Astral Projection William Ortiz,2021-01-17 Have ever an Astral Projection took place on your body? Would you like to experience this type of separation between body and spirit? Also called Astral Travel, the expression Astral projection refers to an Out of Body Experience (also called OBE) during which the astral body leaves the physical body and travels to the astral plane. It can occur naturally, as part of the sleep process, or it can be performed through lucid dreaming or deep meditation. Also called Astral Travel, the expression Astral projection refers to an Out of Body Experience (also called OBE) during which the astral body leaves the physical body and travels to the astral plane. It can occur naturally, as part of the sleep process, or it can be performed through lucid dreaming or deep meditation. Basically, the concept of astral projection hinges on the belief that there is something called an astral plane, and that it is one of the seven planes of being, and humans generally live on the material plane. The mythicized astral plane is considered to be the home of not only souls finding their way to their their next life or final resting place, but also angels and spirits that are more than human. Astral projection is the personal gateway into the realms of the consciousness exploration. In this step by step guide you will learn everything you need to learn about how to leave your body and travel successfully. The Effects of Esoteric Development Rudolf Steiner,1997-04 10 lectures in various cities, February 3-March 29, 1913 (CW 145) On February 3, 1913, the first General Meeting of the newly formed Anthroposophical Society was convened in Berlin. Six weeks later, in Holland, Rudolf Steiner spoke for the first time to an anthroposophic audience in a detailed, intimate way about individual esoteric training and the subtle effects of spiritual development on every level of one's being. Beginning with questions regarding the body's experience of food and drink--meat, coffee, alcohol, and so on--he lays out the progression of anthroposophic spiritual inner work, up to direct perception of Paradise and the Holy Grail. He discusses the role of human beings in our evolution that takes place between the forces of Lucifer and Ahriman. Included is Steiner's important lecture The Being of Anthroposophy, which this volume introduces to the English-speaking world. This edition also includes Steiner's introductory words, previously available only as an unpublished German typescript. The Effects of Esoteric Development is a translation from the German of Welche Bedeutung hat die okkulte Entwicklung des Menschen für seine Hüllen--physischen Leib, Ätherleib, Astralleib--und sein Selbst? (GA 145).

Astral Projection For Beginners Jan Light,2020-10-04 Do you want to learn the techniques to become a great astral traveler? Do you want to elevate your soul and find out what is beyond the death of your physical body? The first point that is important to master is to improve your intention, that is, the ability to direct your attention wherever you want, according to your needs. Slowing down your thoughts, focusing on empowering them, letting go of those you don't need, leads you to regain control of your emotions and your internal energies and, last but not least, also your self-confidence. The second point is the sensitivity and control of your energy system, that is, the ability to feel and strengthen your chakras, your meridians, and your aura. It often happens that great astral travelers fail to communicate the how they manage to do what they do. Why? The answer is simple, in their case, it is an induced astral journey, that is, a teacher manages at a distance to make sure that his student's astral body, when relaxed, detaches and projects itself in a specific place. The experience is guided by the teacher, often unbeknownst to the student, who believes that it is thanks to him. Inside the book dear reader, you will follow a different path, which aims to develop total awareness of all the mechanisms that can lead you to make a great astral experience: You are shown how to strengthen your intention and develop your energy system, making your chakras work a lot and thus repairing your energy system from blocks and old constipated energies. You will be taught the technique by following it step by step until you are able to master it you will be able to feel the various dimensions within your consciousness by creating a solid and indissoluble bond between your individuality and the universe itself. Are you ready to start your journey through the astral projection towards the life you deserve? Click here to buy the book!

Three Great Books on Magic Franz Bardon,2020-12-06 This volume contains three books of Franz Bardon 1. Initiation into Hermeticism 2. The Practice of Magical Evocation 3. The True Key to the Quabalah In reality, magic is a sacred science, it is, in the very true sense the sum of all knowledge because it teaches how to know and utilize the sovereign rules. There is no difference between magic and mysticism or any other conception of the name. Wherever authentic initiation is at stake, one has to proceed on the same basis, according to the same rules, irrespective of the name given by this or that creed. Considering the universal polarity rules of good and evil, active and passive, light and shadow, each science can serve good as well as bad purposes. Let us take the example of a knife, an object that virtually ought to be used for cutting bread only, which, however, can become a dangerous weapon in the hands of a murderer. All depends on the character of the individual. This principle goes just as well for all the spheres of the occult sciences. In my book I have chosen the term of “magician” for all of my disciples, it being a symbol of the deepest initiation and the highest wisdom.

Astral Projection for Beginners Harry Eilenstein,2021-04-29 Astral projection is one of the central elements in magic and in religion, because it impressively shows that man does not only consist of the physical body. This experience gave birth to shamanism, which is the original form of religion. There are many different methods of arriving at an astral projection experience - from relaxation exercises to near-death to initiations into the Mysteries. There are also a variety of methods by which one can bring about astral projection. However, all of these methods can be listed on a large map that shows what steps there are on the way from the normal state to the out of body experience. The map is the same for each way to astral projection - it is just that for each method different steps of this path are brought into the center of the procedure.

Breaking Free Christi Ahl,2017-09-08 It was at six years old that Spirit first appeared to Christi. Fear gripped her life from a young age, and Spirit wasnt the only thing scaring her. She knew that not everyone saw Spirit the way she did, and without direction and support, she refused Spirits call until she was twenty-three years old. The only answer was to embrace her true calling as a psychic visionary, medium, and healer. With life taking her to various locations, it was often difficult to make new friends and start over. The one constant has always been for her to discover insightful ways to help people. Nothing would prepare her for her toughest work in the criminal justice field as a probation and parole officer. Riddled with anxiety, depression, and a lack of boundaries as an empath, she knew she could no longer ignore her divine purpose and continue in the criminal justice field. After years of providing inspiration, instruction, and advice to others, it has culminated in Breaking Free: From Probation Officer to Psychic Medium. Christis message is to help us understand that by listening to our own divine guidance and understanding our fear and anxiety, we can all live the amazing lives our soul knows from birth.
