Blackguards and Red Stockings William J. Ryczek,2016-03-22 It was a novel experiment as baseball's leading men formed the National Association, bringing order to the hodgepodge of professional and amateur clubs that made up the sport from the end of the Civil War through 1870. It was an imperfect beginning to organized professional sports in America--the league was plagued by gambling, contract jumping and rumors of dishonest play--but it laid the groundwork for the multi-billion-dollar enterprises of the 21st century. Like most sporting endeavors, it was entertaining, with the best players in the world displaying their talents throughout the northeastern and mid-western United States and, in 1874, during a ground-breaking journey to England. The present volume covers all the action--both on and off the field--of the NA's five years, providing the definitive history of the first professional sports league in the U.S.

Lavender and Red Emily K. Hobson,2016-10-04 LGBT activism is often imagined as a self-contained struggle, inspired by but set apart from other social movements. Lavender and Red recounts a far different story: a history of queer radicals who understood their

sexual liberation as intertwined with solidarity against imperialism, war, and racism. This politics was born in the late 1960s but survived well past Stonewall, propelling a gay and lesbian left that flourished through the end of the Cold War. The gay and lesbian left found its center in the San Francisco Bay Area, a place where sexual self-determination and revolutionary internationalism converged. Across the 1970s, its activists embraced socialist and women of color feminism and crafted queer opposition to militarism and the New Right. In the Reagan years, they challenged U.S. intervention in Central America, collaborated with their peers in Nicaragua, and mentored the first direct action against AIDS. Bringing together archival research, oral histories, and vibrant images, Emily K. Hobson rediscovers the radical queer past for a generation of activists today.
