🔍 **THE 12 ZODIAC SIGNS AND THEIR EXPLANATION OF WHY WE ARE WHO WE ARE** DAYANARA BLUE STAR,2016-11-16 As humanity has spent more and more time on earth, we have begun to understand better, albeit in little bits, our world and its impact on us. Astrology is perhaps the most ancient of all arts, beginning in Babylon and enjoying, over time, some Hellenistic cultural edits, but its accuracy has never been in doubt, giving birth to the zodiac signs and their use in the classification of people. The zodiac signs are the relationship between celestial phenomena and human activities. Therefore, it is believed that things generally happen as above, so below. If you are reading this, you know what zodiac signs are, so we won't dwell too long on it. You've also maybe heard of the twelve signs and how they can be the key to deciphering why people behave the way they do, but haven't exactly seen this broken down before. Well, here it is. A person's zodiac sign just about describes who they are in relation to the universe. We are talking descriptions as superficial as favorite colors down to the deep, hidden details like the nature of their individual souls. In this book, we will begin from Aries – where the sun begins its cycle at the spring equinox. So, buckle up.

🔍 **LOVESCOPIES** MARK S. HUSSON,2010-07 Each week thousands of listeners tune in to Mark Hussons Power Peek Hour on Hay House Radio. They know they'll gain insights into themselves and their relationships that they can only get from astrology, and they trust Mark as the one to lay it on the line for them. Now he leads you on this expedition of love by zodiac sign. In this book, Mark takes the astrological signs two by two and shines the light of understanding on their relationship with each other. He gives each a Love Scope score to predict the potential success right from the beginning. You can use that score to learn how things can go better, how much effort you'll need to invest, and how to take a good relationship and make it into a great one. Do you want to know what draws you to your partner? Or how to draw out the best in this person? Mark maps this out for you with wisdom, humor, and simplicity, all from his perspective as a trained psychologist. Love Scopes addresses specific characteristics of each sign alone and in partnership, referencing powerful mythological archetypes to illustrate the principles.

🔍 **MEDITATIONS ON THE SIGNS OF THE ZODIAC** JOHN JOCELYN,1991-01-15 The sights of our century are on cosmic space. The greatest triumph in cosmic conquest will come when man recognizes that he himself, as a being of body, soul and spirit, is united with the cosmos as an evolving whole. This book is unique in this field. It presents the spiritual nature of the Zodiac for meditation and relates it to self-knowledge. He who wishes, can thus find his place in the universe and understand the reasonableness of reincarnation. Each incarnation is a new opportunity to advance a grade in the earth-school. How advance can be made in each zodiac sign influence is the good news which this book offers. Meditation on these meditations, and practice of the suggestions, will be instimably soul-revealing and rewarding. Through such study one can comprehend, with loving understanding and compassion, his fellow men. Much of the misunderstanding between individuals, groups, and nations will disappear when mankind learns to view everything, not from one standpoint only, but from twelve viewpoints. This book is a tool not only for the serious student of spiritual life, but for every human being in his association with others, be it family life, in work, as a teacher, psychologist, doctor, business man, or any other human relationship. The right use of these meditations may enable one to achieve harmonious wholeness, within oneself and in one's environment. Such an approach to the divine design of the cosmos and man's place in it, awakens wonder, and develops increasing humility and reverence in the presence of the infinitely sublime divinity of the Zodiac. Imbued with these thoughts and feelings, and knowing that every thought, feeling and deed has an effect upon the whole, one willingly and gladly assumes his responsibility as a creator in the creative process of the cosmos.

The keys to understanding astrology is by their groupings into elements, qualities, ruling planets and more. This book contains information on each of the traditional Western signs of the Zodiac. In a full new examination of the traditional Zodiac, this book looks at the popular interpretations of the signs and symbols it contains. Here is a preview of what you'll get inside the book...
