A look at the intrinsic jungle we chose for ourselves throughout our lives, our existence, our merriment even woman-kind as a serving of the supernatural ideas we serve ourselves with and how we live our lives. Extraordinary to the world so the aliens think! We are special people, we have choices to make whether to be a great people. We are the super humanoids of the passion reserved for us by the Christ child, how wellness befits our destiny prohibits those about us and allows for a pre-

destiny for all those who live in this century!An expose into the life of these beings, tragically cut short and misrepresented by their fears of us doing away with ourselves. We have a choice to make! About the AuthorRay is a fifty-five year old gentleman and an ex-Australian trooper in the second commando company. He likes to live it up either in the streets with the boys having a few coffees, going to street cages and laying off the women in droves online, but on the serious side he has his eye firmly affixed on the idea of finding a wife usually online with the dating agencies on the computer.Ray's hobbies are collecting DVDs, film classics and stamps.
