Martha Stewart

Martha Stewart's Homekeeping Handbook Martha Stewart, 2006-10-31 Whether your home is small or large, an apartment in the city or a country cottage, it is a space that should be at once beautiful and livable. The key to that is managing the upkeep without feeling flustered. Until now, there has never been a comprehensive resource that not only tells how to care for your home and everything in it, but that also simplifies the process by explaining just when. With secrets from Martha Stewart for accomplishing the most challenging homekeeping tasks with ease, this detailed and comprehensive book is the only one you will need to help you keep your home looking its best, floor to ceiling, room by room. In Martha Stewart's Homekeeping Handbook, Martha shares her unparalleled expertise in home maintenance and care. Readable and practical—and graced with charts, sidebars, illustrated techniques, and personal anecdotes from Martha's decades of experience caring for her homes—this is far more than just a compendium of ways to keep your house clean. It covers everything from properly executing a living room floor plan to setting a formal table; from choosing HEPA filters to sealing soapstone countertops; from organizing your home office to polishing your silver and caring for family heirlooms. Martha Stewart's Homekeeping Handbook is organized for clarity and maximum practicality: Room by Room covers the upkeep of the appliances, tools, furnishings, and surfaces found in each room, from the entryway to the kitchen, from the attic to the laundry room. Throughout the

House instructs the reader on the proper ways to routinely clean and periodically maintain everything in the home, including dusting, sweeping, vacuuming, polishing, scrubbing, waxing and much more. Comfort and Safety focuses on techniques to ensure your home is running properly and safely, such as recognizing when to clean vents, fixing a leaky faucet, and eradicating pests. A-to-Z Materials Guide provides an invaluable resource that explains the unusual materials that many favorite objects are made of—from abalone to zinc—and how to care for them so they last. Encyclopedic yet friendly, Martha Stewart's Homekeeping Handbook is a seminal work—a must-have for everyone who wants a well-cared-for home that will endure for generations.

Warhol-isms Andy Warhol, 2022-05-10 A unique collection of brilliant quotations from the legendary Pop artist One of the most influential artists of his time and ours, Andy Warhol is nearly as renowned for what he said as for what he did. Indeed, he is so quotable that things he never said are endlessly and plausibly attributed to him, including, fittingly, the most celebrated fake Warhol saying—"In the future, everyone will be world-famous for 15 minutes." Warhol-isms separates legend from fact to present a unique and comprehensive collection of authentic quotations from the Pop artist. Gathered from interviews and other primary sources, these deadpan, droll, ironic, and sincere gems—in which a superficial embrace of superficiality often disguises provocative, unconventional ideas—provide compelling insights

into the life and work of an artist who has left an indelible mark on art and popular culture. Select quotations from the book: I think an artist is anybody who does something well. I went to [a psychiatrist] once, and he never called me back. They always say that time changes things, but you actually have to change them yourself. I've never met a person I couldn't call a beauty. New things are always better than old things. I'm still a commercial artist. I was always a commercial artist.
