Arizona's Yesterday Basil Woon, John H. Cady, 2021-04-25 This book is about frontier and pioneer life in Arizona as remembered by John H. Cady. He was born in New York but migrated West. His reminiscences are full of cowboys and Indians, the rugged terrain, and the hardships and friendships that were formed. Basil Woon has rewritten and revised these memories in the full knowledge of Cady himself.

Arizona's Yesterday John H. Cady, Basil Woon, Murat Ugray, 2014-10-26 This book, in affectionate tribute to the gallant courage, rugged independence and wonderful endurance of those adventurous souls who formed the vanguard of civilization in the early history of the Territory of Arizona and the remainder of the Great West, is DEDICATED TO JOHN H. CADY and BASIL D. WOON PATAGONIA, ARIZONA, NINETEEN-FIFTEEN. When I first broached the matter of writing his autobiography to John H. Cady, two things had struck me particularly. One was that of all the literature about Arizona there was little that attempted to give a straight, chronological and intimate description of events that occurred during the early life of the Territory, and, second, that of all the men I knew, Cady was best fitted, by reason of his extraordinary experiences, remarkable memory for names and dates, and seniority in pioneership, to supply the work that I felt lacking. Some years ago, when I first came West, I happened to be sitting on the observation platform of a train bound for the orange groves of Southern California. A lady with whom I had held some slight conversation on the journey turned to me after we had left Tucson and had started on the long and somewhat dreary journey across the desert that stretches from the Old Pueblo to San Berdoo, and said: Do you know, I actually used to believe all those stories about the 'wildness of the West.' I see how badly I was mistaken. She had taken a half-hour stroll about Tucson while the train changed crews and had been impressed by the—to the casual observer—sleepiness of the ancient town. She told me that never again would she look on a wild West moving picture without wanting to laugh. She would not believe that there had ever been a wild West—at least, not in Arizona. And yet it is history that the old Territory of Arizona in days gone by was the wildest and woolliest of all the West, as any old settler will testify.

Arizona's Yesterday, Being the Narrative of John H. Cady, Pioneer John Henry Cady, 1916

It Seems Like Only Yesterday Robert Lenon,2004 Bob Lenon came from Nebraska to Yuma, in 1914, just two years after Arizona had become the 48th state. He remembers seeing the Colorado River when it had no highway bridges and traveling on a plank road across dunes where an Interstate Highway now runs. Because Bob grew up listening to neighbors' tales of gold in the hills, it was natural for him to make mining his life-as a prospector and as a mining engineer. He became an intrinsic part of the process by which copper, gold, and other metals were extracted from Arizona rock. In more than 90 years as an Arizonan, he has witnessed many changes, and, in fact, as a surveyor, he mapped a lot of them! In this second of two volumes, Bob describes his university years and his work for big mining companies in Bisbee and then as a smalltime entrepreneur in a region where mining had fallen upon hard times. He also recalls his service in World War II, after which, for 50 years, he was a mining consultant and owner of a surveying firm in Patagonia. In addition, he recounts tales told by a few of the historic maps in his vast collection.

Sins of Yesterday Romeo Preminger,2022-01-05

Thirty Years Into Yesterday Jefferson Reid,Stephanie Whittlesey,2015-11-01 For thirty years, the University of Arizona Archaeological Field School at Grasshopper—a 500-room Mogollon pueblo located on what is today the Fort Apache Indian Reservation in Arizona—probed the past, taught scholars of international repute, and generated controversy. This book offers an extraordinary window into a changing American archaeology and three different research programs as they confronted the same pueblo ruin. Like the enigmatic Mogollon culture it sought to explore and earlier University of Arizona field schools in the Forestdale Valley and at Point of Pines, Grasshopper research engendered decades of controversy that still lingers in the pages of professional journals. Jefferson Reid and Stephanie Whittlesey, players in the controversy who are intimately familiar with the field school that ended in 1992, offer a historical account of this major archaeological project and the intellectual debates it fostered. *Thirty Years Into Yesterday* charts the development of the Grasshopper program under three directors and through three periods dominated by distinct archaeological paradigms: culture history, processual archaeology, and behavioral archaeology. It examines the contributions made each season, the concepts and methods each paradigm used, and the successes and failures of each. The book transcends interests of southwestern archaeologists in demonstrating how the three archaeological paradigms reinterpreted Grasshopper, illustrating larger shifts in American archaeology as a whole. Such an opportunity will not come again, as funding constraints, ethical concerns, and other issues no doubt will preclude repeating the Grasshopper experience in our lifetimes. Ultimately, *Thirty Years Into Yesterday* continues the telling of the Grasshopper story that was begun in the authors' previous books. In telling the story of the archaeologists who recovered the material residue of past Mogollon lives and the place of the Western Apache people in their interpretations, *Thirty Years Into Yesterday* brings the story full circle to a stunning conclusion.

Dry Death in Arizona Elizabeth Bruening Lewis,2012-04-12 What do the sinking of Mussolini's plane in Lake Roosevelt, Arizona (the dictator unfortunately not being aboard), the placement of a house of ill repute in Globe, Arizona, and the events of December 24th, 1944, (in what is now Papago Park, partially in Phoenix), have in common? They are all part of the history of Arizona and the bedrock upon which *Dry Death in Arizona* is founded. However, the action takes place in the real world of Arizona today, which is given color and depth by the real world of Arizona's yesterday. One would think that trying to rebuild a life shattered by kidney disease and adapting to the demands of dialysis would be enough of a challenge for anyone. However, when someone attacks former Vassar professor of Anglo Saxon Studies, Abby Taylor, on her own patio, she fears that she has been targeted for an immediate death which has nothing to do with renal problems. But why would anyone want to kill her? And why would anyone murder a local nephrologist with a killer kidney? Or shoot an annoying acquaintance of Abby's with a classic rifle? Mysteries compound, and Abby, together with her faithful Corgi dog, Francis, and the intriguing, ever dearer David Neale, find themselves once again drawn into a maelstrom of mayhem and murder...

It Seems Like Only Yesterday: The Yuma years Robert Lenon,2004-06 Bob Lenon came to Yuma as a first-grader in 1914, only two years after Arizona became the last of the contiguous 48 states to join the union. He remembers vividly the transformation of that primitive land, with dirt roads and tire tracks where Interstate Highways stand today. Bob grew up listening to tales of his neighbors-old prospectors and miners. Inspired by them, he became a mining engineer and an intrinsic part of the process by which copper, gold, and other metals were extracted from Arizona rock. In his 90 years of residence in Arizona, he has witnessed many changes, and, in fact, he mapped a lot of them! In this first of two volumes, he describes how his family came from their ancestral home in Scotland to Pennsylvania, Iowa, Nebraska, and finally Arizona. Then, in detail, he recalls the Yuma he knew as a boy-a town of a few thousand souls with many stories to tell. Now he is ready to tell his own.
