Chris Cheng

**The Evolution of the Black Rifle: 20 Years of Upgrades, Options, and Accessories** Jeff Zimba,2014-11-26 Jeff Zimba brings the reader on a twenty-year journey through the testing and evaluation phase of America's longest serving battle rifle, now known by many names, such as the AR-15, M16, M4, 416, and many others. From the History and Development of the Modern Black Rifle (an award winning, in-depth article) to accessories and configurations the reader may have never even heard about, this book includes numerous, previously published articles focused solely on the black rifle and includes a few of the author's picks for new upgrades and systems to watch in the future. With a Foreword by legendary musician, outspoken outdoorsman, and 2nd Amendment advocate, Ted Nugent, and a Preface by a former Navy Seal of the elite Team 6 and member of the top secret team REDCELL, never before has such a compilation of articles on a single weapon system been published. Join Jeff Zimba on his journey to study (in his words) the most versatile modular weapon system ever designed.

**Battlefield 2: Modern Combat** David Knight,2005 Your Field Manual for Moving Up the Ranks \*Hunt down all the Field Tasks with detailed maps \*Details on ranks and soldier enhancements help you master the military hierarchy \*Tips and stats for all five classes \*Battle-proven tactics for all land, sea, and air vehicles \*Detailed strategies for the propaganda-fueled single-player campaign \*Tips on maximizing your score in the single-player challenges \*Comprehensive guide to all state-of-the-art weapons, including upgrades and attachments \*Comprehensive strategy and control point breakdowns for all multiplayer maps

**The Ruger 10/22** William Workman,1994 Enjoy William E. Workman's presentation of the most popular, best-selling and best-built .22 caliber semi-automatic rifle of all time. Discover serial numbering, rollmarkings, sights, stocks, magazines, manuals and boxes and more.

**Guns in American Society [3 volumes]** Jaclyn Schildkraut,Gregg Lee Carter,2022-12-01 The revised third edition of the landmark Guns in American Society provides an authoritative and objective survey of the history and current state of all gun-related issues and areas of debate in the United States. Guns in American Society: An Encyclopedia of History, Politics, Culture, and the Law is a comprehensive and evenhanded three-volume reference resource for understanding all of the political, legal, and cultural factors that have swirled around gun rights and gun control in America, past and present. The encyclopedia draws on a vast array of research in criminology, history, law, medicine, politics, and social science. It covers all aspects of the issue: gun violence, including mass shootings in schools and other public spaces; gun control arguments and organizations; gun rights arguments and organizations; the firearms industry; firearms regulation, legislation, and court decisions; gun subcultures (for example, hunters and collectors); leading opinion-shapers on both sides of the gun debate; technological innovations in firearm manufacturing; various types of firearms, from handguns to assault weapons; and evolving public attitudes toward guns. Many of these entries place the topics in both historical and cross-cultural perspective.

**Counter-Terrorism for Emergency Responders** Robert A. Burke,2017-10-31 Using the authors many years of experience in emergency services and his skills as a hazardous materials consultant, prepares the first responder to handle everything from re-establishing control and on-scene triage to investigating the crime. Including information on pre-incident and avoidance tactics, the author also discusses monitoring and detection techniques, protective equipment and decontamination, and an extensive list of resource organizations and training opportunities. This up-to-date 3rd edition is written to provide concise information for emergency responders who might be called upon to confront explosive, chemical, nuclear, biological, or incendiary acts of terrorism.

**Reducing Gun Violence in America** Daniel W. Webster,Jon S. Vernick,2013-01-28 The book includes an analysis of the constitutionality of many recommended policies and data from a national public opinion poll that reflects support among the majority of Americans—including gun owners—for stronger gun policies.

