Henry's Secret P.W. Sonstein, 2023-07-21 Within days before the surrender of the Confederacy at Appomattox, Henry, an eighteen-year-old former slave and recent recruit in the Army of Northern Virginia, is ordered to accompany Major Frank Gardner on a mission to hide dozens of gold ingots acquired in secret trade with the French government to be held until the South rises again. The mission is completed; however, Major Gardner dies shortly thereafter, leaving Henry, sworn to secrecy, as the only person with knowledge of the hiding place. He keeps the secret for sixty-five years, only leaving clues on a 1929 silent film. In 2021, Christine Morgan is an associate attorney in a prominent law firm in Washington, DC, whose weekend hobby is visiting yard sales, searching for unusual items. She purchases a Cine-Kodak silent movie camera that when cleaned reveals an undeveloped film cartridge inside. The contents of the film draw the attention of Andy, who has sold her the camera. After viewing the exposed film together, Christine and Andy begin a dangerous adventure through Northern Virginia, searching for clues not only relating to the hidden gold but also inadvertently becoming

involved in a US government sting operation that involves a group of anarchists whose goal threatens the country, as well as Christine and Andy, who are not the only ones trying to solve Henry's secret.

Would I Lie to You Brad Vance, 2016-06-03 Software billionaire Marc Julian's orderly life is shattered one night by a cyber-intrusion into his company's servers. He's always surrounded himself with the best people, but finding the culprit behind this might require a real expert...and sometimes it takes a thief to catch a thief. Jesse Winchester and his team of "grey hat" hackers are suddenly available to Marc. Marc doesn't know if he should trust Jesse with the keys to his company's kingdom. After all, Jesse's a convicted felon, sent to prison for violating the Computer Fraud and Abuse Act. A felon sentenced to thirty-five years in prison, who mysteriously served only three years before being released... Marc's first company, his whole life, was shattered because he trusted the wrong person. This time there's even more at stake, but few other options. Especially when his evil enemies, the billionaire industrialist Krom brothers, are revealed to be the source of the intrusion. Is Jesse there to help Marc, or does he have his own history with the Kroms, his own score to settle? As Jesse and Marc spend more time together, their growing intimacy is at war with their need to win their respective battles. Soon the game they start to play with each other, against each other, becomes more exciting, more exquisitely frustrating...and more dangerous.
