Diary of a Confused Christian Nai B Wise, 2024-03-30 This read is a self-help supplement to prompt consideration of influences on life's choices and to empower one's mind to choose truth over traditions. I've been triggered since I was 8 years old, and the time has come for me to excavate and discover my inner contents. No more going along to get along. I fervently and tearfully sought answers to my questions, and I found them. Answers not to boast that I know more, but to bring me and hopefully others peace. I know these answers will trigger some folks. I know these answers will make me more enemies. But I do hope these answers will help someone. I hope these answers will prevent physical and spiritual suicide, and, above all, bring understanding. This book is dedicated to the backslider, the doubter, the once faith-filled turned atheist, the almost reprobate, and borderline blasphemer; and to the King eternal, immortal, invisible, the only wise God, who is able to keep us from falling and who just wants to reason with us.

Today, India boasts a sophisticated industrial and manufacturing base, a rapidly expanding service sector, a huge pool of skilled, low-to-moderate-cost workers including professional managers, and an established free-market system. India has capitalized on its large, well-educated, English-speaking workforce to become a major exporter of information technology services and software professionals. Yet this is only one dimension of India's intriguing one billion plus people. In contrast more than 200 million people still live on less than one dollar per day. It's this kind of economic and social disparity that still marks the business cultural landscape, which is a reflection of the country's extremes. To understand today's Indian business environment, it's essential to understand the local culture. bWise India is part of Atma Global's bWise - Business Wisdom Worldwide-- series. Mahershalalhash-Baz B. Wise,2013-11-11 The book deals with history from the bible which shows how although people in the past thought they were worshipping God in the right way, discovered that their way was actually in opposition to the God of the bible. The book shows similarities in today's society and prophecy's that refer to worshipping God in a way that he opposes and the outcome.