**Shoot to Win** Chris Cheng,2018-05-01 A surprising journey from tech support to professional marksman in front of the cameras. Chris Cheng won the title of “Top Shot,” a \$100,000 cash prize, and a professional marksman contract with the show sponsor, Bass Pro Shops. How did a tech support guy who didn’t shoot a lot of guns beat out seventeen other competitors—including seasoned military veterans, law enforcement officers, and pro marksmen—in History Channel’s Top Shot season 4? An excellent guide for beginning shooters, Cheng focuses on the basics and ammunition of pistols, rifles, and shotguns, marksmanship fundamentals, and buying a firearm. Other chapters include: Dry Fire Practice Firearm Accessories Safely Storing Your Firearm Cleaning and Maintaining Your Guns And much more! Additionally, Cheng covers his approach to staying calm under pressure, teamwork, sportsmanship, and leadership. These traits contributed to his coming out on top and staying above the fray. With a foreword written by Top Shot season 3 champion Dustin Ellermann and an afterword written by the original Top Shot champion Iain Harrison, Shoot to Win is sure to please shooters of all stripes, but especially fans of History Channel’s program Top Shot. Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns, rifles, handguns, target shooting, gun collecting, self-defense, archery, ammunition, knives, gunsmithing, gun repair, and wilderness survival. We publish books on deer hunting, big game hunting, small game hunting, wing shooting, turkey hunting, deer stands, duck blinds, bowhunting, wing shooting, hunting dogs, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.

**Homeland Insecurity** Ann Gordon,Kai Hamilton Gentry,2021-03-09 In this book, Ann Gordon and Kai Hamilton Gentry expertly illuminate how the public has a role to play in ensuring its own security. Recent terror attacks and mass shootings in the United States have added urgency to the need for research on terrorism, the public’s understanding of the precursors of terrorism and public preparedness for mass shootings and acts of terror. Unfortunately, most Americans do not understand what constitutes suspicious behavior or how to report it. Even more alarmingly, the public does not know what to do in the event of terrorist attack or mass casualty incident. Drawing on five years of the Chapman Survey of American Fears (CSAF), a nationally representative survey, and real-world events, Homeland InSecurity offers actionable solutions on how to educate the public to overcome fear and play an active role securing schools, public venues and the homeland itself. The book addresses proposals by survivors and victims’ families to reduce violence through campaigns to deny shooters the notoriety they seek and reduce access to guns. It also explores the rise of activism among survivors of school shootings and their quest to educate the public and end school shootings. Homeland InSecurity will be essential for scholars, students, and policy makers.

**Politics of Gun Control** Robert J. Spitzer, 2015-11-17 The new edition of this classic text covers the latest developments in American gun policy, including shooting incidents plaguing the American landscape - especially Sandy Hook, the Colorado theatre shootings and the tragic death of Trayvon Martin - placing them in context with similar recent events. The incidents described in the book sparked a wave of gun control legislation at local, state and national levels, some of which was successful, some doomed and all controversial. At the national level, President Obama put his political capital on the line to push for new gun control measures, only to see them shot down by Congress. Robert J. Spitzer has long been a recognised authority on gun control and gun policy. His even-handed treatment of the issue - as both a member of the NRA and the Brady Center - continues to compel national and international interest, including interviews by the likes of Terry Gross, Tom Ashbrook and Diane Rehm. This sixth edition of The Politics of Gun Control provides the reader with up-to-date data and coverage of gun ownership, gun deaths, school shootings, border patrols and new topics including social media, stand-your-ground laws, magazine regulation, and shooting-related mental health initiatives.

**The World's Assault Rifles** Gary Paul Johnston, Thomas B. Nelson, 2016-12-15 The World's Assault Rifles is a definitive, comprehensive reference book covering the militaries of 50 countries in 71 chapters. Comprising more than 1,900 photographs, this book includes extensive assault rifle history, operating and locking systems, ammunition types, individual specifications and much more. With the 1200-page hardcover version weighing 9 pounds and now selling for hundreds of dollars, The World's Assault Rifles, as an eBook, offers convenient transportation and comfortable reading pleasure in the office, at home and during travel, not to mention the low cost. Now used by hundreds of military scholars and agencies world wide, The World's Assault Rifles in eBook format will provide instant fingertip access to information unavailable from any other source at an unbeatable price!

**Gun Control** The New York Times Editorial Staff, 2018-12-15 With the spate of mass shootings in schools and crowded public venues in recent decades, gun control in the United States has become a perennial topic in the national conversation. Conflicts in the debate on gun control include the Second Amendment, the NRA, common sense gun laws, public safety, and more. Through this collection of articles, readers will witness how the discussion of gun control has evolved from the 1960s through today, from the political assassinations of significant figures such as John F. Kennedy and Martin Luther King, Jr. to the Orlando nightclub massacre and the school shooting in Parkland, Florida in 2018.

