  The Atomic Bomb in Japanese Cinema Matthew Edwards,2018-07-24 Seventy years after the nuclear attacks on Hiroshima and Nagasaki, Japan is still dealing with the effects of the bombings on the national psyche. From the Occupation Period to the present, Japanese cinema had offered a means of coming to terms with one of the most controversial events of the 20th century. From the monster movies Gojira (1954) and Mothra (1961) to experimental works like Go Shibata's NN-891102 (1999), atomic bomb imagery features in all genres of Japanese film. This collection of new essays explores the cultural aftermath of the bombings and its expression in Japanese cinema. The contributors take on a number of complex issues, including the suffering of the survivors (hibakusha), the fear of future holocausts and the danger of nuclear warfare. Exclusive interviews with Go Shibata and critically acclaimed directors Roger Spottiswoode (Hiroshima) and Steven Okazaki (White Light/Black Rain) are included.

  You Wish Lia Weston,2018-03-27 Sometimes imagination is not enough. Thomas Lash grants secret wishes . . . on-screen, that is. White wedding gone horribly wrong and need to swap the groom? Never went to university but must have a graduation photo? Need to create a fake family for that job interview? Problem solved with expert Photoshopping and Tom's peculiar ability to know exactly what you desire. Tom never says no, even when giving grieving parents the chance to see what the lives of their lost children may have looked like. But where do you draw the line . . . and what happens when the fantasy Tom sees on-screen starts to bleed into his real life? PRAISE FOR LIA WESTON

Finds the funny side of serious issues Adelaide Advertiser Weston's writing style has pace and her storytelling has wit and charm, which makes this is an immensely readable book. ArtsHub

Human-Centered Design and User Experience Tareq Ahram and Christianne Falcão,2023-12-04 Proceedings of the AHFE International Conference on Human Factors in Design, Engineering, and Computing (AHFE 2023 Hawaii Edition), Honolulu, Hawaii, USA 4-6, December 2023

Manga and Anime Go to Hollywood Northrop Davis,2015-12-17 The media industries in the United States and Japan are similar in much the same way animals on earth share a similar DNA, but while a horse and a kangaroo maybe 95% related on a biological level, they are also very different – this is the way it is with manga/anime in Japan and Hollywood animation/movies/TV. Although sharing some key common origins, they developed mostly separately but influenced each other significantly along the way. That confluence is now accelerating into new forms of hybridization that will drive much of future storytelling entertainment. Understanding these common and divergent DNA origins, the cross-influences and the independent traits is one of many reasons why this book is so important. Through original interviews with top creators in these fields and illuminating case studies including adaptations of Japanese mangas and animes for Hollywood remakes, Manga and Anime go to Hollywood analyzes the specific dynamics of this confluence between Japanese manga/anime and American film,animation and television. In addition, it shows how to use this knowledge creatively to shape the future of global narrative storytelling, including through the educational system. It is a fascinating to any reader with an interest in the inter-related history of Japanese manga/anime and Hollywood since the Meiji period through WW2, what is

happening on the cutting edge right now – and into the future.

Acquisition of Clause Chaining Hannah Sarvasy,Soonja Choi,2020-12-29 This eBook is a collection of articles from a Frontiers Research Topic. Frontiers Research Topics are very popular trademarks of the Frontiers Journals Series: they are collections of at least ten articles, all centered on a particular subject. With their unique mix of varied contributions from Original Research to Review Articles, Frontiers Research Topics unify the most influential researchers, the latest key findings and historical advances in a hot research area! Find out more on how to host your own Frontiers Research Topic or contribute to one as an author by contacting the Frontiers Editorial Office: frontiersin.org/about/contact.

Anime from Akira to Princess Mononoke S. Napier,2001-05-03 With the popularity of Pokemon still far from waning, Japanese animation, known as anime to its fans, has a firm hold on American pop culture. However, anime is much more than children's cartoons. It runs the gamut from historical epics to sci-fi sexual thrillers. Often dismissed as fanciful entertainment, anime is actually quite adept at portraying important social and cultural issues like alienation, gender inequality, and teenage angst. This book investigates the ways that anime presents these issues in an in-depth and sophisticated manner, uncovering the identity conflicts, fears over rapid technological advancement, and other key themes present in much of Japanese animation.

The Anime Encyclopedia, 3rd Revised Edition Jonathan Clements,Helen McCarthy,2015-02-09 Impressive, exhaustive, labyrinthine, and obsessive—The Anime Encyclopedia is an astonishing piece of work.—Neil Gaiman Over one thousand new entries . . . over four thousand updates . . . over one million words. . . This third edition of the landmark reference work has six

additional years of information on Japanese animation, its practitioners and products, plus incisive thematic entries on anime history and culture. With credits, links, cross-references, and content advisories for parents and libraries. Jonathan Clements has been an editor of Manga Max and a contributing editor of Newtype USA. Helen McCarthy was founding editor of Anime UK and editor of Manga Mania.

