Projection of the Astral Body Sylvan Joseph Muldoon, Hereward Carrington, 1970-01-01 This book contains instructions of the specific methods for bringing about the projection of the astral body. Includes many experiences. A classic text.

Astral Projection Nicole Harrington, 2015-02-11 Learn the secrets for having success with astral projection We have all heard stories about people who have mysteriously left their bodies and gone on journeys to faraway lands. Strangely these stories have not just appeared in modern times but have been occurring throughout history for thousands of years. People who have achieved Astral Projection often say that the experience resembled leaving their bodies and existing in a different dimension, often referred to as the Astral Plane. For years, I have studied historical texts in order to hone my techniques and skills in astral travel. There is no greater thrill than being able to hand this knowledge about astral projection down to those who are looking to achieve out of body experiences. These experiences can be life-changing, opening a person up to look at the world in a whole new light. Come and learn the secret techniques needed for these out of body experiences in Astral Projection.

26 Techniques for Astral Projection Samael Aun Weor, Awakening in the Internal Worlds, otherwise known as lucid dreaming, astral projection, Astral travel, or out-of-body experiences, are perceptions of matter and energy that are beyond the reach of the physical senses. Anyone, anywhere, regardless of any distinctions or qualifications, may acquire their own personal knowledge of these living realities, if they are willing to make the effort. Quite simply, astral projection refers to how our Consciousness departs from the physical body. Everytime our physical body sleep, the Consciousness departs from it, and experiences what we call dreams. This is a form of astral projection, but in most cases the Consciousness is asleep, unaware that it is away from the physical body. While dreaming, we generally do not realize it. And when we return to the body, the memory of the dream is generally lost, or if recalled, appears hazy and unreal. This is all due to the weak state of our Consciousness. It is possible to consciously project oneself out of the body. By means of constant training from moment to moment, the Consciousness can be strengthened to be be awake, aware, and sharp; thus, when it leaves the physical body, we remain aware of ourselves, and conscious of what transpires. From this state, one can investigate any phenomena in nature or oneself.

Astral Projection Monique Joiner Siedlak, 2018-06-13 Have you ever had an out of body experience? Is it something you would like to know? What you will learn in these pages: What Is Astral Projection Basic Astral Projection Methods Moving in the Proper State of Mind Directing Your Astral Body While there are an unending amount of theories, start with just one and see where it takes you. Learn to see the world in a different way.

Astral Projection Oliver Fox, 2019-11-22 Astral Projection, first published in 1962 (based on papers prepared in the 1930s), is a classic account of one man's own documented experiences with 'astral projection,' or as he prefers, 'out-of-body' experiences. The book also serves as a 'how-to' guide, describing two techniques for initiating an out-of-body experience: dream awakening and the pineal doorway. Clearly written with a refreshing charm and sincerity, Astral Projection remains a useful guide to those exploring this realm of psychic experience. Oliver Fox was a pseudonym for Hugh George Callaway (1885-1949), an English short story writer, poet and occultist.

Astral Travelling Alfred Ballabene, 2018-10-09 Astral travel or astral projection, abbreviated OBE (out-of-body-experience), means travelling through subtle planes. It does not really matter if it is doubted that this possibility exists - what is important is that these experiences are highly exciting and allow us to grow inside as a person. With a perceptible and visible body, we experience an unknown environment that seems to be as real as the physical world. Sometimes we are even more awake and we experience everything with more intensity than in everyday life. We step into a world full of wonder and beauty. In this, we are not simply passive observers, but instead we are able to knock on someone's door, to go in and speak with the people who live there. Through astral travel, my inner life has been enriched enormously. In repeated experiences on the astral plane, encounters with deceased and highly evolved beings, I could strengthen my own belief in a world beyond and in afterlife. Life has gained a deeper meaning - it is not only for short-lived pleasure and fun. Instead, higher goals are pursued, and it becomes possible to evolve as a person. This book presents and explains different phenomena and methods of astral travelling. It also contains considerations on lucid dreaming vs. astral travelling. People who are studying the phenomena of astral travelling will find plenty of information here.

