

# **Asl Lite**

**Martin L. Sternberg**

Sign Language Made Simple Karen Lewis, 1997-08-18 Sign Language Made Simple will include five Parts: Part One: an introduction, how to use this book, a brief history of signing and an explanation of how signing is different from other languages, including its use of non-manual markers (the use of brow, mouth, etc in signing.) Part Two: Fingerspelling: the signing alphabet illustrated, the relationship between signing alphabet and ASL signs Part Three: Dictionary of ASL signs: concrete nouns, abstractions, verbs, describers, other parts of speech-approx. 1,000 illustrations. Will also include instructions for non-manual markers, where appropriate. Part Four: Putting it all together: sentences and transitions, includes rudimentary sentences and lines from poems, bible verses, famous quotes-all illustrated. Also, grammatical aspects, word endings, tenses. Part Five: The Humor of Signing: puns, word plays and jokes. Sign Language Made Simple will have over 1,200 illustrations, be easy to use, fun to read and more competitively priced than the competition. It's a knockout addition to the Made Simple list.

Barron's American Sign Language David A. Stewart, Jennifer Stewart, 2021-01-05 Barron's American Sign Language is a brand-new title on ASL that can be used in the classroom, as a supplemental text to high school and college courses, or for anyone who wants to learn proper ASL. The only book with comprehensive instruction and online graded video practice quizzes, plus a comprehensive final video exam. Content includes topics on the Deaf culture and community, ASL Grammar, fingerspelling, combining signs to construct detailed sentences, Everyday ASL, and much more. More than 1,000 illustrations of signs with instructions on movement--step-by-step with dialogue, tip boxes, and practice exercises and quizzes throughout to reinforce retention and to track your progress.

**Intermediate Conversational Sign Language** Willard J. Madsen, 1982 This text offers a unique approach to using American Sign Language (ASL) and English in a bilingual setting. Each of the 25 lessons involves sign language conversation using colloquialisms that are prevalent in informal conversations. It also includes practice tests and a glossed alphabetical index.

*1,000 Signs of Life*, 2004 Basic ASL for everyday conversation.

**Learning to See** Sherman Wilcox, Phyllis Perrin Wilcox, 1997 As more and more secondary schools and colleges accept American Sign Language (ASL) as a legitimate choice for second language study, *Learning to See* has become even more vital in guiding instructors on the best ways to teach ASL as a second language. And now this groundbreaking book has been updated and revised to reflect the significant gains in recognition that deaf people and their native language, ASL, have achieved in recent years. *Learning to See* lays solid groundwork for teaching and studying ASL by outlining the structure of this unique visual language. Myths and misconceptions about ASL are laid to rest at the same time that the fascinating, multifaceted elements of Deaf culture are described. Students will be able to study ASL and gain a thorough understanding of the cultural background, which will help them to grasp the language more easily. An explanation of the linguistic basis of ASL follows, leading into the specific, and above all, useful information on teaching techniques. This practical manual systematically presents the steps necessary to design a curriculum for teaching ASL, including the special features necessary for training interpreters. The new *Learning to See* again takes its place at the forefront of texts on teaching ASL as a second language, and it will prove to be indispensable to educators and administrators in this special discipline.

**The American Sign Language Phrase Book** Louie J. Fant, 1994 Demonstrates sign language phrases for various topics, including health, family, school, sports, travel, religion, time, money, and

food.

**Introduction to American Sign Language** Harry W. Hoemann, 1986

**Baby Sign Language Flash Cards**, 2019

**Linguistics of American Sign Language** Clayton Valli, Ceil Lucas, 2000 New 4th Edition completely revised and updated with new DVD now available; ISBN 1-56368-283-4.

*Communicating in Sign* Diane P. Chambers, 1998-07-08 Places ASL within the context of Deaf culture.

Essential ASL Martin L. Sternberg, 1996-06-27 This illustrated introductory dictionary is an abridged edition of the book, American sign language.

**Learn Sign Language in a Hurry** Irene Duke, 2009-07-18 I love you. What can I get you? Let's take a walk. Wanting to say simple things like these but not being able to is frustrating and disheartening—but learning how to communicate can be easy and fun! This book is a basic guide to the alphabet, vocabulary, and techniques it takes to connect using American Sign Language. Whether signing out of necessity or learning for the sake of growing, you will enjoy this practical primer. After reading this book, you will be able to use American Sign Language in a social, educational, or professional setting. Whether the goal is to communicate with hearing-impaired grandparent, a child with special needs in school, or an infant, people learn sign language for many different reasons. Easy to read and reference—and complete with images and examples of common signs—this basic guide allows you to make a meaningful connection that's otherwise impossible.

