Old House Interiors ,1997 National architectural magazine now in its fifteenth year, covering period-inspired design 1700–1950. Commissioned photographs show real homes, inspired by the past but livable. Historical and interpretive rooms are included; new construction, additions, and new kitchens and baths take their place along with restoration work. A feature on furniture appears in every issue. Product coverage is extensive. Experts offer advice for homeowners and designers on finishing, decorating, and furnishing period homes of every era. A garden feature, essays, archival material, events and exhibitions, and book reviews round out the editorial. Many readers claim the beautiful advertising—all of it design-related, no “lifestyle” ads—is as important to them as the articles.

Isolated World Susan Eastwood,2014-11-24 When she was two years and ten months old, Susan Eastwood scrambled up on to a table to look out of the window. She fell, sustaining two black eyes and a broken nose. It was only months later that her parents realised that the fall had also rendered her completely deaf. Since then Susan has had to learn to survive in a world which often seems unable to understand how to deal with someone who can't hear. Again and again in her battles with bureaucracy she has encountered ignorance, intransigence and inflexibility. Repeatedly she has been faced with what she calls the “never seen a deaf person before?” look? even from those who are supposed to be trained to look after people with disabilities. This book is about her battle to overcome her sense of isolation and frustration and lead a full and happy life as a child, a young woman and now a working mother.ÿ

Just J Colin Frizzell, 2007-03-01 Thirteen-year-old Jenevieve has trouble adjusting after her mother's death, and only the arrival of her eccentric aunt helps her pull everything together.

A Favor Returned Duke Southard, 2016-06-06 Jennifer Proctor, a wispy yet hauntingly beautiful young girl of ten, already qualified as one of those rare saints on earth. She had developed a sense of compassion far beyond her years and, unlike most children her age, is completely unselfish. When she innocently applies a gift that she neither understands nor wants to save a young boy's father from certain death in a racecar accident, Jennie affects the destiny of a whole family in ways she could not have dreamed. Only when her path crosses once again with Ross Becker years later does she learn of the powerful impact her kind-spirited intervention had on so many people and how he must now return her favor. Set between 1940 and 1963, *A Favor Returned* captures the changing dynamics of families, communities, and the country in the post-World War II era as prosperity and a confidence bordering on arrogance seemed to envelope the nation. The historical background mingles with the thread of possibility that there truly may be people on this earth who are in the world but not of it, people whose decency and honesty appear too good to be true. Coupled with this is the unsettling possibility that unselfish saints on earth may set into motion devastating and tragic consequences. Jennifer Proctor firmly believes that there is a loving God who has placed some people on earth to help others be happier, but time and again she must face the frustrating fact that He doesn't explain how the process is supposed to work. When Ross Becker is faced with the final heart-wrenching dilemma of *A Favor Returned*, he at last realizes the desperate and utter truth of Jennie's frustration.
