Clay Thompson's Valley 101 Clay Thompson,2003-11-01 A collection of oddly informative columns by the Arizona Republic's Clay Thompson. Newcomers and longtime Arizona residents have challenged Mr. Thompson with questions, both vital and obscure. His witty responses entertain readers daily. This is the first compilation of his work.

Secret Phoenix: A Guide to the Weird, Wonderful, and Obscure Christine K. Bailey,2017-08-15 Whether you are exploring the rabbit warren of rooms that comprise Mystery Castle, hiking the steep, jagged face of Piestewa Peak named after the country's first female Native American killed in combat, or standing among the towering saguaro cacti found only in the Sonoran Desert, it is hard to avoid adventure with a copy of Secret Phoenix: A Guide to the Weird, Wonderful, and Obscure in your backpack. This book traverses the historical, geographical and cultural landscape of an unlikely city that has risen from the dust of an ancient civilization to be the sixth largest city in the U.S. From the native peoples who first established the vital canals of yore to the lungers plagued with tuberculosis who flocked to the dry, dry desert to find some relief to the builders, engineers and architects who created the highways and skyline you see today, the city's story is one of survival, innovation and rugged determination. A new and eager city bent on growth, Phoenix has often eschewed history for the sake of progress and over time has lost too much of its heritage; however, for those who look closely, ask the probing questions and choose to explore, there is a history (and a future) to be found. From Glendale to Tempe, Scottsdale to Goodyear, Chandler to Carefree, this book is an examination of metropolitan Phoenix through the bits and pieces left behind and the new spaces and places just beginning to take shape.

Megafire Michael Kotas,2017-08-22 This bestselling author of High Crimes explores what causes forest fires and captures their danger and the heroism of those who fight them. In Megafire, a world-renowned journalist and forest fire expert travels to dangerous and remote wildernesses, as well as to the backyards of people faced with these catastrophes, to look at the heart of this phenomenon and witness firsthand the heroic efforts of the firefighters and scientists racing against time to stop it—or at least to tame these deadly flames. From Colorado to California, China to Canada, head to the frontlines on the ground and in the air, as well as in the laboratories, universities, and federal agencies where this battle rages on. Through this prism of perspectives, Kotas zeroes in on some of the most terrifying environmental disasters in recent years—the Yarnell Hill Fire in Arizona that took the lives of nineteen elite “hotshot” firefighters, the Waldo Canyon Fire that overwhelmed the city of Colorado Springs—and more in a page-turning narrative that puts a face on the brave people at the heart of this issue. Megafire describes the profound global impact of these fires and will change the way we think about the environment and the precariousness of our world. “I don't know any writer better equipped to explain what's gone wrong than Michael Kotas, who shines a light both on the astonishing bravery of the hotshots on the front lines and on the waste and ineptitude of the politicians and bureaucrats who too often fail them, sometimes with fatal consequences.”—Dan Fagin, author of the Pulitzer Prize-winning Toms River: A Story of Science and Salvation

From the Womb to the Tomb Carl Toersbijns,2014-12-27 An in-depth book about twenty-six-year-old Tony Lester's preventable suicide and how he struggled to be recognized as a special needs person from the time he was arrested to the time he died. Real case documentation that has been validated by internal reports and inspections. This book will make you think about the role the criminal justice system plays with those seriously mentally ill and experiencing coping and functional difficulties. No political slandering here; just the facts as they were reported by KPNX investigative reporter Wendy Halloran and myself and how the family sought help in exposing the wrongful death of their son, nephew, leaving behind a young girl left without her father ever coming home to her. This book comprehensively covers the police report, the rule 11 procedures, and the investigation into his death. Also included are excerpts from the ACLU findings and how they applied to Tony's personal crises and how his needs were downplayed due to cultural beliefs inmates are manipulators and always have a motive, thus they are liars and unworthy of trust or care for their problems. Based on the same dynamics found by the ACLU experts, this reveals the shoddy work of the state's medical and psychiatric care standards applied in ad hoc conditions because of lack of commitment, resources, staffing, and training. Tony experienced the perfect storm when he was incarcerated and died in less than four months of doing time. An exclusive peek at a crisis situation still simmering inside the department of corrections systems that has failed him and thousands of others. It shows how his treatment needs were ignored as well as his pleas unheeded resulting in his death and how they compare to today's findings still broken and still not fixed. This book is an in-depth detailed layout of the culture, the practices, the deliberate indifferences toward the mentally ill and how mentally ill persons are victimized and criminalized by political and criminal justice approaches and dynamics toward the seriously ill persons and how they must deal with the stigmas and discrimination of being a mentally ill person inside Arizona prisons. Dynamics include sociopolitical ramifications for being incarcerated, suicide watch culture, adequate care and treatment, security attitudes toward these special needs persons, and much more. Real case scenarios listed from the ACLU class action lawsuit that resembles or duplicates Tony's plight, frustration, and situations that ended his life. This book illustrates shoddy death investigations, marginalized attitudes about human values in prison and other cultural influences that dictate how prisons are run, prisoners are mistreated and even some darkness on solitary confinement in the detention units and max custody facilities. A real wakeup call for many who have family members in prison and others wanting to change prison conditions. Included are the family's frustrations with an agency which boasts the best defense of keeping secrets behind closed doors and the struggle KPNX and Wendy Halloran went through to get the secret video. All in all, it is an in-depth account of how a wrongful death leaves people devastated and asking the most frequent question: why? When you read this book you will see the root of causes. After you read this book, you will understand the agony and despair a mentally ill person endures when they are labeled, ignored, or ridiculed by the system that is supposedly protect them.

