Aston Martin DB Andrew Noakes,2019-09-03 Read the full story of Great Britain's best-loved sports car manufacturer with Aston Martin DB, an exquisitely produced, photo-loaded, history by Aston Martin expert, Andrew Noakes. The name David Brown is synonymous with the glory days of Aston Martin, when a tiny British sports car company was rescued from near-extinction and turned into a marque that could compete with Ferrari--and win. Aston Martin DB 70 Years is a fitting celebration of one of the world's most enduring sports cars. The fast, beautiful sports cars that Aston Martin built under Brown's ownership won the Le Mans 24-hour race and the World Sports Car Championship, and provided James Bond with his most famous transport: the ejector-seat equipped DB5 that won acclaim in Goldfinger. Though the DB era ended when Brown sold the company in 1972, its influence continued to be felt. James Bond's most recent car, the specially-made DB10, and Aston Martin has just launched its most complete car ever, the DB11. 'DB' means as much to Aston Martin now as ever.

Aston Martin DB9 and Vanquish James Taylor,2024-03-15 Aston Martin broke new ground with the Vanquish at the start of the 21st century, having previewed the model with a fully driveable prototype called Project Vantage at the Detroit Show in 1998. The Vanquish became the company's new flagship model, with a sleek and readily recognisable shape penned by Ian Callum that would later be further developed for the slightly less expensive (but no less exotic) DB9. The importance of these two models to Aston Martin went far beyond publicity and the company image. For the Vanquish, a completely new and highly advanced body structure had been created, and this was further developed for the DB9 as the VH platform. Deliberately designed to provide flexibility and underpin further new models, this went on to become the basis of every new Aston Martin in the early years of the century. This book tells the complete story of the DB9 and Vanquish, the models that established a new and successful era for the company that made them.

Aston Martin. The Story of a Sports Car ,1957

Cutting Edge Conversations EJ 'Ted' Cutting,Stuart Bailey,2019-06-13 EJ ‘Ted’ Cutting was not only Aston Martin’s most successful Chief Race Car Design Engineer, but was also an innovator with influential force on the worldwide automotive industry. Originating from a limited edition hardback version, this eBook was produced in celebration of the 60th anniversary of Aston Martin winning the World Sports Car Championship for Britain with the all-conquering DBR1 designed, engineered and created by Ted himself. Rather than a traditional biography of his life, Ted wanted his book to be rather less scripted and informal; it was therefore initially adapted from a number of recorded conversations between himself and Aston Martin Heritage Trust members Stuart Bailey and Brian Joscelyne - the title being an obvious choice considering this! In addition to the in-depth telling of a legendary period in British motorsport by a man at the centre of it all, the book also sees Ted clarify a number of details which have in the past been incorrectly reported. Unusually it also contains all his published documents and access to a 90 minute video of his unique lecture on ‘Racing Astons’ to further endorse his story. Although the original hardback edition of this book was produced only in a limited run, Ted’s wish was to make the complete book available to a much wider audience, now possible through the internet; as an engineer always working at the cutting edge of technology, he would appreciate the benefits of information sharing in the digital age. As well as being of interest to fans of Aston Martin and of motorsports in general, the book is a compelling read for any student of automotive design and engineering; after all, progress is about standing on the shoulders of giants - and in the field of race car design, few individuals ever reach the colossal heights achieved by Ted Cutting.

Over the last century, 1913-2013, British automotive legend Aston Martin has come to represent many achievements: sporting prowess, technical innovation, striking design, fine craftsmanship, and superior performance. This large-format volume, with over 200 beautiful color images, brilliantly evokes Aston Martin's unique combination of tradition and innovation. On January 15, 1913, Lionel Martin and Robert Bamford founded a new automotive venture called Bamford & Martin.
