Strategic Financial Management Casebook Rajesh Kumar,2017-01-05 Strategic Financial Management Casebook strategically uses integrative case studies—cases that do not emphasize specific subjects such as capital budgeting or value based management—to provide a framework for understanding strategic financial management. By featuring holistic presentations, the book puts readers into the shoes of those responsible for the world’s largest wealth creators. It covers strategies of growth, mergers and acquisitions, financial performance analysis over the past decade, wealth created in terms of stock returns since its listing in stock market, investment and financial decisions, cost of capital, and corporate valuation. In addition, the casebook also discusses corporate restructuring activities undertaken by each company. Each chapter follows a template to facilitate learning, and each features an Excel-based case analysis worksheet that includes a complete data set for financial analysis and valuation. Introduces a conceptual framework for integrating strategy and finance for value creation Emphasizes the roles of corporate governance, corporate social responsibility, and risk management in value creation Encourages an analysis of investment, financing, and dividend decisions Examines non-financial factors that contribute to value

Algorithms -- ESA 2011 Camil Demetrescu,Magnús M. Halldórsson,2011-09-06 This book constitutes the refereed proceedings of the 19th Annual European Symposium on Algorithms, ESA 2011, held in Saarbrücken, Germany, in September 2011 in the context of the combined conference ALGO 2011. The 67 revised full papers presented were carefully reviewed and selected from 255 initial submissions: 55 out of 209 in track design and analysis and 12 out of 46 in track engineering and applications. The papers are organized in topical sections on approximation algorithms, computational geometry, game theory, graph algorithms, stable matchings and auctions, optimization, online algorithms, exponential-time algorithms, parameterized algorithms, scheduling, data structures, graphs and games, distributed computing and networking, strings and sorting, as well as local search and set systems.

Katz in the Era of Mobile Computing: How Society's Changing Expectations of Privacy Impact the Law Michael Fusco,2010-06-29 For over four decades privacy in America has been governed by the Katz expectation of privacy test in the context of Fourth Amendment governmental searches during criminal investigations. During that time society has advanced technologically at a pace faster than any other time in human history. As we enter an era of ubiquitous wireless mobile computing, the law has reached a cresting point and needs a new method to adapt to changing technological innovations.

The Brothers Karamazov Fyodor Dostoyevsky,2022-11-13 The Brothers Karamazov is the final novel by the Russian author Fyodor Dostoyevsky. He spent nearly two years writing it. The author died less than four months after its publication. The Brothers Karamazov is a passionate philosophical novel set in 19th century Russia, that enters deeply into the ethical debates of God, free will, and morality. It is a spiritual drama of moral struggles concerning faith, doubt, and reason, set against a modernizing Russia, with a plot which revolves around the subject of patricide. Since its publication, it has been acclaimed as one of the supreme achievements in literature. Fyodor Dostoyevsky (1821-1881) was a Russian novelist, short story writer, essayist, journalist and philosopher. His literary works explore human psychology in the troubled political, social, and spiritual atmosphere of 19th-century Russia. Many of his works contain a strong emphasis on Christianity, and its message of absolute love, forgiveness and charity, explored within the realm of the individual, confronted with all of life's hardships and beauty. Many literary critics rate him as one of the greatest and most prominent psychologists in world literature.

Parenting Stress Kirby Deater-Deckard,2008-10-01 All parents experience stress as they attempt to meet the challenges of caring for their children. This comprehensive book examines the causes and consequences of parenting distress, drawing on a wide array of findings in current empirical research. Kirby Deater-Deckard explores normal and pathological parenting stress, the influences of parents on their children as well as children on their parents, and the effects of biological and environmental factors. Beginning with an overview of theories of stress and coping, Deater-Deckard goes on to describe how parenting stress is linked with problems in adult and child health (emotional problems, developmental disorders, illness); parental behaviors (warmth, harsh discipline); and factors outside the family (marital quality, work roles, cultural influences). The book concludes with a useful review of coping strategies and interventions that have been demonstrated to alleviate parenting stress.

Research, Applications, and Interventions for Children and Adolescents Carmel Proctor,P. Alex Linley,2013-05-13 This book presents recent positive psychological research, applications and interventions being used among adolescents and children. Currently there is a wave of change occurring whereby educators, and others working with children and adolescents, are beginning to recognize the benefits of looking at well-being from a positive perspective, specifically the integration of positive psychological theory into the school curriculum in order to improve student well-being. Moreover, although the positive psychological field has grown tremendously since its inception, there remains an imbalance in the publication of research findings, applications, and interventions among children and adolescents in comparison to adults. This book fills the need for a reference to this valuable information and benefits a wide range of professionals, including educators, clinicians, psychologists, students, and many other working with children and adolescents.
