Atom Smashing Power of Mind Charles Fillmore,2024-02-08 The Atom-Smashing Power of Mind by Charles Fillmore is an insightful exploration of the transformative capabilities of the human mind. Originally published in the early 20th century, this book delves into the metaphysical and spiritual dimensions of the mind's power, offering readers profound insights and practical guidance.

Atom-Smashing Power of Mind Charles Fillmore,2022-05-18 A great many passages in this book testify to Charles Fillmore's persistent interest in what is popularly called atomic energy and the promise held out by its development of a better world for mankind. From another standpoint Charles Fillmore's mind was simply fascinated by the idea of the atom, this infinitesimal particle of substance, and the enormous energy locked up in it. At times he thought of it as the most perfect representation in the manifest world of that divine mental or spiritual energy which pervades all things and which, when properly expressed through the minds of His children, serves so greatly to glorify God. At other times he thought of it as the very essence of this mental or spiritual energy, Spirit-mind itself! The reader will find each one of these standpoints set forth over and over--perhaps vaguely and mystically at times--but ever testifying to the alertness and vitality of Charles Fillmore's mind and his unflagging interest in everything in his world._x000D_ Contents:_x000D_ The Atomic Age_x000D_ The Restorative Power of the Spirit_x000D_ Spiritual Obedience_x000D_ I AM or Superconsciousness_x000D_ The Day of Judgment_x000D_ Thou Shalt Decree a Thing_x000D_ Thinking in the Fourth Dimension_x000D_ Is This God's World?_x000D_ Demonstrating Christ Thought by Thought_x000D_ Truth Radiates Light_x000D_ The Only Mind_x000D_ Contact with the Christ Mind_x000D_ Metaphysics of Shakespeare_x000D_ The Body_x000D_ Faith Precipitations_x000D_ The Seed Is the Word_x000D_ The Resurrecting Power of the Word_x000D_ Transfiguration_x000D_ The End of the Age

The Atom-Smashing Power of Mind Charles Fillmore,2019-01-17 The great and most important issue before the people today is the development of man's spiritual mind and through it unity with God. . . . The taproot of all our confusion is our failure to use our mind intelligently. We can only think as God would have us think by adjusting our thoughts to divine ideas. Religion and all that it implies in prayer and recognition of God in idea and manifestation is the one and only way out of the chaos in which we find ourselves. We must therefore begin at once to develop this unity with the Father-Mind by incorporating divine ideas into all that we think and speak. - Charles Fillmore

first in his mind what he wishes to do. He puts away all doubt. It makes no difference how small or how large the thing you want to do may be; if you have an unlimited confidence in your ability to do it, you will do it. Scientists have invented a machine that records the forces of thought. Every thought expressed by the mind radiates an energy as it passes through the brain cells, and this machine measures the force of these radiations. When we awake to the fact that every breath we draw is releasing this all-potent electronic energy and it is shaping our lives for good or ill, according to our faith, then we shall begin to search for the law that will guide us aright in the use of power. Let's discover the secrets to use our mind to attract abundance into our life! Charles Fillmore Collection Vol:1 Atom-Smashing Power of Mind, Christian Healing Charles Fillmore, 2017-12-19 Charles Fillmore Collection Vol:1 Atom-Smashing Power of Mind, Christian Healing, Dynamics for Living. (3 Books) Book One: Atom-Smashing Power of Mind, The majority of people have crude or distorted ideas about the character and the location of Spirit. They think that Spirit plays no part in mundane affairs and can be known by a person only after his death. But Jesus said, 'God is Spirit'; He also said, 'The kingdom of God is within you.' Science tells us that there is a universal life that animates and sustains all the forms and shapes of the universe. Science has broken into the atom and revealed it to be charged with tremendous energy that may be released and be made to give the inhabitants of the earth powers beyond expression, when its law of expression is discovered. Book Two: Christian Healing, 1. There is a spirit in man, and the breath of the Almighty giveth them understanding. (Job 32:8) The science that is here set forth is founded upon Spirit. It does not always conform to intellectual standards, but it is, nevertheless, scientific. The facts of Spirit are of a spiritual character and, when understood in their right relation, they are orderly. Orderliness is law, and is the test of true science. Book Three: Jesus Christ Heals Much has been written and said about the healing methods that Jesus used in His very striking cures of physical ills. The generally accepted theory is that they were miracles, but to this there have been many objections, among them Jesus' promise He that believeth on me, the works that I do shall he do also. So many millions have claimed that they believed on Jesus, yet not only have they failed to heal others but they have gloried in sickness and finally death under the assumption that it was the will of God. Few have dared even to suggest that Jesus applied universal law in His restorative methods; for on the one hand it would annul the miracle theory and on the other it would be sacrilegious to inquire into the miracles of God.

Atoms Smashing Power of Mind Hloniphile Dube, 2015-12-30 I wrote this book, 'Atoms Smashing Power of Mind,' because I feel like the next future leaders of this country, young people, are dying. They're dying because of being ignorant and because they are too afraid to step up. They're ignorant about their lives, and they tend to give up easily on things that are very important and very beneficial for their future purposes and focus on whatever that will destroy their paths, and they care too much about people's negative opinions and discriminations. People will always bark, and that's one thing we should keep on reminding ourselves, and that shouldn't stop one from doing certain things. And again they're too afraid to take an action or actions that would benefit their future purposes. As a result, our country might end up having leaders from other continents or

from other countries because we can't simply take good care of our country. By achieving you're not only doing it for yourself but you're doing it for the country because that 1 per cent of change you've made into your life does count. Those who have done economics will understand me better. Let us work hard and hard to uplift our careers, our lives, ourselves, and the economy of our country and above all be daring to be strong and willing to take an action.
