Alexander McCall Smith

Bits of Spirit & Parts of Soul"...reclaiming the archetypes of creation within. Nevine Z Rottinger,2014-11-18 Within every human as within the whole of creation, there exist major fundamental directive and working energetic programmes. Some call these massive force fields of influence the Archetypes, whilst others call them Morphological Fields. Ancient cultures recognised them as their Gods & Goddesses. These force fields define the blueprints for the building blocks of matter as well as the actual mechanisms or technology which operate throughout the Cosmos. To understand these Fundamental force fields is to understand the Energy Blueprint from which the Cosmos is both structured & driven. Some call the sum of these Force fields ; the Mind of God. These fundamental energy fields are perhaps best understood, as the bits of Prime Creator (Great Spirit) & the parts of soul within humans, plants, animals, & the elements throughout creation. As you read Book 1 and Book 2 describing the Major Archetypes of Creation, you will gain a profound understanding of yourself & the force field which permeates the very Stuff of Creation. The content within these 2 books is divided into four stand-alone parts which allow you the reader the freedom to explore any single group of archetypes in any order you wish. Included, are sections for those who wish to use the Vibrational Essences & Elixirs which are designed to activate & enhance these same Archetypal Energies within you should you wish it. The material is channeled & may at times break grammatical rules. Just read as is you will understand the reason.

The Unbroken C. L. Clark, 2021-03-23 A perfect military fantasy: brutal, complex, human and impossible to put down. - Tasha Suri, author of *Empire of Sand* In an epic fantasy unlike any other, two women clash in a world full of rebellion, espionage, and military might on the far outreaches of a crumbling desert empire. Touraine is a soldier. Stolen as a child and raised to kill and die for the empire, her only loyalty is to her fellow conscripts. But now, her company has been sent back to her homeland to stop a rebellion, and the ties of blood may be stronger than she thought. Luca needs a turncoat. Someone desperate enough to tiptoe the bayonet's edge between treason and orders. Someone who can sway the rebels toward peace, while Luca focuses on what really matters: getting her uncle off her throne. Through assassinations and massacres, in bedrooms and war rooms, Touraine and Luca will haggle over the price of a nation. But some things aren't for sale.

On the Origin of Species Illustrated Charles Darwin, 2020-09-30 *On the Origin of Species* (or, more completely, *On the Origin of Species by Means of Natural Selection, or the Preservation of Favoured Races in the Struggle for Life*), [3] published on 24 November 1859, is a work of scientific literature by Charles Darwin which is considered to be the foundation of evolutionary biology.[4] Darwin's book introduced the scientific theory that populations evolve over the course of generations through a process of natural selection. It presented a body of evidence that the diversity of life arose by common descent through a branching pattern of evolution. Darwin included evidence that he had gathered on the *Beagle* expedition in the 1830s and his

subsequent findings from research, correspondence, and experimentation

Ysabel Guy Gavriel Kay, 2008-02-05 The multiple award-winning fantasy author of *The Fionavar Tapestry* brings his extraordinary imagination to a tale of mythic figures in contemporary times... Ned Marriner is in France with his father, a celebrated photographer shooting the Saint-Sauveur Cathedral of Aix-en-Provence. While exploring the cathedral, Ned meets Kate, an American exchange student with a deep knowledge of the area's history. But even Kate is at a loss when she and Ned surprise a scar-faced stranger, wearing a leather jacket and carrying a knife. "I think you ought to go now," he tells them. "You have blundered into a corner of a very old story..." In this ancient place, where the borders between the living and the long-dead are thin, Ned and his family are about to be drawn into a haunted story, as mythic figures from conflicts of long ago erupt into the present, changing—and claiming—lives.

