Broadband In Brazil Peter Knight, Flavio Feferman, Nathalia Foditsch, 2016-11-18 The Internet has been a reality in Brazil for more than 20 years. Its growth has been encouraged by the government, by large telecom companies, and by small and medium Internet service providers, as well as by rapidly increasing demand. The achievements to date are clear, but almost half the population is still not participating in the digital world. Furthermore, the cost of broadband is still high and its quality should be improved so that it will be possible to take advantage of all the benefits it can bring, whether related to health, education, or even the exercise of political rights. It is necessary, therefore that the Brazilian Internet be fast, reliable, and accessible. This book brings together 23 specialists in various areas related to broadband, specialists who wanted to discuss Brazil's public policies and regulations as well as the progress and challenges related to expanding access to broadband Internet service. The 16 chapters also address the evolution of the country's broadband infrastructure, including experiences of entrepreneurship and public-private partnerships. This debate is fundamental for Brazil's technological, economic and social progress.

Buttress's World Guide to Abbreviations of Organizations Jean C. Swinbank, 2012-12-06 This edition of over 60 000 entries, including significantly more than 20% new or revised material, not only updates its predecessor but also continues the policy of extending coverage to areas dealt with only sparsely in previous editions. Special attention has been paid to the Far East, Australasia and Latin America in general, and to the People's Republic of China in particular. The cross-referencing between a defunct organization and its successor (indicated by ex and now) introduced into the last edition, has been extended. Otherwise the policies adopted in previous editions have been retained. All kinds of organizations are included - international, national, governmental, individual, large or small - but strictly local organizations have been omitted. The subject scope includes activities of all kinds, in the fields of commerce and industry, education, law, politics, public administration, religion, recreation, medicine, science and technology. The country of origin of a national organization is given in brackets, unless it is the home country of the title language or can be deduced readily from the title itself. Acronyms of parent bodies of subsidiary organizations are also added in brackets. Equivalences are used to link acronyms in different languages for the same organization. A select bibliography guides the reader to specialist works providing more detailed information.

IT'S ALL IN YOUR HEAD Russ, 2019-11-12 Instant National Bestseller! Wall Street Journal bestseller; USA Today bestseller; Publishers Weekly bestseller; international bestseller. An inspirational book by self-made musical superstar, Russ, reminding you that it starts with YOU, to believe in yourself, and to get out of your own way. Twenty-seven-year-old rapper, songwriter, and producer Russ walks his own path, at his own pace. By doing so, he proved that he didn't need a major label to surpass over a billion streams on Spotify/Apple Music, get on Forbes' 2019 "30 Under 30," make the Forbes' "30 Under 30 Cash Kings" at number 20 for most earned, sell out arenas across the U.S. and around the globe, and become one of the most popular and engaged rappers right now. His method was simple: love and believe in yourself absolutely and work hard no matter what. In this memoir, Russ inspires readers to walk to

their individual rhythms and beat their biggest obstacles: themselves. With chapters named after his most powerful and popular songs, IT'S ALL IN YOUR HEAD will reflect on the lessons he’s learned from his career, family, and relationships. He’ll push readers to bet on themselves, take those leaps of faith, and recognize struggles as opportunities. With illustrations throughout consistent with the brand Russ has built and his fan base loves, IT'S ALL IN YOUR HEAD will give readers an inside-look at the man and the motivation behind the music. A lover of books like The Alchemist and The Seven Spiritual Laws of Success, Russ delivers a short, potent, inspirational, raw, and honest book that gives readers a way to find self-belief and unlock their potential. Fans already rely on Russ as an inspiration of confidence; now, he is taking it to the next level with this book, which will contain lyrics from his music and visuals that reflect his inimitable style.

Be Nice (or Else!) Winn Claybaugh,2004 If you've tried it all-being smart, driven, healthy, clever, beautiful, first, fastest-don't forget the one thing that will give you what you really want. You know those moments when time stands still and you feel good about yourself and the life you're living? That's exactly what Be Nice is all about. It's your natural ability to experience that irresistible sense of joy, freedom, and contentment-anywhere, anytime, and with anyone. Of course, being nice also makes you more likable, looked up to, and sought after. But the real reason to Be Nice is that it's the one thing you can do today, right now, that will make you and anyone around you genuinely happy. The Be Nice revolution does come with a few new rules. For starters, it's not about being a doormat. You can say no-a lot-and still Be Nice. You can speak up, be funny, disagree, and even be completely honest (well, almost), and still Be Nice. Wouldn't you like to be the one to ... Inspire others, Build business, Defuse anger, Bring hope, Heal pain. Change the world-for the better! Add nice to whatever you're good at, and watch your relationships flourish, your career skyrocket, and opportunities for happiness and success open up all around you! Book jacket.
