**Ancient Treasures** Nick Hunter, 2014-11-01 'Ancient Treasures' examines the hunt for ancient treasure troves and hoards, whether they contain gold and jewels, or important artifacts that offer us a window on to the past. Part of the Treasure Hunters series, 'Ancient Treasures' offers a crosscurricular mix of science & technology and history, with a fun, dramatic approach. Treasures covered in the book include the Roman Hoxne Hoard, the Anglo-Saxon Staffordshire Hoard, the extraordinary discoveries of the Rosetta Stone and Dead Sea Scrolls, and the South American treasures of Lake Guatavita. The book also looks at the motives for these searches, and the importance of responsible archaeology: were the treasure hunters driven by personal greed or glory, or did they embark on their quest with a historical interest and a desire to preserve the lost treasures?

**Ancient Treasures** Brian Haughton, 2013-07-22 The author of Hidden History offers a fascinating tour through centuries of buried riches, stolen artifacts, and other true tales of treasure. The allure of treasure has captivated people for centuries. But is it purely a desire for wealth that draws us to tales of hidden riches, or is it also the romantic appeal of uncovering lost ancient artifacts? The stories behind the loss and recovery of ancient treasures often read like historical suspense fiction. In Ancient Treasures, readers discover the true histories of lost hoards, looted archaeological artifacts, and sunken treasures, including: The Sevso

Treasure, a hoard of large silver vessels from the late Roman Empire—estimated to be worth \$200 million—looted in the 1970s and sold on the black market. The Amber Room, a chamber decoration of amber panels backed with gold leaf and mirrors, stolen by the Nazis in 1941 and brought to the castle at Königsberg in Russia, from which it disappeared. The fabulous wealth of Roman and Viking hoards buried in the ground for safekeeping, only to be unearthed centuries later by humble metal detectorists. The wrecks of the Spanish treasure fleets, whose New World plunder has been the target of elaborate salvage attempts by modern treasure hunters
