

Anthropology Dictionary

Alan J. Barnard, Jonathan Spencer

A Dictionary of Cultural Anthropology Luis Vivanco, 2018-09-20 This new dictionary comprises more than 400 entries, providing concise, authoritative definitions for a range of concepts relating to cultural anthropology, as well as important findings and intellectual figures in the field. Entries include adaptation and kinship, scientific racism, and writing culture, providing readers with a wide-ranging overview of the subject. Accessibly written and engaging, *A Dictionary of Cultural Anthropology* is authored by subject experts, and presents anthropology as a dynamic and lively field of enquiry. Complemented by a global list of anthropological organizations, more than 20 figures and tables to illustrate the entries, and web links pointing to useful external sources, this is an essential text for undergraduates studying anthropology, and also serves those studying allied subjects such as archaeology, politics, economics, geography, sociology, and gender studies.

Concise Dictionary of Social and Cultural Anthropology Mike Morris, 2013-04-10 Practical and accessible, this dictionary is designed to enlighten those newly engaged in anthropological study or seeking a quick guide to the field. Fills a need for a beginner's pocket guide to the far-reaching and complex field of anthropology, including over 800 detailed entries and the intellectual background of terms. Written in plain, jargon-free language, for readers without extensive background in the field. Features brief, conceptual definitions of terms, bibliographical references to anthropological classics, related works for background reading and further research. The user-friendly format includes bold terms featured elsewhere in the book, extensive cross-references, and indexes of names, peoples, places and subjects. Incorporates related terminology from allied fields such as sociology, economics and geography.

The Dictionary of Anthropology Thomas Barfield, 1998-01-06 The Dictionary of Anthropology is designed to become the standard reference guide to the discipline of social and cultural anthropology. Its core consists of substantial analytical articles focusing on key anthropological concepts, theories and methodologies.

Palgrave Dictionary of Anthropology Charlotte Seymour-Smith, 1987-11-11 An authoritative reference work, the Macmillan Dictionary of Anthropology covers the entire range of scholarship in this field, from the early ethnographers to the most recent research. This concise guide provides succinct definitions of basic concepts, summarizes key issues and the development of the major theoretical schools, and discusses the contribution of some 250 British, American and European anthropologists. Its clear and lively style enables the reader to approach such formidable topics as the works of Levi-Strauss or the influence of semiology, and all 2000 entries are fully cross-referenced and include bibliographical details. The Dictionary is an introduction for the general reader, a handbook for students of anthropology and many related disciplines, and a reference tool for academic anthropologists. It covers both physical and cultural and social anthropology, takes account of literature in all languages, and, with its wide range and high level of scholarship, is a significant contribution to the understanding of its subject.

Encyclopedia of Social and Cultural Anthropology Alan J. Barnard, Jonathan Spencer, 1996 This volume provides a

unique guide to the ideas and history the ideas and history of the discipline which discusses human, social and cultural life in all its diversity. Theory, ethnography and history are combined in over 200 substantial entries on topics as wide ranging as race, postmodernism, witchcraft, essentialism, magic and methodology. Authoritative entries have been commissioned from among the world's leading specialists. Alphabetically organized, the main entries contain clear, concise and provocative explanations of key anthropological themes and ideas, as well as surveys of the most important regional traditions of ethnographic research. Each entry contains cross references and a bibliographic guide to further reading. The Encyclopedia also contains a biographic appendix, with details of the lives and works of over 200 important figures in the history of anthropology and a glossary with short explanations of over 500 terms and concepts. Areas covered include: History of anthropological research, colonialism, orientalism and occidentalism, theories of culture and society * Kinship, gender and family, marriage, the body * Ritual and religion, language and linguistics, poetics, literacy, aesthetics, film, museums * Relations with other disciplines (e.g. archaeology and sociology).

The Routledge Dictionary of Anthropologists Gérald Gaillard, 2004 This detailed and comprehensive guide provides biographical information on the most influential and significant figures in world anthropology, from the birth of the discipline in the nineteenth century to the present day. Each of the fifteen chapters focuses on a national tradition or school of thought, outlining its central features and placing the anthropologists within their intellectual contexts. Fully indexed and cross-referenced, *The Routledge Dictionary of Anthropologists* will prove indispensable for students of anthropology.

Dictionary of Concepts in Cultural Anthropology Robert H. Winthrop, 1991-11-18 The field of cultural anthropology describes and interprets the thought and behavior of contemporary and near-contemporary societies. Inherently pluralistic, it offers a framework in which the distinctive perspectives of each cultural world can be appreciated. Robert Winthrop's dictionary describes the major concepts that have shaped the discipline, both historically and theoretically. It sets modern anthropology in its proper context within the broader intellectual tradition. Eighty entries review the key concepts--culture, race, nature, symbolism, adaptation, the primitive, etc.--that have established the fundamental problems and issues, guided research, and served as the focus for debate in key areas of the discipline. The entries which range from 2,000 to 6,000 words in length, are both thorough in treatment and contemporary in relevance. Some entries are primarily of historical significance while others describe recent developments. Each entry contains an annotated bibliography and a guide to additional reading on the subject. While this is not primarily a technical lexicon, many terms have been glossed and explained. Designed to be useful to students of anthropology, this dictionary will assist those in other disciplines to find their way through the anthropological labyrinth.

