**Isaac Asimov**

I, Asimov Isaac Asimov, 2009-12-23 Arguably the greatest science fiction writer who ever lived, Isaac Asimov also possessed one of the most brilliant and original minds of our time. His accessible style and far-reaching interests in subjects ranging from science to humor to history earned him the nickname "the Great Explainer." I. Asimov is his personal story—vivid, open, and honest—as only Asimov himself could tell it. Here is the story of the paradoxical genius who wrote of travel to the stars yet refused to fly in airplanes; who imagined alien universes and vast galactic civilizations while staying home to write; who compulsively authored more than 470 books yet still found the time to share his ideas with some of the great minds of our century. Here are his wide-ranging thoughts and sharp-eyed observations on everything from religion to politics, love and divorce, friendship and Hollywood, fame and mortality. Here, too, is a riveting behind-the-scenes look at the varied personalities—Campbell, Ellison, Heinlein, Clarke, del Rey, Silverberg, and others—who along with Asimov helped shape science fiction. As unique and irrepressible as the man himself, I. Asimov is the candid memoir of an incomparable talent who entertained readers for nearly half a century and whose work will surely endure into the future he so vividly envisioned.

The second novel in Isaac Asimov's classic science-fiction masterpiece, the Foundation series THE EPIC SAGA THAT INSPIRED THE APPLE TV+ SERIES FOUNDATION Led by its founding father, the psychohistorian Hari Seldon, and utilizing science and technology, the Foundation survived the greed and barbarism of its neighboring warrior-planets. Now cleverness and courage may not be enough. For the Empire—the mightiest force in the Galaxy—is even more dangerous in its death throes. Even worse, a mysterious entity called the Mule has appeared with powers beyond anything humanly conceivable. Who—or what—is the Mule? And how is humanity to defend itself against this invulnerable avatar of annihilation? **Yours, Isaac Asimov** Isaac Asimov, 1995 Isaac Asimov was one of the most prolific authors of our time. When he died in 1992 at the age of seventy-two, he had published more than 470 books in nearly every category of fiction and nonfiction. Asimov was a prodigious correspondent as well as a prolific author. During his professional career he received more than one hundred thousand letters, over ninety thousand of which he answered. For Asimov's younger brother, veteran newspaperman Stanley Asimov, the creation of *Yours*, Isaac Asimov was truly a labor of love. Completed before Stanley's death in August 1995, the book is made up of excerpts from one thousand never-before-published letters, each handpicked by Stanley for inclusion in this volume. Arranged by subject and accompanied by Stanley's short, insightful introductions, here are letters to statesmen and scientists, actors and authors, as well as to children, housewives, aspiring writers, and fans the world over. The letters are warm, engaging, reasoned, and occasionally impassioned. Through them all Isaac Asimov's legendary genius, wit, and charm shine through. And so we have *Yours*, Isaac Asimov: A Lifetime of Letters, an intimate glimpse into the thoughts, feelings, and opinions of a great writer and thinker of the modern age. As Stanley Asimov advised, Read the letters carefully. One of them may have been

written to you. From the Trade Paperback edition.
