Aliens, Gods and Human Civilizations Antariksh, Ancient humans created many incredible things that could not have been possible with their not-so-advance technology. These amazing structures and things make us believe that gods might have helped humans to build them. Who are gods? Where did they come from? These questions are answered by different religions. All religions state that gods came from heaven, but a question – Where is heaven and is it a planet? – arises from this statement. This book tries to answer this question with evidence of aliens in different civilization, close encounters of aliens with humans and alien technology.

Ancient Aliens Philip Coppens,2014-12-15 Ancient civilizations generated many innovations that are difficult to explain, such as the remarkable mathematical accuracy of the pyramids of Giza, the man-made fertile soil of the Amazon known as terra preta, and massive stone monuments too heavy to move in Peru and Lebanon, among other places. Given that modern science cannot explain these mysterious phenomena, one theory holds that ancient aliens were responsible for them. This volume examines the credibility of various paranormal hypotheses, giving readers the opportunity to explore the greatest puzzles of antiquity.

Ancient Aliens Exposed Vernon Macondald,2014-06-24 Ancient Aliens Exposed! A Skeptical Look At The TV Phenomenon Or otherwise titled A Critical Look at Ancient Aliens and other Galactic Bunk Ancient Aliens is an American television program that premiered on the so-called History Channel on April 20, 2010. The show supports the ancient astronaut theory, which believes that many historical texts, archeological sites and legends contain evidence of past alien contact. Ancient Aliens Exposed takes a skeptical look at some of the main claims made by this show and finds them wanting. If you or anyone you know has ever been taken in by the sheer hokum of this series, consider this little book the antidote.

A Critical Companion to Ancient Aliens Seasons 3 and 4: Unauthorized Jason Colavito,

Ancient Alien Ancestors Will Hart,2017-07-18 Explores evidence for the theory of directed panspermia--that life on Earth and the landscape of Earth itself was engineered by extraterrestrials •

Details how the Earth was terraformed through a sophisticated geo-engineering program, providing clear examples such as the precise mathematical longitude configurations of the Great Pyramid of Giza with the major rivers on Earth • Shows how our spectrum of blood types supports the theory of panspermia while directly contradicting the conventional “out of Africa” theory of evolution • Examines the strongest modern UFO accounts, including the Russian Roswell case, as well as the suppressed UFO sightings of NASA astronauts In the early 1970s, Nobel Prize-winning DNA co-discoverer Sir Francis Crick and his colleague Leslie Orgel proposed that in the distant past, an extraterrestrial race sent a spacecraft loaded with microorganisms to seed the Earth with life. Now, more than 40 years later, the fields of space research and biotechnology have advanced to the point where they can back up Crick and Orgel’s claims about our ancient alien ancestors. Sharing scientific evidence of alien involvement with life on our planet and with the very landscape of Earth itself, Will Hart refines the theory of directed panspermia--that life was intentionally seeded on Earth by extraterrestrials--to reveal that the same ET agency also created humans and generated civilization. He shows how the Earth was terraformed through an engineering program so sophisticated and vast that it has escaped our attention so far--for example, the major rivers on Earth are precisely aligned through geo-engineering with the Great Pyramid of Giza. Revealing the Great Pyramid as an alien message in stone, the author explains how the Giza pyramids could not have been built by the ancient Egyptians and examines the extraterrestrial energy technologies used to move the pyramids’ massive stone blocks, methods later rediscovered by Nikola Tesla and the builder of Coral Castle, Edward Leedskalnin. He details how an advanced race implanted the basic genome on Earth as well as genetically engineered the human race and shows how our spectrum of blood types supports the theory of panspermia while directly contradicting the conventional “out of Africa” theory of evolution. Investigating how the extraterrestrial agency behind the origin of civilization is still working behind the scenes today, the author examines the strongest modern UFO accounts, including the Russian Roswell case and the suppressed UFO sightings of NASA astronauts. He shows that this advanced ET civilization is not an alien race in the way we normally think of “aliens”--they are our ancestors and as human as we are.