**The Conversation on Guns** James Densley, 2023-11-07 From TheConversation.com, an exploration of the devastating gun violence in the United States—and possible ways to stop it. In The Conversation on Guns, editor James Densley brings together a group of expert scholars to explore the role of guns in US society and the tragic impacts of gun violence. From the many forms of gun violence, to effective and innovative public health and community-led initiatives to curb it, the authors discuss how and why guns are deeply rooted in American history and culture by examining both the politics and policies around gun safety. Grounded in the latest research, these short and accessible articles written by experts in criminal justice, law, sociology, public health, history, and education explain how the United States became so saturated with guns and what the prevalence of guns is doing to our society. The Critical Conversations series collects essays from top scholars on timely topics, including water, biotechnology, gender diversity, and more, originally published on the independent news site The Conversation. Contributors: Pierre M. Atlas, Deborah Azrael, Michelle Barnhart, Paul Boxer, Brad J. Bushman, Marika Cabral, Patrick Carter, Philip J. Cook, Saul Cornell, Rebecca Cunningham, James Densley, Greg Dickinson, John J. Donohue III, Frank Edwards, Sandro Galea, Richard Gundersman, Connie Hassett-Walker, Paul Hirschfield, Aimee Dinnín Huff, Arash Javanbakht, Bokyoung Kim, Michael J. Klein, Anita Knopov, Susanna Lee, Morgan Marietta, Frank McAndrew, Jonathan M. Metzl, Matthew Miller, Brian L. Ott, Molly Pahn, Jillian Peterson, Dan Romer, Maya Rossin-Slater, Allen Rostron, Molly Schnell, Hannes Schwandt, Donald H. Sebastian, Michael Siegel, Rebecca Sokol, Robert Spitzer, Peter Squires, Jeremy Straub, Tom Stucky, Ashwini Tambe, Jennifer Tucker, John A. Tures, Lacey Wallace, Andrew P. Wheeler, Garen Wintemute, Cary Wu, April M. Zeoli, Marc A. Zimmerman

**Guns in America** Donald J. Campbell, 2021-08-09 This work provides readers with an authoritative resource for understanding the true extent and nature of gun violence in America, examining the veracity of claims and counterclaims about mass shootings, gun laws, and public attitudes about gun control. This work is part of a series that uses evidence-based documentation to examine the veracity of claims and beliefs about high-profile issues in American culture and politics. Each book in the Contemporary Debates series is intended to puncture rather than perpetuate myths that diminish our understanding of important policies and positions; to provide needed context for misleading statements and claims; and to confirm the factual accuracy of other assertions. This particular volume examines beliefs, claims, and myths about gun violence, gun laws, and gun rights in the United States. Issues covered in the book include trends in firearm violence, mass shootings, the impact of gun ownership on rates and types of crime, regulations and Supreme Court decisions regarding gun control and the Second Amendment, and the activities and influence of organizations ranging from the National Rifle Association to Everytown for Gun Safety. All of these topics are examined in individualized entries, with objective responses grounded in up-to-date evidence.

**Why It's OK to Own a Gun** Ryan W. Davis, 2023-09-29 Why It's OK to Own a Gun explores the right to self-defense, but also looks beyond it to what gun ownership fundamentally means in American life. Guns can provide a source of meaning that doesn't depend on how much money you have or how important your job is. Guns can offer a sense of shared identity that's not hung up on intellectual credentials or ideological orthodoxy. For many responsible gun owners, owning a gun is a way of positively reclaiming one's own agency in the world. It's true that guns matter to only a minority of Americans, but the same could be said for many important political liberties. Like freedom of religion and freedom of expression, guns should be on the list of basic rights. In fact, they are: as some in America's founding generation anticipated, gun rights have offered a bulwark for republican freedom. Because there is nothing morally wrong with any of these values, owning a gun is OK. Key Features: Discusses the grounds of the political rights of gun ownership Connects the debate over guns with the sociology of gun ownership Describes genuinely worthwhile features of a way of life that's unfamiliar to many readers Considers empirical and normative aspects of the gun debate Thinks about individual rights in the context of state power

**Assault Weapons** United States. Congress. Senate. Committee on the Judiciary, 1994 Distributed to some depository libraries in microfiche.

