Hassaniya Arabic (Mali)-English-French Dictionary

Jeffrey Heath, 2004 Hassaniya is the Arabic spoken in Mali, Mauritania, and the Western Sahara. It reflects the speech of the Arabian beduin tribes (Banu Hisan and Ma'qil) who arrived in the Maghreb via Egypt in the 11th century. Hassaniya is completely different from mainstream Maghrebi Arabic, especially that of Morocco and western Algeria, which took shape after the original Arab invasion of the 7th century. In Mali (unlike Mauritania),

Hassaniya is a minority vernacular with little exposure to the literary language. It is as pure a beduin Arabic as one can find in the Arab world today. This dictionary, and the volume Hassaniya Arabic (Mali): Poetic and Ethnographic Texts* in the same series, document Hassaniya as spoken in sahelian and desert areas near Timbuktu and the Medieval imperial city Gao on the Niger River. They are based primarily on recordings and lexicographic study made in the late 1980's. The dictionary functions in part as a glossary for the texts, and lexical entries include many page-line references to textual occurrences. Glosses are given in French as well as English to maximize the dictionary's usefulness to multiple audiences.

Luxembourgish / English / French Phrasebook John C.

Rigdon, 2017-08-21 This phrasebook features terms and sample sentences in English, French, and Luxembourgish. Luxembourgish is a West Germanic language spoken by about 500,000 people in Luxembourg, France, Belgium, and Germany. There are also a few Luxembourgish speakers in the USA. It has a lot in common with German and Dutch, and has also borrowed some words from French. More than 350,000 people commute to work in Luxembourg every day - mostly from France, Belgium and Germany - making a mix of languages, including English, a necessity in navigating local life. Luxembourgish is used in pre-school education in Luxembourg. Primary education is in German and senior education is in French. Many people also learn another language, such as English or Dutch. Local radio stations broadcast a few hours of Luxembourgish each week. Debates in the Luxembourg parliament are carried out mainly in Luxembourgish, though some deputies prefer to use French. Laws are drafted in French, but people are free to use French, German or Luxembourgish when dealing with administrative and judicial

matters. This phrasebook is extracted from our Words R Us system, a derivative of WordNet. English Wordnet, originally created by Princeton University is a lexical database for the English language. It groups words in English into sets of synonyms called synsets, provides brief definitions and usage examples, and records a series of relationships between these sets of synonyms. WordNet can be viewed as both a combination of dictionary and thesaurus. This phrasebook will be indispensable for any international company doing business in areas where Luxembourgish is spoken. We also publish a companion volume with definitions of the terms in English. Check our website for availability. For pronunciation and definitions of the words in this book, see our website at <http://www.wordsrus.info>
