Anti-Aging Secrets Where The East Meets West Hannah Park,2020-01-21 Have you ever taken a look at the actors in the Korean drama series over the many years and thought, Why are they all still so young? How old are they now? That's because they take very cautious care of their skin right into their adulthood and beyond. As an American-Korean, I've been living in the states as long as I've been living in Korea, and I'm here to share the best of both worlds tips with you. Some of them might sound like a no brainer and you're like I knew that and roll your eyes in skepticism, BUT you don't know exactly WHY you should or should NOT be doing certain things.Sometimes it takes someone giving you the breakdown and explanation to know the exact reason WHY, in order to give us our motivation or inspiration to make that mindset-shift. Over here in this book, I'd be sharing with you all the simplest ways you can start and implement as soon as TODAY and perhaps find YOUR WHY to fuel your coming days and months, even decades to come building good habits till the day you die, cause they're the ones that are going to be easy to live with. You want to be looking young, feeling young, and ultimately, to die young.. and that, should be

each and every one of our goal in life to achieve that. That's when we can be healthy, happy, and wise. You don't want to be hobbling on a walking stick not even halfway through your lifespan, or worse, be wheeled around in a chair having one foot in the graveyard, cause that's just not a way to live. Today, we can raise our standards beyond what our ancestors, grandparents, parents, or even what school teachers have taught us or the way we watched them age (not all of us are lucky enough to have role models and learn from good examples) and so we need to educate ourselves and change the perspective of how we can look, feel, and do whatever we set our heart and minds to at whatever age we are. The skies' never the limit, the mind is. And we're only going to be as young as our minds tell us we are, and it's our job to reset our thinking and to stop our bio clock because biological age and chronological age are two separate things. We can definitely control one of them. So it's not too late to start today. Book Includes: 1) Top Korean's Skincare Secrets That I've Learned 2) Understanding Why These Foods Will Benefit Your Anti-Aging Process 3) Learning What NOT TO Eat Plus The Real Reasons WHY 4) The Anti-Aging Miracle Process That Renews Your Cells 5) My Best Anti-Aging Secrets From Head To Toe Products 6) Anti-Aging Exercises To Keep Your Body Youthful 7) Top 10 Anti-Aging Hacks To Make You 10 Years Younger
