*The Revelators* Ace Atkins,2020-07-14 In this gripping new crime novel from the New York Times-bestselling author, Quinn Colson returns to take down a criminal syndicate that has ravaged his community, threatened his family, and tried to have him killed. Shot up and left for dead, Sheriff Quinn Colson has revenge on his mind. With the help of his new wife Maggie, rehabilitation, and sheer force of will, he's walking again, eager to resume his work as a southern lawman and track down those responsible for his attempted murder. But someone is standing in his way: an interim sheriff, appointed by the newly elected Governor Vardaman, the man who Quinn knows ordered his murder. Vardaman sits at the top of the state's power structure--both legal and criminal--and little does he know, Quinn is still working to take him down. Quinn will enlist the help of his most trusted friends, including federal agent Jon Holliday, U.S. Marshal Lillie Virgil, and Nat Wilikins, an undercover agent now working for crime queen Fannie Hathcock. Since Quinn's been gone, the criminal element in north Mississippi has flourished, with Hathcock enjoying unbridled freedom. Now as a bustling factory

shuts down, a labor leader ends up dead, and Quinn's own nephew goes missing, everything looks to be unraveling. Even an old friend from Quinn's past, Donnie Varner, is out of jail and up to his own ways. Quinn Colson and company have been planning for years, and now they're finally ready to bust apart a criminal empire running on a rigged system for far too long. This is the Battle of Jericho, the epic showdown that's been years in the making. Eventually, the war will end--for better or worse.

**Running Lean** Ash Maurya, 2022-02-23 We're building more products today than ever before, but most of them fail--not because we can't complete what we want to build but because we waste time, money, and effort building the wrong product. What we need is a systematic process for quickly vetting product ideas and raising our odds of success. That's the promise of Running Lean. In this inspiring book, Ash Maurya takes you through an exacting strategy for achieving product/market fit for your fledgling venture. You'll learn ideas and concepts from several innovative methodologies, including the Lean Startup, business model design, design thinking, and Jobs-to-be-Done. This new edition introduces the continuous innovation framework and follows one entrepreneur's journey from initial vision to a business model that works. Deconstruct your idea using a one-page Lean Canvas Stress-test your idea for desirability, viability, and feasibility Define key milestones charted on a traction roadmap Maximize your team's efforts for speed, learning, and focus Prioritize the right actions at the right time Learn how to conduct effective customer interviews Engage your customers throughout the development cycle Continually test your product with smaller, faster iterations Find a repeatable and scalable business model

**Program Management** Mitchell L. Springer, 2005-02-09 Although many might argue that program management is magic or luck, and at times this might be the case, Springer instead describes program management as both an art and a science. The art of program management is addressed through the numerous qualitative aspects of dealing with people, working in teams, understanding what motivates people, and gaining an understanding of how we manage. The quantitative side is composed of a process with multiple activities with clear-cut outcomes. The integration of the multiple activities and outcomes provides a powerful framework for successfully planning a program. Program Management: A Comprehensive Overview of the Discipline, doing what no other book has done, integrates and depicts each of the many program activities, art and science, into a well-defined sequence for creating a successful program plan. Program management is not reserved for multi-million dollar programs with strategic governmental or defense implications. The process presented by the author can be applied to any project, whether it be building a garage or planting a garden. The examples presented provide a clear and concise picture of the complete set of activities, how the responsible parties interact and which outcomes are desired for each activity.

**Back on Top!** Mark Mayfield, 2016-10-25 It was fitting that Alabama and Clemson put on one of college's football's greatest ever championship games on a magical January night in Glendale, Arizona, with a dazzling display of athleticism, power and heart. When it was done, the Crimson Tide emerged with a jaw-dropping 45-40 victory and secured an almost unprecedented fourth national college football title in seven years. Only Notre Dame, which topped the Associated Press college football polls four times in seven seasons during the 1940s, has come close to the same feat. But that was in an era when the Irish didn't play in bowl games, college teams had shorter schedules, and there were no scholarship limits. Even the powerhouses of Miami in the 1980s, Nebraska in the 1990s, and Southern Cal in the early-to-mid 2000s, never won as many championships in as short a period of time. More astonishing, Nick Saban, who will enter his 10th season at Alabama this fall, is now being seriously compared to the most legendary coach in college football history, Paul "Bear" Bryant, who won six national championships with the Crimson Tide. Those titles, however, were spread over Bryant's 25-year tenure at Alabama. As great as Bryant was, Saban has now emerged out of his shadow and into a vaunted spot in college football history. Saban's latest team, the 2015 edition, will be remembered for a dominating front seven on defense, a remarkable resurgence after a turnover-filled early season loss, and a running back—Derrick Henry—who shattered the Southeastern

Conference’s 35-year-old single-season rushing record held by Herschel Walker. In the process, Henry became Alabama’s second-ever Heisman Trophy winner, and finished with 2,219 rushing yards and 28 touchdowns—SEC records not likely to be broken anytime soon. Back on Top! takes an in-depth look back at the Crimson Tide’s challenging 2015 season, beginning with the first game against Wisconsin on a neutral field in Dallas, and ending with the College Football Playoff’s national championship game in the Arizona desert. It will also pitch forward to examine what Alabama fans can expect during Nick Saban’s 10th season in Tuscaloosa as the Crimson Tide reloads for another championship run. Skyhorse Publishing, as well as our Sports Publishing imprint, are proud to publish a broad range of books for readers interested in sports—books about baseball, pro football, college football, pro and college basketball, hockey, or soccer, we have a book about your sport or your team. Whether you are a New York Yankees fan or hail from Red Sox nation; whether you are a die-hard Green Bay Packers or Dallas Cowboys fan; whether you root for the Kentucky Wildcats, Louisville Cardinals, UCLA Bruins, or Kansas Jayhawks; whether you route for the Boston Bruins, Toronto Maple Leafs, Montreal Canadiens, or Los Angeles Kings; we have a book for you. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.