Perversion of Power Mary Gail Frawley-O'Dea,2007 Since 2002, the Roman Catholic Church has been in crisis over the sexual abuse of minors by priests and the cover-up of those crimes by bishops. Over 11,000 alleged victims have reported their experiences to the Church, and more than 4,700 priests since 1950 have been credibly accused of sexually victimizing minors. The Church has paid over one billion dollars to adults who claim to have been sexually abused by priests and there is no end in sight to these lawsuits. Celibacy, homosexuality in the priesthood, the infiltration into the priesthood of secular moral relativism, too much liberalism in the Church since Vatican II, damaging rollback of Vatican II reforms by conservative prelates—all have been suggested as causes for the crisis. This book, however, begins with the premise that, because the pattern of abuse and cover-up was so similar across the world, there is something fundamentally awry with Church traditions and power structures in relationship to sexuality and sexual abuse. Specifically, in chapters on suffering and sadomasochism, bodies and gender, desire and sexuality, celibacy and homosexuality, the author concludes that aspects of the Catholic theology of sexuality set the stage for the abuse of minors and its cover-up. Frawley-O'Dea also analyzes the American bishops' lack of pastoral care and tendency towards clerical narcissism—the belief that the needs of the hierarchy represent the needs of the wider Church—as central factors in the scandal. She balances this criticism with a discussion of the backgrounds of the bishops presiding over the crisis and the challenges they faced in their relationships with the Pope and Vatican officials. Drawing on twenty years of clinical experience, she imagines the dynamics of sexual abuse both from the victim's point of view and from the priest's, and she probes why the Church hierarchy, fellow priests, and lay people were silent for so long.

Finally, Frawley-O'Dea examines factors internal to the Church and outside of it that drew this scandal into the public square and kept it there.

Driving While Brown Terry Greene Sterling, Jude Joffe-Block, 2021-04-20 A smart, well-documented book about a group of people determined to hold the powerful to account.—2021 NPR Books We Love Journalism at its best.—2022 Southwest Books of the Year: Top Pick A 2021 Immigration Book of the Year, Immigration Prof Blog Investigative Reporters & Editors Book Award Finalist 2021 How Latino activists brought down powerful Arizona sheriff Joe Arpaio. Journalists Terry Greene Sterling and Jude Joffe-Block spent years chronicling the human consequences of Sheriff Joe Arpaio's relentless immigration enforcement in Maricopa County, Arizona. In *Driving While Brown*, they tell the tale of two opposing movements that redefined Arizona's political landscape—the restrictionist cause advanced by Arpaio and the Latino-led resistance that rose up against it. The story follows Arpaio, his supporters, and his adversaries, including Lydia Guzman, who gathered evidence for a racial-profiling lawsuit that took surprising turns. Guzman joined a coalition determined to stop Arpaio, reform unconstitutional policing, and fight for Latino civil rights. *Driving While Brown* details Arpaio's transformation—from America's Toughest Sheriff, who forced inmates to wear pink underwear, into the nation's most feared immigration enforcer who ended up receiving President Donald Trump's first pardon. The authors immerse readers in the lives of people on both sides of the battle and uncover the deep roots of the Trump administration's immigration policies. The result of tireless investigative reporting, this powerful book provides critical insights into effective resistance to institutionalized racism and the community organizing that helped transform Arizona from a conservative stronghold into a battleground state.

The Valley 101 Great Big Book of Life Clay Thompson, 2004-11-01 A second collection of Clay Thompson's daily columns from the Arizona Republic, answering readers' questions on just about any topic. Includes sections on Weather and Science, The Human Body, Arizona, Plants and Animals, and a chapter of questions that can only be described as uncategorical. Includes new material never before published by the entertaining, yet snarky columnist.

