Six Days Ken Ham,2013-11-01 Discover how many evangelical leaders, willingly or unwittingly, are undermining the authority of God's Word by compromising the Bible in Genesis Learn how allowing for an old/universe of billions of years unlocks a door of compromise Heed the wake-up call to the Church to return to the authority of God's Word, beginning in Genesis. Today, most Bible colleges, seminaries, K-12 Christian schools, and now even parts of the homeschool movement do not accept the first eleven chapters of Genesis as literal history. They try to fit the supposed billions of years into Genesis, and some teach evolution as fact. Our churches are largely following suit. Ken Ham, international speaker and author on biblical authority, examines how compromise starting in Genesis, particularly in regard to the six days of creation and the earth's age, have filtered down from the Bible colleges and seminaries to pastors—and finally to parents and their children. This erosive legacy is seen in generations of young people leaving the Church—2/3 of them. Get the facts, discover God's truth, and help bring a new reformation to the Church by helping to call it back to the authority of God's Word.

After many years of teaching and speaking on the importance of foundational faith, leading apologetics author Ken Ham of Answers in Genesis has created a clear and powerful study that helps root families and young or struggling believers in biblical truth. He makes it easy to build a vital Genesis-founded worldview in this simple yet profound study that explores the importance and implications of pivotal events, verse by verse, from Creation to Babel. Discover important context to answer relevant faith questions Easy-to-understand exploration of the biblical text The essential guide to laying a faith-foundational view Faith without a strong foundation crumbles in the face of today's relentless cultural rejections. Christians, young and old, will find the strong foundation they need in the biblical bedrock of Genesis.

They are purchasing a guarantee their child's faith in God and the Bible will be guarded and developed. But is the Bible being taught? Will they graduate believing in the inerrancy of Scripture, the Flood of Noah's Day, and a literal six day creation?Apologetics powerhouse Ken Ham and Dr. Greg Hall reveal an eye opening assessment of 200 Christian colleges and universities. In the Beginning Was Information Dr. Werner Gitt, 2006-02-01 Powerful evidence for the existence of a personal God! Information is the cornerstone of life, yet it is something people don't often think about. In his fascinating new book, *In the Beginning Was Information*, Dr. Werner Gitt helps the reader see how the very presence of information reveals a Designer: Do we take for granted the presence of information that organizes every part of the human body, from hair color to the way internal organs work? What is the origin of all our complicated data? How is it that information in our ordered universe is organized and processed? Gitt explains the necessity of information - and more importantly, the need for an Organizer and Originator of that information. The huge amount of information present in just a small amount of DNA alone refutes the possibility of a non-intelligent beginning for life. It all points to a Being who not only organizes biological data, but also cares for the creation.

Tower of Babel Bodie Hodge, 2013 *The Tower of Babel: The Cultural History of Our Ancestors* reveals our shared ancestry as never before! Now, discover the truth of these people groups and their civilizations that spread across the earth and trace their roots back to Babel as well as to the sons and grandsons of Noah. Many of today's scholars write off what occurred at the Tower of Babel as mythology and deny that it was a historical event. Beginning with the Biblical accounts, author Bodie Hodge researched ancient texts, critical clues, and rare historic records to help solve the mystery of what became of the failed builders of Babel. For the purpose of defending the Bible, Hodge presents these and other vital historical facts surrounding this much-debated event. Teens and older can use this layman's reference for Biblical classes, ancient history, apologetics training, and to realize their own cultural connection to the Bible.

Why Won't They Listen? Ken Ham, 2002-07-01 A lot of time and money is spent by Christians who have a passion to spread the gospel. Across the globe, this effort is paying off as seekers find Christ, the source of truth and peace. In many cultures, though, appeals made on behalf of the Christian faith are met with blank stares, indifference, even mocking hostility.
