Looking for Picasso In All the Wrong Places Ivan Millard "Googie" Parks Jr., 2023-06-13 About the Book Looking for Picasso in All the Wrong Places by retired art dealer, Ivan "Googie" Parks Jr., is a memoir of how a Chicago cowboy became an art dealer! He shares his unique experiences of how his Chicagoland Cowboy upbringing prepared him to solve modern art's oldest secret! For the first time ever, read the amazing story of a young horseman's inadvertent discovery that paralleled the answers to Picasso's unasked questions for the sources of the Master's unknown mysterious models! Parks reveals Picasso's own Communistic origins he claims to have discovered being used to compare to the murder scenes from Chicago connected events! He presents a collection of fifty-three photographs from his Cowboy life which

he claims accidentally helped him explain what the seemingly secret subjects Picasso selected for the unknown gifts for the 1968 "347 Suite Gravures" exhibit were developed from accrual events taken place as Picasso drew the subjects from newspaper accounts as they happened. A young Parks uses his early Chicago cowboy experiences to help illuminate the Equine characters populating the selected sequenced forty-eight serials constructed from Picasso's artwork into Ivan's arranged expose! He uses his uniquely devised new linking process for creating a devastating revelation in a new serialization technique which is formulated while finding out Picasso has borrowed serial events from Chicago's historical past. His findings lead to the beginning of a better understanding of Picasso's formerly mysterious Cubistic World as he struck a lucky deal to save his Rock n Roll Dude Ranch while selling art in the Merrill Chase Chicagoland Art Gallery chain! Ivan reveals the explicit reasons of how he helped remove the "Erotic Suite" from the "347 Series Gravures" Exhibit while discovering a surprise Chicago connection illustrating two Democratic Presidential Conventions of 1960 and 1968 silently selected by Picasso! You will marvel as he discusses the reasons explaining the heretofore unknown why Picasso gave the "Sculpture Puzzle", the "Bizarre Etching Exhibit", and the \$100,000 "Commission Check" to the Art Institute of Chicago! Parks also divulges a curious set of parallel dimensions between the "Daley Plaza Sculpture", the "Guernica Mural", and a mock-up of a "St. Valentine's Day Crime Scene Measurement Recreation" which has never been examined or explored publicly before! He also explores the timely similarities in the recreations from the April 4, 1968, murder scene used by Picasso for his own version of the day before and the day of the Memphis Motel "Balcony Crime Scene" about the murder of Dr. Martin L. King Jr. You will marvel at the intricate collection of evidence linking Picasso imagery to Capone Era Chicago Beer Wars events. He further connects other similar historical sneak attack and

matching alibi models for the St. Valentine's murders and aligns them with selected communist conflicts with fascist leaders matching Picasso Eras which Ivan implicates Picasso in stealing Chicago Connections for his seemingly unknown art subjects! You'll decide if the evidence in Parks's Crazy Chicago Cowboy Discovery Trail proves his findings or if Parks twisted Picasso's imagery into his own new Secret Chicago Connections. Either way the events took place just before Picasso drew his seemingly unconnected version of the infamous imagery!

Hybrid Child Mariko Ohara, 2018-06-15 A classic of Japanese speculative fiction that blurs the line between consumption and creation when a cyborg assumes the form and spirit of a murdered child Until he escaped, he had been called "Sample B #3," but he had never liked this name. That would surprise them—that he could feel one way or another about it. He was designed to reshape himself based on whatever life forms he ingested; he was not made to think, and certainly not to assume the shape of a repair technician whose cells he had sampled and then simply walk out of the secure compound. Artificial Intelligence is all too real in this classic of Japanese science fiction by Mariko Ōhara. Jonah, a child murdered by her mother, has become the spirit of an AI-controlled house where the rogue cyborg once known as Sample B #3 takes refuge and, making a meal of the dead girl buried under the house, takes Jonah's form.