States of Neglect William Kleinknecht, 2023-02-21 As America continues down its path of polarization, a celebrated journalist tells us the deep story of the red-state/blue-state divide In the wake of Trump's presidency, Republican-led states have joined in an alarming assault on our democratic system. But the drift toward authoritarianism in red states has far deeper roots. We now have a country where tens of millions of people live under regimes that have spent years starving education and health care, empowering polluters, engaging in voter suppression, and neglecting their citizens' well-being in the interest of cutting taxes for the wealthy. In *States of Neglect*, journalist William Kleinknecht surveys the landscape of neglect in states including Texas, Florida, and Arizona through the experiences of a rich cast of characters. He visits environmental dead zones in the Texas Gulf region. He investigates Arizona's abandonment of public education and its corrupt charter school industry. He shows how Mississippi's denuded health care system has made the Magnolia State the sickest in the nation. And he explains how North Carolina allows its people to sink into poverty while catering to the needs of corporations. As a postscript, Kleinknecht proposes how progressive states on either coast might join in a compact of “progressive federalism” that uses their superior economic and cultural resources to counter the influence of the far right.

Managing Sport Organizations Daniel Covell, Sharianne Walker, 2013 Now in a fully revised and updated third edition, this book is a student-focused introduction to sport management. Bridging the gap between theory and practice, the book explores every key topic, issue and concept in contemporary sport management.

High-Stakes Testing R. Murray Thomas, 2005-03-23 The federal government's No Child Left Behind Act has thrust high-stakes testing – its goals, methods, and consequences – into the educational limelight. The four-fold purpose of this book is to: describe the nature of high-stakes testing; identify types of collateral damage that have attended the testing programs; analyze methods different groups of people have chosen for coping with the damage and suggest lessons to be learned from the high-stakes-testing experience. The six groups of people whose coping strategies are inspected include: politicians and their staffs; educational administrators and their staffs; parents and the public; test makers and test administrators; teachers and students. Importantly, the author avoids aligning himself with the test-bashing rhetoric of those who oppose high-stakes testing, especially the No Child Left Behind Act. Key features of this outstanding new book include: illustrative cases. The book offers more than 350 cases of collateral damage from high-stakes testing--and people's coping strategies--as reported in newspapers over the 2002-2004 period. background perspectives. Part I examines the influence of high-stakes testing on: 1) what schools teach; 2) how student progress is evaluated; 3) how achievement standards are set; and 4) how test results are used. participant responses. Part II, which is the heart of the book, devotes a separate chapter to the coping strategies of each of the major participants in the high-stakes testing movement: politicians and their staffs, educational administrators and their staffs, parents and the public, test-makers and test-givers, teachers, and students. summary chapter. The last chapter (Lessons to Learn) offers suggestions for minimizing collateral damage by adopting alternative approaches not used in the creation of our current high-stakes testing programs, particularly the federal government's No Child Left Behind Act. This book is appropriate for any of the following audiences: students taking evaluation or administration courses in schools of education, inservice administrators and teachers, policy makers, and those members of the general public who are concerned about the fate of schooling in America.

Routledge Companion to UK Counter Terrorism Andrew Staniforth, 2013 This authoritative companion brings together the learning of the first decade since the terrorist attacks of September 11th, drawing on the personal and professional foresight of key individuals identifying future challenges that still lie ahead in the decades yet to come.

The Global Obama Dinesh Sharma, Uwe P. Gielen, 2013-12-17 The Global Obama examines the president's image in five continents and more than twenty countries. It is the first book to look at Barack Obama's presidency and analyze how Obama and America are viewed by publics, governments, and political commentators around world. The author of *Barack Obama in Hawaii and Indonesia: The Making of a Global President* (Top 10 Black History Book) scaled the globe to gather opinions – cultural, historical, and political analyses – about Obama's leadership style. Writers, journalists, psychologists, consultants, and social scientists present their views on Obama's leadership, popularity, and many of the global challenges that still remain unresolved. As a progress report, this is the first book that tries to grasp ‘the Obama phenomenon’ in totality, as perceived by populations around the world with special focus on America's leadership in the 21st Century.