Macmillan Dictionary of Anthropology Charlotte Seymour-Smith, 1986 4e de couverture : Anthropology is one of the most challenging and rapidly expanding areas of human knowledge today. This Dictionary aims to be a useful guide to the subject for the student and interested layman as well as for the academic anthropologist. It is unique in

the existing literature in providing in a single volume coverage of basic concepts, key theoretical issues and the work of some 250 British, American and European anthropologists. It covers the subject from the early ethnographers to the most recent research, offering clear definitions of such formidable topics as the work of Levi-Strauss or the influence of semiology. The 2000 entries are fully cross-referenced and are supplemented by an extensive bibliography. Aimed primarily at students, it should provide useful reference not only for anthropologists, but for students of related disciplines at a time when the academic reputation of the subject, and the need for historians, sociologists, political scientists among others to be familiar with its central concepts and thinkers has never been so great.

A Dictionary of Cultural Anthropology Luis Antonio Vivanco, 2018 This new dictionary provides concise, authoritative definitions for a range of concepts relating to cultural anthropology, as well as important findings and intellectual figures in the field. Entries include adaptation, kinship, scientific racism, and writing culture, providing its readers with a wide-ranging overview of the subject. This accessibly written and engaging text presents anthropology as a dynamic and lively field of enquiry. Complemented by a global list of anthropological organizations, more than 15 figures and tables to illustrate the entries, and weblinks pointing to useful external sources, this is an essential text for undergraduates studying anthropology, and also serves those studying allied subjects such as politics, economics, geography, sociology, and gender studies.--

Illustrated Dictionary of Anthropology Denise Lawman, 2004 Lotus Press

Dictionary of Anthropology Charlotte Seymour-Smith, 1986

Dictionary of Anthropology Charles Winick, 1956 The Dictionary of Anthropology is a comprehensive explication of basic terms and concepts of archaeology, cultural anthropology, linguistics, and physical anthropology. The terms have been selected from standard source and instructional materials, and include identifications of some major early contributors to anthropology. This is the only collection in any language of the specialized vocabularies of all the fields of anthropology. It is a handbook not only for anthropologists but for everyone interested in the study of man and of man's cultural and physical heritage.

Dictionary of Anthropology Charles Winick, 1984

Biographical Dictionary of Social and Cultural Anthropology Vered Amit, 2003 This volume is a new addition to the Routledge series of biographical dictionaries. With almost six hundred individually-signed entries from a global team of contributors, the Biographical Dictionary of Social and Cultural Anthropology is destined to become the definitive one-stop reference source for authoritative information on the life and work of the key figures - both historical and contemporary - in the field of anthropology. The primary focus of the Dictionary is on social and cultural anthropology. However, given the history of shared intellectual influences and concerns between socioc.

Concise Dictionary of Social and Cultural Anthropology William Hamilton, 2017-10-11 Practical and accessible, this dictionary is designed to enlighten those newly engaged in anthropological study or seeking a quick guide to the field. Fills a need for a beginner's pocket guide to the far-reaching and complex field of anthropology,

including over 800 detailed entries and the intellectual background of terms

Dictionary of Concepts in Physical Anthropology Joan C. Stevenson, 1991-08-30 This reference dictionary takes a new approach to the study of physical anthropology by focusing on the concepts involved. As Stevenson notes at the outset, physical or biological anthropology is a synthetic discipline which has borrowed much from evolutionary biology, anatomy, genetics, medicine, zoology, paleontology, and demography. Thus, although none of the concepts are unique to the discipline, their relative importance and the contexts in which they are used may be. Here, Stevenson presents concise entries describing the development of physical anthropological concepts followed by bibliographies including most of the major works in the field. The history of the usage of each concept is traced from its origins--often outside the discipline of physical anthropology--to the contemporary and usually multidisciplinary contexts in which physical anthropologists participate. Entries clearly delineate both the theoretical development of the concepts under discussion and their applications in physical anthropological practice. The comprehensive bibliographies enable the reader to pursue further study of concepts of particular interest. Indispensable to students just beginning their studies in the field, the dictionary will also be an invaluable reference for scholars and researchers.

Dictionary of Anthropology Edward Burnett Tylor, 1988

Women Anthropologists Ute Gacs, 1988-02-04 A welcome resource and reference biographical dictionary that took five years to produce and is aimed at both graduate and undergraduate students in anthropology, history, and sociology. Each chapter is a brief autobiography that portrays the professional and personal lives--the triumphs and tribulations--of the brave, committed, first- and second-generation pioneers. . . . Well organized with useful appendixes, indexes, and references. Choice These concise biographies of a wide and interesting sample of women anthropologists make a valuable addition to the growing field of history of anthropology. As the editors point out, the careers of these women illuminate, usually by contrast, the factors that shaped the discipline of anthropology in its first century. The editors also note that these women's careers show far more 'applied' and 'popular' work than characterizes the careers of most prominent men anthropologists, and this difference calls into question the values implicit in much mainstream anthropology, implicit values often at odds with professed values. Alice B. Kehoe, Marquette University

Encyclopedia of Anthropology H. James Birx, 2006 Collects 1,000 entries on the subfields on anthropology, including physical anthropology, archaeology, paleontology, linguistics, and evolution.

Sterling Dictionary of Anthropology Ram Narayan Das, 1997-01-01

Anthropology Dictionary Introduction

In the digital age, access to information has become easier than ever before. The ability to download Anthropology Dictionary has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Anthropology Dictionary has opened up a world of possibilities. Downloading Anthropology Dictionary provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders

filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Anthropology Dictionary has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Anthropology Dictionary. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Anthropology Dictionary. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Anthropology Dictionary, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities

in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Anthropology Dictionary has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Anthropology Dictionary Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and

background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Anthropology Dictionary is one of the best book in our library for free trial. We provide copy of Anthropology Dictionary in digital format, so the resources that you find are reliable.