On faraway Planet Caritas, an outpost of human civilization, the female AI system that governs society has become insane. Meanwhile, the threat of the Adiaptron Empire, the machine race that #3 was built to fight, remains. With the familiar strangeness of a fairy tale, Ōhara's novel traverses the mysterious distance between body and mind, between the mechanics of life and the ghost in the machine, between the infinitesimal and infinity. The child as mother, the mother as monster, the monster as hero: this shape-shifting story of nourishment, nurture, and parturition is a rare feminist work of speculative fiction and received the prestigious Seiun (Nebula) Award in 1991. *Hybrid Child* is the first English translation of a major work of science fiction by a female Japanese author.

How to be both Ali Smith, 2014-12-02 MAN BOOKER PRIZE FINALIST • A novel all about art's versatility, borrowing from painting's fresco technique to make an original literary double-take. Cements Smith's reputation as one of the finest and most innovative of our contemporary writers. By some divine alchemy, she is both funny and moving; she combines intellectual rigor with whimsy —The Los Angeles Review of Books *How to be both* is a fast-moving genre-bending conversation between forms, times, truths and fictions. There's a Renaissance artist of the 1460s. There's the child of a child of the 1960s. Two tales of love and injustice twist into a singular yarn where time gets timeless, structural gets playful, knowing gets mysterious, fictional gets real—and all life's givens get given a second chance. Passionate, compassionate, vitally inventive and scrupulously playful, Ali Smith's novels are like nothing else. A NOTE TO THE READER: Who says stories reach everybody in the same order? This novel can be read in two ways, and the eBook provides you with both. You can choose which way to read the novel by simply clicking on one of two icons—CAMERA or EYES. The text is exactly the same in both versions; the narratives are just in a different order. The ebook is produced this way so that readers can randomly have

different experiences reading the same text. So, depending on which icon you select, the book will read: EYES, CAMERA, or CAMERA, EYES. (Your friend may be reading it the other way around.) Enjoy the adventure. (Having both versions in the same file is intentional.)

A terrifically stylish burst of kick-butt imagination.”—Entertainment Weekly “Convincing . . . frightening . . . *Virtual Light* is written with a sense of craft, a sense of humor and a sense of the ultimate seriousness of the problems it explores.”—Chicago Tribune “In the emerging pop culture of the information age, Gibson is the brightest star.”—The San Diego Union-Tribune

Street Angel Magie Dominic, 2014-07-28 Magie Dominic's first memoir, *The Queen of Peace Room*, was shortlisted for the Canadian Women's Studies Award, *ForeWord* magazine's Book of the Year Award, and the Judy Grahn Award. Told over an eight-day period, the book captured a lifetime of turbulent memories, documenting with skill Dominic's experiences of violence, incest, and rape. But her story wasn't finished. *Street Angel* opens to the voice of an eleven-year-old Dominic. She's growing up in Newfoundland. Her mother suffers from terrifying nighttime hallucinations. Her father's business is about to collapse. She layers the world she hears on radio and television onto her family, speaking in paratactic prose with a point-blank delivery. She finds relief only in the glamour of Hollywood films and the majesty of Newfoundland's wilderness. Revealing her life through flashbacks, humour, and her signature self-confidence, Dominic takes readers from 1950s Newfoundland to 1960s Pittsburgh, 1970s New York, and the end of the millennium in Toronto.

Capturing the long days of childhood, this book questions how important those days are in shaping who we become as we age and time seems to speed up. With quick brush-stroke chapters Dominic chronicles sixty years of a complex, secretive family in this story about violence, adolescence, families, and forgiveness.

Through reflection, her inner process of trying to deal with the internal struggle on one’s own by way of metaphysical practices and a spiritual outlook is revealed. From following her own path to overcoming her fears, to sacrificing everything for her dreams and strong sense of purpose gained from a devastating loss. She tries to trust her intuition, while going back and forth between hope and despair, walking the harder paths as an idealist who refuses to settle in life and love.
