Earth Force Shemer Kuznits,2019-04-30 On the first day, a mist descended from the heavens blanketing Earth.On the second day, a cryptic message, 'Infusion commencing', appeared in the corner of everyone's eyes. On the

third day, the sick were healed and the crippled walked again. On the fourth day, celebration and joy spread across the globe. And on the fifth day, the warping began...There was no warning. A mist descended from the sky, disabling all technology and causing a weird message to appear at the corner of everyone's eye. The situation grew even worse as animals and people started to warp, transforming into terrible monsters that prey on the livings. Within months, human civilization had crumbled. Unable to fight the seemingly-indestructible beasts, the survivors are reduced to cowering in reinforced shelters. Waiting for the end to come. Helpless. All seemed lost until a few brave souls discovered the secret of their new reality: the Tec and how to use it to level up. Together they represent humanity's last best hope for salvation. But they first must find the answers to the mystery of their new existence. Their journey will require them to quickly adapt to alien technology, operate strange spaceships, and even befriend an extra-terrestrial merchant with an Inferiority Complex.

The Making of Tomb Raider Daryl Baxter,2021-12-20 Back in 1994 at the game company 'CORE Design' in Derby, Lara Croft was born. Through eighteen months of pure hard work from the team, Tomb Raider was released in 1996 and became the success that we see today; taking part in the mid-nineties celebrations of Brit-Pop and Girl Power. This is the story of the team who were involved in creating the first two games, then leaving the series to a new team in 1998. Lara Croft brought class, comedy, and a James Bondian role to the game, dreamt up by Toby Gard and helped to become a pitch with Paul Douglas. The game was a gamble, but because everyone at the company believed in it, it led to huge success for everyone, except for Toby and Paul. 'The Making of Tomb

Raider' goes into detail of how Lara and the games were born, alongside why Toby Gard and Paul Douglas left before the sequel was released. Throughout eleven chapters of countless interviews, this book will tell you who was responsible for creating the first two games; from its levels, its music, the many voices of Lara Croft, and much more. The team also reveals all about the star of the second game; Winston the Butler, and how he came to be by Joss Charmet. Over twenty people were interviewed for this story; from the pitch for what would be Tomb Raider, alongside the challenges along the way, up until the release of Tomb Raider 2 in 1997...