Ancient Aliens on the Moon Mike Bara,2012-03-27 Best-selling author and Secret Space Program researcher Bara brings us this lavishly-illustrated volume on alien structures on the Moon. He looks into the history of lunar anomalies and the early NASA programs. He gives us an examination of ruins on the Moon in the Sinus Medii region using images from the Surveyor, Lunar Orbiter and Ranger missions. He looks at the Apollo lunar missions to the Moon and the photographic evidence supporting the theory that transparent domes exist at the edge of craters on the orb. Did the domes encompass settlements of humans or other beings who lived there? He looks at further anomalies in the Mare Crisium region, including the hexagonal shape of the Crisium region itself. In this area, domes over the craters resemble watch-crystals. See the evidence in pictures of Cleomedes F and Cleomedes F/a, and an historical image of a giant shard of transparent material that was whitewashed from later versions of the same image. Bara discusses the popular theory that the film “2001 –A Space Odyssey” was used as a training ground for Stanley Kubrick to develop the technology to fake the footage of the moon landings. He also explores the curious mission of Apollo 17-possibly a technology salvage mission, primarily concerned with investigating an opening into a massive hexagonal ruin near the landing site. Bara details how the astronauts managed to get nearly 30 minutes of “off camera” time to investigate an entrance into the ruin and then later proceeded to a nearby crater to retrieve technological objects. He examines evidence from the Russian Zond series of lunar probes, as well as the more current Clementine and Lunar Reconnaissance Orbiter data, including an in-depth study of strange objects in Tycho crater. Also included: a look at the current politics of the new race to return to the Moon and what hidden agendas may be behind it. Finally, Bara looks at the various arguments that the entire Moon is an artificial object. Bara shows how the Moon would have been an ideal place for an alien species involved in genetic experimentation on Earth to have set up a base. 292 Pages. 6x9 Paperback. Illustrated. Weapons of the Gods Nick Redfern,2016-04-25 In 1945, the Japanese cities of Hiroshima and Nagasaki became the first and last victims of the atom bomb, the most destructive man-made force our planet has ever known. Or were they just the latest in a long line of Armageddon-level events? Is it possible that our civilization is, in reality, just one of many? Did previous cultures blossom, develop, and thrive, only to destroy themselves, tens or hundreds of thousands of years ago, with the same atomic technology? These are the controversial and thought-provoking questions at the heart of Nick Redfern’s *Weapons of the Gods*, which argues that many ancient civilizations cracked the secrets of the atom, only to become the victims of its awesome, terrifying power. Still others may have been destroyed by hostile aliens with their own nuclear arsenals. Where is the evidence? The answer is shockingly simple: it’s everywhere. It’s just a matter of knowing where to look for it, from the biblical cities of Sodom and Gomorrah and the ancient Pakistani culture of Mohenjo-daro, Pakistan, to the Lonar Crater in India and the revelations in the Ramayana and Mahabharata, two ancient Sanskrit texts that describe nuclear warfare thousands of years ago.

Aliens in Ancient Egypt Xaviant Haze,2013-10-31 The alien influences behind the rise and fall of Egypt’s Golden Age • Explains how Akhenaten was the last pharaoh entrusted with the sacred and ancient alien knowledge of stargates, free energy, and antigravity technologies • Reveals how the Brotherhood of the Snake, a secret society of reptilian aliens, sought to destroy Akhenaten and suppress the sacred knowledge of the pharaohs • Explores the original purpose of the pyramids--to transmit energy to expand consciousness--and how they were decommissioned after the Great Flood The sophisticated civilization of ancient Egypt arose seemingly overnight, complete with advanced levels of art, agriculture, astronomy, and physics. Then, with the death of Pharaoh Akhenaten, much of this higher knowledge was lost--or suppressed. But evidence of this former Golden Age, the alien visitors behind its rise, and those behind its decline still exists--some of it in plain sight. Examining the purposefully obscured reign of Akhenaten and Nefertiti, Xaviant Haze explains how they represent the last dynasty with access to the sacred knowledge of stargates, free energy, and antigravity technologies, knowledge handed down from an advanced interstellar race in the remote past. He reveals how the reptilian race known as the Shemsu Hor infiltrated the Egyptian priesthood and banking systems and formed the Brotherhood of the Snake--a secret society set on destroying Akhenaten’s flourishing kingdom and suppressing the sacred knowledge of the pharaohs. Haze examines the evidence of aliens in ancient Egypt, such as the reptilian beings depicted in the Temple of Hathor and Thutmose III’s alien encounter. He shows how Akhenaten and his family are always portrayed with elongated skulls and explores the connection between ancient aliens and Mars, including the Martian materials used in Egyptian monuments. He explains the original purpose of the pyramids--to transmit uplifting energy throughout the planet to help expand consciousness--and explores how they were decommissioned after the Great Flood of prehistory. He reveals how the original builders of the pyramids foresaw humanity’s fall from the Golden Age and strategically encoded these magnificent structures to wake humanity from the depths of the Dark Ages.