Astral Projection for Beginners Harry Eilenstein, 2021-04-29 Astral projection is one of the central elements in magic and in religion, because it impressively shows that man does not only consist of the physical body. This experience gave birth to shamanism, which is the original form of religion. There are many different methods of arriving at an astral projection experience - from relaxation exercises to near-death to initiations into the Mysteries. There are also a variety of methods by which one can bring about astral projection. However, all of these methods can be listed on a large map that shows what steps there are on the way from the normal state to the out of body experience. The map is the same for each way to astral projection - it is just that for each method different steps of this path are brought into the center of the procedure.

THE TECHNIQUES OF ASTRAL PROJECTION Dr. Douglas M. Baker,2014-04-11 THE TECHNIQUES OF ASTRAL PROJECTION: The subject of Astral Projection is one of paramount significance in this materialistic Age, as it proves conclusively the possibility of life after death. It is, however, a phenomenon more often brushed aside by the medical profession as mere hallucination. In this book Dr. Douglas Baker supplies the reader with case-histories proving the reality of Astral Projection as well as describing in detail the various techniques whereby the astral body can be brought out of alignment with the physical, so that the individual can be made increasingly conscious in the astral world. He then goes on to describe that astral world, and what we may expect to find there.

The Phenomena of Astral Projection Sylvan Muldoon,2013-04-16 Astral projection is an interesting subject with some people convinced of its validity. With this historic guide to the topic, you can read how it was viewed at the turn of the 20th century during the peak of spiritualism.

Astral Projection Michael Marr,2021-01-17 There's More To Explore Than Just The Physical World - Here's How To Visit The Astral Plane Without Leaving Your Room! Have you ever had a vivid dream that ended in a terrifying fall, waking you up? Congratulations, you've been to the astral plane! And if you're curious about the afterlife, supernatural creatures, or psychic abilities, it's time to go there again. A journey to the astral plane is called astral projection. So, what is Astral Travel - Projection? Astral projection is a conscious out-of-body experience that assumes the existence of consciousness or soul. Astral body can travel outside the physical body throughout the universe by leaving the physical body. The astral body can float and traverse across the world or observe the environment. Individuals who practice astral projection are aware of what's happening around them. The belief of astral projection as a real phenomenon and not a fabrication of the mind can even be supported by quantum physics. Since as quantum physics suggests everything is energy and we are all connected. Having that in mind separating your consciousness from your physical body to explore the fourth dimension the astral realm is something absolutely possible. Astral projection gives you incredible freedom. During an astral projection you can do absolutely everything you desire... like flying over the world, visiting friends and observing them, going back in time, communicating with higher frequency beings and even having astral sex. The possibilities in the astral realm are limitless. Many people believe astral projection as the ultimate evidence of life after death and a solid proof for the hypothesis that other higher dimensions exist and the fact that our consciousness is separate from our physical bodies and our life here on earth is simply a small journey. Here Is A Preview Of What You'll Learn... Astral Projection Jamie Parr,2020-09-30 ASTRAL PROJECTION Astral projection, sometimes called astral travel, is an intentional out of body experience (OBE.) Those who engage in astral projection believe in the existence of a soul or a sense of consciousness that is separate from the physical body, which is referred to as the astral body. This astral body is capable of traveling outside of, or away from, the physical body, which is how astral projection or astral travel is achieved. Once you know how to safely astral project, the experiences you are capable of having are phenomenal. Astral projection and travel can be used for everything from visiting other realms or visiting different areas of earth without physically going there, to performing energy work on yourself in a deeply spiritual way. In this book, we discuss this phenomenon, including how you can begin to safely astral project and astral travel yourself! Here Is A Preview Of What You'll Learn About Inside...