Latino Peoples in the New America José A. Cobas, Joe R. Feagin, Daniel J. Delgado, Maria Chávez, 2018-12-10 Latinos are the largest group among Americans of color. At 59 million, they constitute nearly a fifth of the US population. Their number has alarmed many in government, other mainstream institutions, and the nativist right who

fear the white-majority US they have known is disappearing. During the 2016 US election and after, Donald Trump has played on these fears, embracing xenophobic messages vilifying many Latin American immigrants as rapists, drug smugglers, or gang bangers. Many share such nativist desires to build enhanced border walls and create immigration restrictions to keep Latinos of various backgrounds out. Many whites’ racist framing has also cast native-born Latinos, their language, and culture in an unfavorable light. Trump and his followers’ attacks provide a peek at the complex phenomenon of the racialization of US Latinos. This volume explores an array of racialization’s manifestations, including white mob violence, profiling by law enforcement, political disenfranchisement, whitewashed reinterpretations of Latino history and culture, and depictions of good Latinos as racially subservient. But subservience has never marked the Latino community, and this book includes pointed discussions of Latino resistance to racism. Additionally, the book’s scope goes beyond the United States, revealing how Latinos are racialized in yet other societies.

Jesse Ventura's Marijuana Manifesto Jesse Ventura,2016-09-06 New York Times Bestselling Author! In this groundbreaking book – for the first time in paperback and fully-updated with all the latest legal information – outspoken freethinker Jesse Ventura lays out his philosophy. Now more than ever before, our country needs full legalization of medical/recreational marijuana and hemp. Seemingly with every day that goes by we find out more positive things about marijuana, a medicinal plant in abundant supply, yet legalization finds stronger resistance from government agencies and big business. Find out why the US government patented CBD and what Big Pharma companies have exclusive rights to create marijuana medication and why the DEA can’t be trusted. Jesse Ventura’s Marijuana Manifesto calls for an end to the War on Drugs. Legalizing marijuana will serve to rejuvenate our pathetic economy and just might make people a little happier. Ventura’s book will show us all how we can take our country back. “More celebs than ever are jumping on the ‘Legalize’ bandwagon. Why? Because it’s safe now. It won’t impact your career anymore. But Jesse Ventura has been a solid proponent of legal cannabis for decades. In Jesse Ventura’s Marijuana Manifesto, he lays out the good sense of legalization, as well as the sheer insanity of prohibition. As a proud American, he pulls no punches calling out the political elite. – Dan Skye, High Times editor-in-chief “Ventura is ultimately quite convincing about the ineffectuality of the War on Drugs, and on the contradictions and corruptions of the Drug Enforcement Administration, a particular bugbear of his.” – Michael Lindgren, The Washington Post

Falling T. J. Newman,2021-07-06 #1 NATIONAL BESTSELLER * NEW YORK TIMES BESTSELLER “Terrifying...buckle up for a chilling summer read.” –People (Best Books of the Week) “The perfect thriller! The January 6th Report Elizabeth Holtzman,Select Committee to Investigate the January 6th Attack on the US Capitol,2022-12-27 The most important political investigation since Special Counsel Robert S. Mueller III’s probe into Russian influence on the 2016 election of Donald J. Trump. The full report by the Select Committee to Investigate the January 6th Attack on the United States Capitol will feature facts, circumstances, and causes related to the assault on the Capitol Complex. Formed on July 1, 2021, the Select Committee has issued over one hundred subpoenas and held over a thousand witness interviews. The report will provide the results of investigations into interference with the peaceful transfer of power; the preparedness and response of the United States Capitol police and other federal, state, and local law enforcement; and the influencing factors that fomented the insurrection and attack on American representative democracy engaged in a constitutional process. The Select Committee investigation and the January 6th report will join the Mueller Report, the 9/11 Commission Report, the Warren Report, the Starr Report, and Watergate as one of the most important in history. The January 6th Report will be required reading for everyone with interest in American politics, for every 2020 voter, and every American. Featuring a foreword by Elizabeth Holtzman, a lawyer and political leader who was a Democratic Congresswoman from New York. Holtzman has a unique perspective on the situation, as she served on the House Judiciary Committee charged with investigating the Watergate scandal and prepared articles of impeachment that precipitated the resignation of President Nixon.

The School Voucher Illusion Kevin Welner,Gary Orfield,Luis A. Huerta,2023 The book sets the stage, with a discussion of the history of voucher battles, the legal dimensions, and the politics of policy change. –The book includes careful studies of the basic structure of contemporary private schooling, of the crucial Southern history of vouchers, and of the key federal court decisions that have opened the door to the explosion of state legislation described earlier. –Finally, the book includes profiles of voucher policies in two of the states that have made the largest efforts to support vouchers, as well as the only nationally funded program in the nation's capital. –Chapter authors are national experts who have produced seminal work in the field. Researchers (particularly school-choice researchers), people engaged in policy making (particularly around school choice), school administrators, and teachers--

The Political Battle over Congressional Redistricting William J. Miller,Jeremy D. Walling,2013-06-07 In this volume, scholars discuss the most recent wave of redistricting Congress. Emphasizing the state-level factors and processes, the volume ultimately shows how national requirements and state requirements come together to permit states to be largely self-responsible for what they do in terms of drawing districts.
