My First Friends | Children Book about Baby Animals with Watercolor Illustrations N. Nell,2020-10-13 My First Friends is an informative book that introduces kids to animals in a fun, playful way. Talking about themselves,

baby animals ask the little reader to guess, who are they? Riddles in verses help the toddler to find the right answer. By flipping the page over, the child will immediately be able to check his answer by seeing a magnificent illustration depicting a baby animal. Watercolor illustrations and brief information about the life of each animal will help the little reader to learn about new animal friends. Each baby animal communicates with the child and becomes his friend. After reading the book with mom or dad, children will gain new knowledge and consolidate them by solving fun activities at the end of the book. The book *My First Friends* was written by N. Nell. Watercolor illustrations were made by the artist Anastasia Anikeichik. Anastasia is a mother herself and knows well what is interesting to little tykes. Animals' Best Friends Barbara J. King, 2021-03-23 How do people who love animals translate that devotion into helping creatures who are not our pets? How do we express our care for animals when that means different things to omnivores and vegetarians-or, say, to hunters and non-hunters? Barbara J. King, a widely read expert on animal cognition and emotion, here guides readers through the difficult choices and deep rewards of turning empathy into action on behalf of animals. King discusses our relationship to animals in five different contexts: our homes, the wild, zoos, our food system, and research facilities such as biomedical laboratories. She offers a host of ways in which each of us can be better, and do better, for animals. Acting to improve animals' lives can, she shows, immeasurably enrich our own. True, there is also heartache and the risk of burnout from endlessness of animal rescue the dilemmas that attend it. But King's focus is on the joys. She describes the happiness lift that she herself has experienced joining with other activists on behalf of animals destined for slaughter or confined in

sub-standard zoos-and in rescuing dozens of cats, some of whom we meet in this book. This is a book for anyone who cares for animals and wishes to do more for them, whether it's learning to live peaceably with spiders in the home or join with others to rescue our more dramatically endangered animal friends--
