tale from a Bram Stoker Award-nominated author who “has consistently created some of the best horror ever set to print” (Cemetery Dance). Foster care is like Russian roulette, says fifteen-year-old Ryan Kettering, who’s spent most of his young life in largely abusive homes. Sometimes the hammer clicks and you’re fine. Sometimes it’s a bullet to the brain. This time it seems the hammer has clicked. Living with the Prestons in a rambling two-story house in Shasta County, the chores are split between Ryan and five other foster kids. Not counting nine-year-old Maddy. Not much is expected of her. She stays in the basement. The other children don’t know much about Maddy. But what they do know, they don’t like. She’s just not right. She speaks in a strange, gravelly adult voice. Maybe Ryan can make a difference. Spend time with her. Get acquainted. He understands what it means to be lonely. That’s when he decides to do what no other child in the house dares: Ryan’s going down to the basement. From the author of *Live Girls* and *The Loveliest Dead*, a recipient of the World Horror Convention’s Grand Master Award, this is a chilling story of supernatural terror.

The Secret History of Mac Gaming Richard Moss, 2018-03-22 The Macintosh challenged games to be more than child’s play and

quick reflexes. It made human-computer interaction friendly, inviting, and intuitive. Mac gaming led to much that is now taken for granted by PC gamers and spawned some of the biggest franchises in video game history. It allowed anyone to create games and playful software with ease, and gave indie developers a home for their products. It welcomed strange ideas and encouraged experimentation. It fostered passionate and creative communities who inspired and challenged developers to do better and to follow the Mac mantra 'think different'. Drawing on archive material and interviews with key figures from the era - and featuring new material from Craig Fryar, Apple's first Mac games evangelist and the co-creator of hit game Spectre - *The Secret History of Mac Gaming* is the story of those communities and the game developers who survived and thrived in an ecosystem that was serially ignored by the outside world. It's a book about people who followed their hearts first and market trends second, showing how clever, quirky, and downright wonderful video games could be.

Before and even during the Philadelphia Flyers' tenure, other teams--the Ramblers, the Quakers and the Firebirds, among others--called the city home, for better or for worse. The first of its kind, this comprehensive history covers the teams and players that graced the ice from the turn of the 20th century through the 2009 demise of the Philadelphia Phantoms. Offering something for every Philly hockey fan, the author tells the stories of the 10 pro teams that played the world's fastest game in the City of Brotherly Love.

CiNCINNATI HOCKEY and ITS HISTORY! Jerry Dowling, 2021-09-15

Ethan Marcus Makes His Mark Michele Weber Hurwitz, 2019-11-26 “A thoughtful next step for readers of Andrew Clements.” —BCCB (about Ethan Marcus Stands Up) Ethan and Erin go to Tech Camp and try to win a chance to “make” a difference in classrooms everywhere in this hilarious follow-up to Ethan Marcus Stands Up. Ethan and Erin Marcus may only be eleven months apart age-wise, but they are a million miles apart in every other respect. Ethan’s laid back and takes things in stride. Erin’s a little more...intense and doesn’t really like to go with the flow. So when these two polar opposites are both invited to attend a prestigious invention/maker camp during winter break it seems almost impossible. Even though Erin and Ethan have reached a kind of truce, Erin thinks that his invitation to the camp was a mistake. And for that reason, Ethan decides to go. He has something to prove to everyone—but mostly to himself—and he’s convinced that his desk-evator idea has great potential...if he can do it right. But the Marcus siblings are going to have to find new partners. This is especially important to Erin whose rival, Romanov, is also attending the camp. Erin’s never forgiven him for his comment about “girls” having no place in

science. She's determined to beat him. But then she overhears someone talking about Romanov's project, and decides that she'll never be able to compete with his game-changing invention. So, what now? What if the Marcus siblings combine their ideas, their brains, and their teams, and make something spectacular? With only one day left, can Erin and Ethan actually create a workable model of their idea, and is it enough to win?

Tribes: An International Hockey History Darril Fosty, George Robert Fosty, 2020-07-30 For much of the nineteenth century European militarists had channeled their spirit and energy into sports in hopes of creating a training ground for warriors. This new concept and logic fed upon the ideas of racial purity and

warrior cults. It was a belief system well in keeping with the imperialism of the times. In the 1890s this form of ideology and practice reached new levels as athletes began to compete under the banners of nations. Following WWI, and as a result of the worldwide growth and popularity of the Olympics, the game of ice hockey took on a more complex form as teams representing countries began to compete in international play. Cultural differences, political ideologies, and blind nationalism supplanted sportsmanship. Pride and emotion replaced reason. From North America to Nazi Germany, and on to the gates of Moscow, what were designed to be hockey games of goodwill became battles. The Great War was over; the longest undeclared war of nations was about to begin. The follow-up to the best selling book 'Black Ice: The Lost History of the Colored Hockey League of the Maritimes, 1895-1925'

Minor in Name Only Mike Kane, 1994 When Ned Harkness enthusiastically predicted that Glens Falls, New York, would become the 'Green Bay of Hockey', even his most ardent supporters had to wonder whether his hyperbole had any limits. Adirondack teams have won four Calder Cup playoff titles and have been a finishing school for dozens of NHL players, coaches, and executives, including Boston Bruin Adam Oates, NY Ranger Adam Graves, Chicago Blackhawk Joe Murphy, Detroit's Bob Probert, Tim Cheveldae of Winnipeg, former Montreal Canadien star Peter Mahovlich, New York Rangers president and general manager Neil Smith, and Los Angeles Kings coach Barry Melrose.

Sound on Sound Christopher Sorrentino, 1995 A re-telling of a rock-and-roll concert from several points of view, much like a song is re-recorded with overdubs. A study of our media-generated culture and the cynical business of creating myths and hype. A first novel.

Just Do This One Thing for Me Laura

Zimmermann,2023-08-22 Hilarious, heartbreaking, and sneaky suspenseful, Just Do This One Thing for Me is a timely novel about a rule-following daughter trying to hold her family together after her scammer mother disappears. "Just do this one thing for me." Drew's mother says it more often than good morning. Heidi Hill has been juggling shady side hustles for all of Drew's seventeen years, and Drew knows that "one thing" really means all the necessary things her mother thinks are boring, including taking care of her fifteen-year-old sister and eight-year-old brother. In fact, Drew is the closest thing to a responsible adult they've ever known. When their mother disappears on the way to a New Year's Eve concert in Mexico and her schemes start unraveling, Drew is faced with a choice: Follow the rules, do the responsible thing, and walk away--alone--from her mother's mess. Or hope the weather stays cold, keep the cons going, and just maybe hold her family together.

Heathen Girls Luanne Jones, 2012-10-15 No better than a pack of heathens. That's what their grandmother called Charma Deane, Bess and Minnie, three cousins growing up in rural Orla, Arkansas. To them, nothing could be better than being a heathen girl. But when life gets complicated, even the wildest girls grow up. Charma Deane learns that lesson the hard way when Bess steals her fiancé, fails to tell her about her mother's death and then threatens to evict their aunts from their family home. Now, years after leaving the Aunt Farm behind, Charma Deane's back to make peace with the past and repair the strained ties with Bess. Together again, the three heathen girls face their demons and remind each other of their old vow: live without limits, love without question, laugh without apologies and make sure that whoever dies first won't be sent to heaven looking like hell.