A Biographical Guide to the Great Jazz and Pop Singers Will Friedwald, 2010-11-02 Will Friedwald's illuminating, opinionated essays—provocative, funny, and personal—on the lives and careers of more than three hundred singers anatomize the work of the most important jazz and popular performers of the twentieth century. From giants like Ella Fitzgerald, Louis Armstrong, Frank Sinatra, and Judy Garland to lesser-known artists like Jeri Southern and Joe Mooney, they have created a body of work that continues to please and inspire. Here is the most extensive biographical and critical survey of these singers ever written, as well as an essential guide to the Great American Songbook and those who shaped the way it has been sung. The music crosses from jazz to pop and back again, from the songs of Irving Berlin and W. C. Handy through Stephen

Sondheim and beyond, bringing together straightforward jazz and pop singers (Billie Holiday, Perry Como); hybrid artists who moved among genres and combined them (Peggy Lee, Mel Tormé); the leading men and women of Broadway and Hollywood (Ethel Merman, Al Jolson); yesterday's vaudeville and radio stars (Sophie Tucker, Eddie Cantor); and today's cabaret artists and hit-makers (Diana Krall, Michael Bublé). Friedwald has also written extended pieces on the most representative artists of five significant genres that lie outside the songbook: Bessie Smith (blues), Mahalia Jackson (gospel), Hank Williams (country and western), Elvis Presley (rock 'n' roll), and Bob Dylan (folk-rock). Friedwald reconsiders the personal stories and professional successes and failures of all these artists, their songs, and their performances, appraising both the singers and their music by balancing his opinions with those of fellow musicians, listeners, and critics. This magisterial reference book—ten years in the making—will delight and inform anyone with a passion for the iconic music of America, which continues to resonate throughout our popular culture.

Edgar Allan Poe & The Juke-Box Elizabeth Bishop, 2007-03-06

From the mid-1930s to 1978 Elizabeth Bishop published some ninety poems and thirty translations. Yet her notebooks reveal that she embarked upon many more compositions, some existing in only fragmentary form and some embodied in extensive drafts. *Edgar Allan Poe & The Juke-Box* presents, alongside facsimiles of many notebook pages from which they are drawn, poems Bishop began soon after college, reflecting her passion for Elizabethan verse and surrealist technique; love poems and dream fragments from the 1940s; poems about her Canadian childhood; and many other works that heretofore have been quoted almost exclusively in biographical and critical

studies. This revelatory and moving selection brings us into the poet's laboratory, showing us the initial provocative images that moved Bishop to begin a poem, illustrating terrain unexplored in the work published during her lifetime. Editor Alice Quinn has also mined the Bishop archives for rich tangential material that illuminates the poet's sources and intentions.

Questions of Travel Elizabeth Bishop, 2015-01-13 The publication of this book is a literary event. It is Miss Bishop's first volume of verse since *Poems*, which was awarded the Pulitzer Prize for Poetry in 1955. This new collection consists of two parts. Under the general heading *Brazil* are grouped eleven poems including *Manuelzinho*, *The Armadillo*, *Twelfth Morning*, or *What You Will*, *The Riverman*, *Brazil*, *January 1, 1502* and the title poem. The second section, entitled *Elsewhere*, includes others *First Death in Nova Scotia*, *Manners*, *Sandpiper*, *From Trollope's Journal*, and *Visits to St. Elizabeths*. In addition to the poems there is an extraordinary story of a Nova Scotia childhood, *In the Village*. Robert Lowell has recently written, I am sure no living poet is as curious and observant as Miss Bishop. What cuts so deep is that each poem is inspired by her own tone, a tone of large, grave tenderness and sorrowing amusement. She is too sure of herself for empty mastery and breezy plagiarism, too interested for confession and musical monotony, too powerful for mismanaged fire, and too civilized for idiosyncratic incoherence. She has a humorous, commanding genius for picking up the unnoticed, now making something sprightly and right, and now a great monument. Once her poems, each shining, were too few. Now they are many. When we read her, we enter the classical serenity of a new country.