Costuming Cosplay Therèsa M. Winge,2018-11-01 Cosplay, short for costume play, has grown from its origins at fan conventions into a billion-dollar global dress phenomenon. Costuming Cosplay takes us from elaborately crafted DIY costumes to online fandoms, examining how the practice of portraying fictional characters from popular culture through dress and performance has become a creative means of expressing and playing with different identities. With an approach that ranges from admiration and role-play to gender performance, this is the first book to fully examine the subculture and costume of the Cosplay phenomenon. Drawing on extensive first-hand research at conventions across North America and Asia, Therèsa M. Winge invites us to explore how Cosplay functions as a meritocracy of creativity, escapism, and disguise, and offers a creative realm in which fantasy and new forms of socializing carry as much importance as costume. Illustrated with color photographs of both celebrity and amateur Cosplayers, Costuming Cosplay is essential reading for students and scholars of fashion and costume, popular culture, anthropology, gender, and media studies, as well as global players and fans of Cosplay.

Nightmares in the Dream Sanctuary Donna Kornhaber,2019-12-12 In 2008, Waltz with Bashir shocked the world by presenting a bracing story of war in what seemed like the most unlikely of formats—an animated film. Yet as Donna

Kornhaber shows in this pioneering new book, the relationship between animation and war is actually as old as film itself. The world's very first animated movie was made to solicit donations for the Second Boer War, and even Walt Disney sent his earliest creations off to fight on gruesome animated battlefields drawn from his First World War experience. As Kornhaber strikingly demonstrates, the tradition of wartime animation, long ignored by scholars and film buffs alike, is one of the world's richest archives of wartime memory and witness. Generation after generation, artists have turned to this most fantastical of mediums to capture real-life horrors they can express in no other way. From Chinese animators depicting the Japanese invasion of Shanghai to Bosnian animators portraying the siege of Sarajevo, from African animators documenting ethnic cleansing to South American animators reflecting on torture and civil war, from Vietnam-era protest films to the films of the French Resistance, from firsthand memories of Hiroshima to the haunting work of Holocaust survivors, the animated medium has for more than a century served as a visual repository for some of the darkest chapters in human history. It is a tradition that continues even to this day, in animated shorts made by Russian dissidents decrying the fighting in Ukraine, American soldiers returning from Iraq, or Middle Eastern artists commenting on the Israeli-Palestinian conflict, the Arab Spring, or the ongoing crisis in Yemen. Nightmares in the Dream Sanctuary: War and the Animated Film vividly tells the story of these works and many others, covering the full history of animated film and spanning the entire globe. A rich, serious, and deeply felt work of groundbreaking media history, it is also an emotional testament to the power of art to capture the endurance of the human spirit in the face of atrocity.

Heroines of Film and Television Norma Jones,Maja Bajac-Carter,Bob Batchelor,2014-04-04 Despite the increasing variety of heroic women portrayed in film, television, and other popular culture channels, much of the understanding of heroines has been limited to females as versions of male heroes or simple stereotypes of overly weak/strong (and even violent) women. This book analyzes the new vision of female heroes in popular culture. It features award-winning authors from a variety of disciplines, broadening our understanding of how heroines are portrayed, as well as how these important popular culture representations both simultaneously empower and/or constrain real life women.

Mangatopia Timothy Perper,Martha Cornog,2011-10-24 Fascinating insights on what Japanese manga and anime mean to artists, audiences, and fans in the United States and elsewhere, covering topics that range from fantasy to sex to politics. Within the last decade, anime and manga have become extremely popular in the United States. Mangatopia: Essays on Manga and Anime in the Modern World provides a sophisticated anthology of varied commentary from authors well versed in both formats. These essays provide insights unavailable on the Internet, giving the interested general reader in-depth information well beyond the basic, Japanese Comics 101 level, and providing those who teach and write about manga and anime valuable knowledge to further expand their expertise. The topics addressed range widely across various artists and art styles, media methodology and theory, reception of manga and anime in different cultural markets, and fan behavior. Specific subjects covered include sexually explicit manga drawn and read by women; the roots of manga in Japanese and world film; the complexity of fan activities, including cosplay, fan-drawn manga, and fans' highly specific predilections; right-wing

manga; and manga about Hiroshima and despair following World War II. The book closes with an examination of the international appeal of manga and anime.

  Building Categories in Interaction Caterina Mauri,Ilaria Fiorentini,Eugenio Goria,2021-12-15 This book addresses the topic of linguistic categorization from a novel perspective. While most of the early research has focused on how linguistic systems reflect some pre-existing ways of categorizing experience, the contributions included in this volume seek to understand how linguistic resources of various nature (prosodic cues, affixes, constructions, discourse markers, ...) can be 'put to work' in order to actively build categories in discourse and in interaction, to achieve social goals. This question is addressed in different ways by researchers from different subfields of linguistics, including psycholinguistics, conversation analysis, linguistic typology and discourse pragmatics, and a major point of innovation is represented in fact by the interdisciplinary nature of the volume and in the systematic search for converging evidence.

