Mermaid Academy: Maya and Rainbow Julie Sykes,Linda Chapman,2023-10-12

Mermazing action-packed underwater adventures for young readers. Beautifully illustrated throughout and with a glittery cover! From the authors and illustrator of the bestselling Unicorn Academy series. Hidden deep beneath the waves is Mermaid Academy, a magical school where mermaids are paired with their very own dolphin and must discover their unique mermaid magic, with plenty of adventure along the way! Maya loves studying at Mermaid Academy. She just wishes her playful dolphin, Rainbow, would take school seriously too. But when they get lost on a school trip and Maya can't magic a Bubble Tunnel home, things get very serious indeed! Can their friends find them before a sea monster does? Mermaid Academy is the perfect series for 7+ readers who love magic and adventure. Look out for more titles! Isla and Bubble , Cora and Sparkle and Amber and Flash.

Pink Triangles and Rainbow Dreams John Arthur Maddux,2006 This book is intended for gay, lesbian, bisexual, transgender, and non-gay readers. It is divided into three sections: On Being Gay, On Being Politically Correct, and On Being Gay in the Real World. Section I, On Being Gay, focuses almost exclusively on what it means to be gay, the kinds of discrimination gays and lesbians face in their daily routines and lives, and how to face those issues of inequality, discrimination, and bigotry. Section II, On Being Politically

Correct is directed toward contemporary issues within the gay community and presents a number of controversial topics that are hotly debated among gays and lesbians. Section III, On Being Gay in the Real World, focuses on issues that affect gay men, lesbians, and bisexuals as they try to live effectually in the prevailing majority community. This section includes several essays that are not necessarily gay-specific, but can apply to people of every orientation. Section III emphasizes that all people, regardless of orientation, race, religion, gender, nationality, or ethnic background share the same hopes, fears, dreams, and desires. John Arthur Maddux writes in the introduction of his book: Read this book with an open mind. You never know what you might learn, or re-learn from a new perspective. Learning is essential to growth and if it ceases to be so, our hope for social, environmental, and political change will be thwarted, and we may find ourselves no better off than our primordial ancestors who lived in intellectual darkness and superstition. The Secret Adventures of Amelia and Rainbow Anne Shorrock, 2008-11 After being struck by lightning, Amelia discovers that she has magical powers. She wishes her horse could speak--and he begins to. She rubs his sides; he sprouts beautiful wings, and their adventures begin.

Secrets to Catching Trophy Brown and Rainbow Trout Timothy Tabor, 2013-04 I have written this book to hopefully provide skilled fishermen and nonskilled

fishermen alike the tools to catching huge brown and rainbow trout. The information I have provided in this book will guide fishermen into understanding tips and techniques that will put that ten-pound-plus brown or rainbow trout in the photo album or on the wall. Possibly a new state or world record. For those who have not read *Secrets of Catching Trophy Brown and Rainbow Trout*, there is a brief description in the preface that might help you better understand what important information this book will provide you. I searched for this information when I began my quest for state and world record brown and rainbow trout, with little to no success. After fifteen years and many hours of fishing, learning tips, and secrets others didn't want us to know, I decided to put this information in book form to provide the reader with this hard-to-find information.
