Everything You Need to Know About Free Speech Don Rauf, 2018-07-15 One of the great benefits of living in a free country is having the right to freely express yourself. In the United States, the Constitution guarantees free speech for everyone. This freedom also applies to writing, art, music, and other forms of expression. Still, there are limits. Sometimes students face greater restrictions from their schools. Knowing your rights of free speech can be empowering and encourage people to put forth their beliefs, opinions, and ideas. This book explains issues of free speech in today's world and gives readers the knowledge they need to fully exercise this basic human right.

The Prophecies of Nostradamus Ryan Nagelhout, 2014-12-15 The prophecies of sixteenth-century French astrologer Nostradamus still resonate in our world. Many of his predictions have seemed to correlate with major world events. There are more predictions that may yet come to pass. However, there's much controversy surrounding Nostradamus's complicated writings. His use of anagrams and multiple languages make some doubt

whether today's translations are even accurate. Believers and nonbelievers both will be fascinated at this look at the mysterious man's life in plague-infested France as well as his most famous predictions. Readers will be able to decide for themselves whether they believe in the mystical powers of Nostradamus.