**Rogue Stars** Andrea Sfiligoi, 2016-12-15 Rogue Stars is a character-based science fiction skirmish wargame, where players command crews of bounty hunters, space

pirates, merchants, prospectors, smugglers, mercenary outfits, planetary police and other such shady factions from the fringes of galactic civilisation. Crews can vary in size, typically from four to six, and the character and crew creation systems allow for practically any concept to be built. Detailed environmental rules that include options for flora, fauna, gravity, dangerous terrain and atmosphere, and scenario design rules that ensure that missions are varied and demand adaptation and cunning on the parts of the combatants, make practically any encounter possible. Run contraband tech to rebel fighters on an ocean world while hunted by an alien kill-team or hunt down a research vessel and fight zero-gravity boarding actions in the cold depths of space – whatever you can imagine, you can do.

**Recreation ,1903**

**Modern American Extremism and Domestic Terrorism** Barry J. Balleck,2018-06-01 Highlighting a breadth of American individuals and groups that engaged in extremist behavior across history, this book provides a succinct, concise overview of extremist behavior in the past and examines today's increasingly common incidences of hate and extremism. Since the election of Barack Obama in 2008, extremist and hate groups have seen a resurgence on the American political landscape. Members of these subgroups within the American population have become concerned that the America that they have always known is fading into oblivion, with a majority of individuals in these groups holding fiercely anti-immigration views and adhering to the belief that the United States should not admit large numbers of any group that is not white, Christian, or predominantly European. Others believe that the principles and precepts of the U.S. Constitution have gone by the wayside and that drastic measures are required to protect the underlying tenets that were the essential elements of the Constitution and many of their nation's founding principles. How did these individuals come to feel this way, is it possible to bring these impassioned extremists back into the fold, and if so, how? This book provides comprehensive, illuminating, and sometimes disturbing insights into the individuals, groups, and events that have illustrated extremist behavior in post-World War II America. Ranging from the anti-communist rhetoric and activities of the John Birch Society, to the radical socialist ideals of the Black Panthers, to the goals of a pure America articulated by white nationalists, this book documents the various extremist elements that shaped the second half of the 20th century as well as the first two decades of the 21st century. Readers will grasp how events in the histories of individuals and groups as well as perceived injustices have lead to the incidences of hate and extremism in American society. The encyclopedic entries of the book are specifically written to accessible to readers without specific knowledge of extremism, political science, or sociology.

*Gun Control in the United States* Gregg Lee Carter,2017-01-23 This up-to-date second-edition work will stimulate and clarify readers' thinking on the key issues surrounding guns in the United States—especially on the debate over gun control. Most public debate and discussion about guns in U.S. society is rarely guided by research—not surprising, as most individuals have a personal opinion on this highly inflammatory topic based on their upbringing or personal experiences. Additionally, most research about gun use in America is confusing and contradictory, making it difficult for citizens to gain much from their attempts to investigate the topic objectively. This book offers concise, understandable coverage of all aspects of the issue, including incidence of gun violence; gun control; gun rights; government regulation, legislation, and court decisions; gun organizations (for gun control and for gun rights); gun enthusiast subcultures—for example, hunters, target shooters, and collectors; and U.S. attitudes toward guns. Many of the covered topics are placed in historical and cross-cultural perspective. The new edition of *Gun Control in the United States: A Reference Handbook* enables the reader to navigate and interpret the research to become sufficiently educated on any specific aspect of the gun issue to make an informed decision—for example, whether to support stricter or more lenient gun control; whether to become a gun owner; whether to support a particular political party or candidate; or whether to develop or to refine a particular philosophy regarding guns. Other aspects of the contemporary gun debate that are addressed include whether the Supreme Court's ruling that the Second Amendment guarantees an individual right will withstand future challenges, whether the strong gun regulations used in Europe would be effective and applicable in reducing gun violence in the United States, and whether the diversity explosion created by the high rate of immigration from countries where guns are strictly controlled will soon change the politics of the U.S. gun control debate.