**E-Z American Sign Language** David A. Stewart, Elizabeth Stewart, Lisa M. Dimling, 2011-09-01 This heavily illustrated, self-teaching guide to ASL--American Sign Language--is useful both for the deaf and for those men and women who teach or work among deaf people. E-Z American Sign

Language presents ASL's 10 key grammatical rules and emphasizes the use of facial grammar as an important supplement to manual signing. Most of the book's content takes the form of a presentation of more than 800 captioned line drawings that illustrate signs for their equivalent words and then show how to combine signs in order to communicate detailed statements. Barron's E-Z Series books are updated, and re-formatted editions of Barron's older and perennially popular Easy Way books. Titles in the new E-Z Series feature extensive two-color treatment, a fresh, modern typeface, and more graphic material than ever. All are self-teaching manuals that cover a wide variety of practical and academic subjects, written on levels that range from senior high school to college-101 standards.

**The Language of Light** Gerald Shea, 2017-01-01 A comprehensive history of deafness, signed languages, and the unresolved struggles of the Deaf to be taught in their unspoken tongue Partially deaf due to a childhood illness, Gerald Shea is no stranger to the search for communicative grace and clarity. In this eloquent and thoroughly researched book, he uncovers the centuries-long struggle of the Deaf to be taught in sign language--the only language that renders them complete, fully communicative human beings. Shea explores the history of the deeply biased attitudes toward the Deaf in Europe and America, which illogically forced them to be taught in a language they could neither hear nor speak. As even A.G. Bell, a fervent oralist, admitted, sign language is the quickest method of reaching the mind of a deaf child. Shea's research exposes a persistent but misguided determination among hearing educators to teach the Deaf orally, making the very faculty they lacked the principal instrument of their instruction. To forbid their education in sign language--the language of light--is to deny the Deaf their human rights, he concludes.

**The American Sign Language Phrase Book** Barbara Bernstein Fant, Betty Miller, Lou

Fant,2008-05-01 Open up a whole new world of communication through ASL You can easily learn ASL with help from The American Sign Language Phrase Book. With more than 500 phrases, this is the reference guide to everyday expressions in American Sign Language, providing a quick way for you to converse with deaf people. Clearly illustrated with hundreds of line drawings, this book focuses on areas such as health, family, school, sports, travel, religion, time, money, food and drink, and small talk. This edition's new chapter on technology boasts 50 phrases to help you communicate about the Internet, computing, video relay, and more. There is even a chapter that gives you phrases for communicating about signing: asking people to sign slower, indicating your fingerspelling ability, and requesting help with your fledgling skills. From asking simple questions ("How are you?") to more complex phrases ("There's no sign for that, you have to fingerspell it."), The American Sign Language Phrase Book gives you the power to communicate easily and comfortably in ASL.

American Sign Language For Dummies Adan R. Penilla, II,Angela Lee Taylor,2016-11-11 Grasp the rich culture and language of the Deaf community To see people use American Sign Language (ASL) to share ideas is remarkable and fascinating to watch. Now, you have a chance to enter the wonderful world of sign language. American Sign Language For Dummies offers you an easy-to-access introduction so you can get your hands wet with ASL, whether you're new to the language or looking for a great refresher. Used predominantly in the United States, ASL provides the Deaf community with the ability to acquire and develop language and communication skills by utilizing facial expressions and body movements to convey and process linguistic information. With American Sign Language For Dummies, the complex visual-spatial and linguistic principles that form the basis for ASL are broken down, making this a great resource for friends, colleagues, students, education personnel, and parents of Deaf children. Grasp the various ways ASL is communicated Get up to

speed on the latest technological advancements assisting the Deaf Understand how cultural background and regionalism can affect communication Practice signing with videos online If you want to get acquainted with Deaf culture and understand what it's like to be part of a special community with a unique shared and celebrated history and language, American Sign Language For Dummies gets you up to speed on ASL fast.

*Sign to Learn* Kirsten Dennis,Tressa Azpiri,2005-09-22 Everyone is talking about signing with young children. As a form of early communication for infants and toddlers, or as a transitioning tool for children just beginning to speak, the benefits of signing with hearing children are endless. Sign to Learn is the first complete introduction to sign language curriculum for hearing preschoolers. In this unique resource, you will learn how to integrate American Sign Language (ASL) into your classroom to enhance the academic, social, and emotional development of children, and how to respectfully introduce children to Deaf culture. This comprehensive, fully illustrated curriculum contains captivating activities and lesson plans grouped by themes, including feelings, food, seasons, animals, songs, and families. Sign to Learn also contains strategies for using sign language with children with special needs and in multilingual classrooms, and it describes how ASL can assist you in developing a literacy program and in managing your classroom. Information-rich appendices include a thorough ASL illustration index, sample letters to families, and resources for further reading.
