The Angry Little Piggy Aleisha Morosco,2015-12-04 Nursery rhymes are not always accurate. One angry little piggy is seriously dismayed over his portrayal in a famous nursery rhyme and he sets the record straight in this fractured fairy tale.

Peaceful Piggy Meditation Kerry Lee MacLean,2016-09-01 The Coalition of Visionary Resources Children's Book of the Year Winner What can you do when you're mad, sad, or anxious? Find a quiet spot, sit, and breathe. When you meditate every day, your mind stays happy, and even bad days are a little easier. Sometimes life seems like it's all about hurrying—so many places to go! And sometimes it's hard when things don't go your way—it can make a piggy angry and sad. So how do young piggies find a peaceful place in a frustrating world? They meditate! They find a quiet spot, a special place with a few simple things, and just breathe. They do this every day, feeling their breath going in and out. They slow down and calm down. Now it's easier to deal with whatever comes their way, and they have time to notice all the magical things in life, too!

Alternative Linguistics Philip W. Davis,1996-01-31 The papers in this volume were presented at the Fifth Biennial Symposium of the Department of Linguistics, Rice University, March 1993. The participants were asked to concentrate in depth and in a self-reflective way upon some range of data. The intent was multifold. The first purpose was descriptive. It was expected that the participants would carry out their task in a retrospective way, exemplifying and building upon their previous work, but it was also expected that they would begin to demonstrate the configuration of some area in a more comprehensive picture of language. The point was to take (at least) one substantive step in the depiction of what we think language will ultimately be like. The contributions were both specific and generalizing, with focus as much upon methodology as upon hypotheses about language. In examining descriptive practice, we continued to concentrate upon issues which concerned us all, and at the same time we tried to advance the discourse by the results of such description. We hoped that problematic and recalcitrant data would make our own practice clearer to us and that it might also instruct us in the refinement of our conceptions of language.

Special Ops Leo Nix,2022-02-09 While on holiday in beautiful Western Australia, U.S. Ranger and Staff Sergeant Ben 'Obi-Wan' Kennedy leads his group of special ops through a series of dangerous adventures on their return to home base, Pine Gap Secret Intelligence Facility. The dedicated and self-sacrificing team joins a team of Western Australian Police who have arrested two Revelationist spies, but the terrorists want them back - dead or alive. Their escape takes them on a journey to assist a small country township infiltrated by terrorists - but in rescuing the community, they suffer heavy casualties. The fifth novel in Leo Nix's Sundown Apocalypse series, Special Ops is a story of betrayal, subterfuge, friendship and love, set against a backdrop of survival in the rugged Australian desert.

Mothers, Infants and Young Children of September 11, 2001 Beatrice Beebe,Phyllis Cohen,K. Mark Sossin,Sara Markese,2013-09-13 The group of papers presented in this volume represents ten years of involvement of a group of eight core therapists, working originally with approximately forty families who suffered the loss of husbands and fathers on September 11, 2001. The project focuses on the families of women who were pregnant and widowed in the disaster, or of women who were widowed with an infant born in the previous year. This book maps the support and services provided without cost to the families by the primary prevention project – the 'September 11, 2001 Mothers, Infants and Young Children Project' – organised by a highly trained group of therapists specialising in adult, child, mother-infant and family treatment, as well as in nonverbal communication. The demands of the crisis led these therapists to expand on their psychoanalytic training, fostering new approaches

to meeting the needs of these families. They sought out these families, offering support groups for mothers and their infants and young children in the mothers' own neighbourhoods. They also brought the families to mother-child videotaped play sessions at the New York State Psychiatric Institute at Columbia University, followed by video feedback and consultation sessions. In 2011, marking the 10th anniversary of the World Trade Center tragedy, the Project continues to provide services without cost for these mothers who lost their husbands, for their infants who are now approximately ten years old, and for the siblings of these children. This book was originally published as a special issue of the Journal of Infant, Child, and Adolescent Psychotherapy.

When Good Men Get Angry Bill Perkins,2009 Perkins provides the insight and biblical strategy men need to deal with the crucial issue of anger. Illustrated with research-based statistics and real-life stories of men who have successfully dealt with anger, When Good Men Get Angry explores the foundations of anger, how Jesus expressed it, and how to control it.

Ordinary Resurrections Jonathan Kozol,2012-07-24 Jonathan Kozol's books have become touchstones of the American conscience. In Ordinary Resurrections, he spends four years in the South Bronx with children who have become his friends at a badly underfunded but enlightened public school. A fascinating narrative of daily urban life, Ordinary Resurrections gives a human face to poverty and racial isolation, and provides a stirring testimony to the courage and resilience of the young. Sometimes playful, sometimes jubilantly funny, and sometimes profoundly sad, these are sensitive children—complex and morally insightful—and their ethical vitality denounces and subverts the racially charged labels that the world of grown-up expertise too frequently assigns to them. Yet another classic case of unblinking social observation from one of the finest writers ever to work in the genre, this is a piercing discernment of right and wrong, of hope and despair—from our nation's corridors of power to its poorest city streets.
