Sex and Sexuality in Ancient Rome L. J. Trafford, 2021-11-30 A fascinating and often-funny look into Romans' private (or not-so-private) lives, exploring the truth behind the empire's salacious reputation. From emperors to empresses, poets to prostitutes, slaves to plebs, ancient Rome was a wealth of different experiences and expectations—nowhere more so than around the subject of sex and sexuality. The image of ancient Rome that has come down to us is one of sexual excess: emperors gripped by perversion partaking in pleasure with whomever and whatever they fancied during weeklong orgies. But how true are these tales of depravity? Was it really a sexual free-for-all? What were the laws surrounding sexual engagement? How did these vary according to gender and class? And what happened to those who transgressed the rules? We invite you to climb into bed with the Romans to discover some very odd contraceptive devices, gather top tips on how to attract a partner, and learn why you should avoid poets as lovers at all costs. Along the way we'll stumble across potions and spells, emperors and their favorites, and some truly eye-popping interior decor choices.

Parenting: Illustrated with Crappy Pictures Amber Dusick, 2013-04-01 The drawings aren't very good, Mama. —Crappy Boy, age 5 Of course you love being a parent. But sometimes, it just sucks. I know. I'm Amber Dusick and I started my blog Parenting: Illustrated with Crappy Pictures because I needed a place to vent about the funny (and frustrating) day-to-day things that happened to me as a parent. Turns out, poop is hilarious! At least when you're not the one wiping it up. This book won't make your frustrating moments any less crappy. But these stories about my Crappy Baby, Crappy Boy and my husband, Crappy Papa, will hopefully make you laugh. Because you're not alone. And sometimes the crappiest moments make the best memories. Parenting is wonderful! And also, well, you know.

Heartstream Tom Pollock, 2019-07 I just wanted to see you. Before the end. A taut psychological thriller about obsession, fame and betrayal, for fans of Black Mirror. Cat is in love. Always the sensible one, she can't believe that she's actually dating, not to mention dating a star. But the fandom can't know. They would eat her alive. And first at the buffet would definitely be her best friend, Evie. Amy uses Heartstream, a social media app that allows others to feel your emotions. She broadcasted every moment of her mother's degenerative illness, and her grief following her death. It's the realest, rawest reality TV imaginable. But on the day of Amy's mother's funeral, Amy finds a strange woman in her kitchen. She's rigged herself and the house with explosives - and she's been waiting to talk to Amy for a long time. Who is she? A crazed fan? What does she want? Amy and Cat are about to discover how far true obsession can go.

Investigative Forensic Hypnosis Joe Niehaus, 1998-07-29 Historically viewed as a vehicle for entertainment or the occult, hypnosis has slowly gained recognition as an effective tool in the medical arts, sports programs, and stress seminars. Gradually law enforcement specialists also have used hypnosis - specifically forensic hypnosis - as a powerful tool when collecting information from the witness. Hypnosis serves police and prosecutors by enabling the witness to recall minute details that they had previously forgotten due to momentary excitement or fear. Investigative Forensic Hypnosis presents the practical application and scientific side of this subject, explaining forensic hypnosis in an understandable way, answering many common questions, and identifying its practical use in the courtroom. The author, with 22 years of experience in law enforcement and 14 years experience in forensic hypnosis, brings his outstanding law enforcement background and valued expertise to this important, informative handbook, dissolving misconceptions or doubts and illuminating forensic hypnosis as a valuable advantage in any case. Two parts divide the discussion: The Essence of Hypnosis - covers the origins of hypnosis to its current uses o explains

hypnosis from a scientific approach o clarifies misleading information o provides a logical approach to this unusual phenomenon o illustrates its potential in law enforcement Investigative Forensic Hypnosis - arms its reader with a clear understanding of hypnosis o discusses applications to the criminal justice system o outlines essential guidelines for correctly using forensic hypnosis o identifies specific procedures for determining the facts of a case The information presented assists: the hypnotist performing this investigative technique the investigator considering hypnosis lawyers and judges determining the appropriate application of hypnosis in a case This book provides the framework for hypnosis as a successful and dependable tool to assist in investigations - not to solve crimes by magic but to provide useful, indispensable clues and details. This technique improves information gained from that most important asset in a case - the witness. Understanding the proper guidelines provided in Investigative Forensic Hypnosis can make a good witness a great witness.

Warhol-isms Andy Warhol, 2022-05-10 A unique collection of brilliant quotations from the legendary Pop artist One of the most influential artists of his time and ours, Andy Warhol is nearly as renowned for what he said as for what he did. Indeed, he is so quotable that things he never said are endlessly and plausibly attributed to him, including, fittingly, the most celebrated fake Warhol saying—"In the future, everyone will be world-famous for 15 minutes." Warhol-isms separates legend from fact to present a unique and comprehensive collection of authentic quotations from the Pop artist. Gathered from interviews and other primary sources, these deadpan, droll, ironic, and sincere gems—in which a superficial embrace of superficiality often disguises provocative, unconventional ideas—provide compelling insights into the life and work of an artist who has left an indelible mark on art and popular culture. Select quotations from the book: I think an artist is anybody who does something well. I went to [a psychiatrist] once, and he never called me back. They always say that time changes things, but you actually have to change them yourself. I've never met a person I couldn't call a beauty. New things are always better than old things. I'm still a commercial artist. I was always a commercial artist.