  Cartoon Cultures Anne Cooper-Chen,2010 From 1993 to 2003, exports of Japan's cartoon arts tripled in value, to $12.5 billion. Fan phenomena around the world – in U.S. malls, teen girls flock to purchase the latest Fruits Basket graphic novel; in Hungary, young people gather for a summer «cosplay» (costume dress-up) event – illustrate the global popularity of manga and anime. Drawing on extensive research and more than 100 original interviews, Anne Cooper-Chen explains how and why the un-Disney has penetrated nearly every corner of the planet. This book uses concepts such as cultural proximity, uses and gratifications, and cultural variability to explain cross-cultural adaptations in a broad international approach. It emphasizes that overseas acceptance has surprised the Japanese, who create manga and

anime primarily for a domestic audience. Including some sobering facts about the future of the industry, the book highlights how overseas enthusiasm could actually save a domestic industry that may decline in the contracting and graying country of its birth. Designed for courses covering international mass media, media and globalization and introduction to Japanese culture, the book is written primarily for undergraduates, and includes many student-friendly features such as a glossary, timeline and source list.

Approaching Recent World History Through Film Scott C.M. Bailey,2021-05-06 Approaching Recent World History Through Film: Context, Analysis, and Research explores the relationships between twentieth-century world history and film by providing analysis of a diverse range of films organized by global history topics, including war and conflict, decolonization, political economy, and long-distance travel. This insightful text describes how to analyze films as original historical sources and how to carry out research projects using films. The text provides guidance on the types of world history films, their conventions, and how to analyze the historical arguments in movies. Scott C.M. Bailey incorporates in-depth discussions of the historical content and context of a wide range of international films connected with important twentieth-century global history topics. The book also offers many prompts for discussion, historical timelines, and suggestions for further reading and viewing, as well as instructions on how to construct research papers and projects which employ the use of films as historical sources. This book will be of interest to students in world history and film history courses.

Anime from Akira to Howl's Moving Castle Susan J. Napier,2016-03-29 This new edition of the groundbreaking popular book is a must-have for both

seasoned and new fans of anime. Japanese animation is more popular than ever following the 2002 Academy Award given to Hayao Miyazaki's Spirited Away. It confirmed that anime is more than just children's cartoons, often portraying important social and cultural themes. With new chapters on Spirited Away and other recent releases, including Howl's Moving Castle--Miyazaki's latest hit film, already breaking records in Japan--this edition will be the authoritative source on anime for an exploding market of viewers who want to know more.

  Aniventure James Talbott,

  Animation in Asia and the Pacific John A. Lent,2001 Animation has had a global renaissance during the 1990s, and nowhere is this more evident than in Asia. With the exception of China and Japan, most Asian nations are relatively new to this art form. Over the last decade, countries such as Taiwan, South Korea, the Philippines, and Thailand, as well as China, have acted as major offshore production plants for North American and European studios. One of the spurs for this increase in activity has been the global growth of terrestrial, cable, satellite, and video systems, all demanding large menus of programming, including animation. A second spur has been the exceptional popularity that Japanese animé has enjoyed across Asia, Europe, and the United States. Despite these developments, there has not been corresponding growth of a serious literature covering industrial and aesthetic issues about Asian animation, and the small amount of work that has been produced has not been published in English. Animation in Asia and the Pacific provides the first continent-wide analysis, delving into issues of production, distribution, exhibition, aesthetics, and regulation in this burgeoning field. Animation in Asia and the Pacific also offers vignettes of

the fascinating experiences of a group of animation pioneers. The historical and contemporary perspectives derive from interviews, textual analysis, archival research, and participation/observation data.

Autobiographical Comics Andrew J. Kunka,2017-11-02 A complete guide to the history, form and contexts of the genre, Autobiographical Comics helps readers explore the increasingly popular genre of graphic life writing. In an accessible and easy-to-navigate format, the book covers such topics as: · The history and rise of autobiographical comics · Cultural contexts · Key texts – including Maus, Robert Crumb, Persepolis, Fun Home, and American Splendor · Important theoretical and critical approaches to autobiographical comics Autobiographical Comics includes a glossary of crucial critical terms, annotated guides to further reading and online resources and discussion questions to help students and readers develop their understanding of the genre and pursue independent study.

Anime Character Gen Introduction

In todays digital age, the availability of Anime Character Gen books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Anime Character Gen books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Anime Character Gen books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Anime Character Gen versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Anime Character Gen books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether youre a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open

them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Anime Character Gen books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Anime Character Gen books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast

collection of digitized books and historical documents. In conclusion, Anime Character Gen books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Anime Character Gen books and manuals for download and embark on your journey of knowledge?

FAQs About Anime Character Gen Books

1. Where can I buy Anime Character Gen books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.

3. How do I choose a Anime Character Gen book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.

4. How do I take care of Anime Character Gen books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.

5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.

6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections.