Phenomenal World Joan D'Arc, 2000-11 For centuries mankind has been exploring the nature of reality. The materialistic scientific

worldview would have us believe that physically measurable phenomena are all that exist. Yet the answers to the key of reality go far beyond this mindset. This book explores the clues we have about the nature of reality, especially those aspects that cannot yet be proven. If we can understand the most baffling aspects of reality, then we will move closer toward understanding its ultimate cause and nature.

A Perfect Union of Contrary Things Maynard James Keenan, 2018-10-01 A Perfect Union of Contrary Things is the authorized biography of musician and vintner Maynard James Keenan. Co-author Sarah Jensen's 30-year friendship with Keenan gives her unique insight into his history and career trajectory. The book traces Keenan's journey from his Midwest childhood to his years in the Army to his time in art school, from his stint at a Boston pet shop to his place in the international spotlight and his influence on contemporary music and regional winemaking. A comprehensive portrayal of a versatile and dedicated artist, A Perfect Union of Contrary Things pays homage to the people and places that shaped the man and his art. Until now, Maynard's fans have had access to only an abridged version of his story. A Perfect Union of Contrary Things presents the outtakes, the scenes of disappointment and triumph, and the events that led him to take one step after the next, to change direction, to explore sometimes surprising opportunities. Included are sidebars in his own words, often humorous anecdotes that illuminate the narrative, as well as commentary by his family members, friends,

instructors, and industry colleagues. The book also features a foreword by Alex Grey, an American visionary artist and longtime friend of Keenan. Accompanying the text are photos of Keenan from childhood to the present. Maynard's story is a metaphor for the reader's own evolution and an encouragement to follow one's dreams, hold fast to individual integrity, and work ceaselessly to fulfill our creative potential.

Romanticism Gendered Andrea Fischerová,2020-11-09 This study focuses on the six writing men who have been throughout decades

regarded as the alpha and omega of British Romanticism: Byron, Coleridge, Keats, Scott, Shelley, and Wordsworth. It sees these men as a representative cohort of their time and examines their letters as results of a reading process. Although letters are usually seen as additional sources of reference in literary studies, in this book they are treated as the dominant information material: correspondence enables to reconsider British Romanticism on the basis of the epistolary communication of the first half of the nineteenth century. The target information from the letters are references to women writers and to their writings. A detailed analysis of the correspondence manages to answer the question whether male Romantics regarded writing women as “provoking” from time to time, as Duncan Wu assumes, and whether the gender identity of the woman author influenced the way male readers read her literary works. The examination of the correspondence thus takes a gendered perspective on British Romanticism. This approach to the target research data discloses a long list of almost 120 names of women writers from different periods and of different literary genres. Whereas the male readers in question have acquired a well-established, stable long-term position within literary history, the women were often marginalized, even forgotten. The study presents plentiful examples proving the discrepancies between what the twenty-first-century reader regards as the core of women’s Romantic literary tradition, and what the Romantic reader did. The following women writers are discussed in the study in detail: Susannah Centlivre, Anne Finch (Lady Winchelsea), Ann Radcliffe, Mary Robinson, Felicia Hemans, Mary Shelley, Joanna Baillie, Maria Edgeworth, Maria Jane Jewsbury, Catherine Grace Godwin, and Emmeline Fisher.

Enter, Fleeing Mark Ford, 2018-05-01 'Intriguing, Funny, Prophetic' ran the New York Review of Books headline to an admiring survey of the poetry of Mark Ford by the American critic Helen Vendler. The same words could describe *Enter, Fleeing*, the fourth collection of poems from one of the UK's most distinctive poets. The work gathered here displays Ford's power to amuse and startle, to move and disconcert. A number of short poems recreate moments from the poet's peripatetic childhood, while others dramatise more general states of fear and desire, of excitement and anxiety. As Vendler noted, Ford's recent work frequently addresses post-colonial issues arising from the collapse of the British Empire, as well as the paradoxes and information loops of today's globalised economy. *Enter, Fleeing* is Ford's most exhilarating and powerful volume to date.
