Why Is My Baby Crying? Bruce Taubman,2000 When babies cry too much and their caregivers can't figure out what they need, expert advice is required. This guide will help parents understand their babies' cries, respond accurately and quickly to their tearful children, and reduce the amount their infants cry. Parents will learn about the five basic needs that healthy babies communicate through their cries. By keeping track of their baby's patterns and actions in the daily diary pages that are provided, they will come to understand and respond to these signals, giving the child a sense of security. Explained in detail are a typical parent's reaction to an infant with colic, what infant colic is not, common myths that parents may hear from health-care professionals and friends, and the concept of crying as communication.

**Palm of the Rainforest** Ikénnà Nn?l?,2020-08-28 I know who I am Kelvin seemed desperate to win his father's approval. However, Mr Eze not only seemed unwilling to bestow it, but hell bent in making life unbearable for his acclaimed son. Kelvin thought it would be best to find his true family rather than endure the torture of being the unwanted child. He realised that his quest for recognition was unlikely to succeed, so he set his eyes on freedom. In the meantime, Kelvin expected that a good academic performance would change his luck and put him right with Mr Eze or at least boost his confidence in his abilities. With all his attention on his studies, competing for the best grades against the leading brains in his class, especially Christian, an indomitable rival, he would not let school romance get in the way fo his goal. But slowly and steadily, Chioma, gained his trust and won him over. He would have to make a decision between holding on to his moral principle or satisfying his human desire for friendship. New Home, New Identity Marginalised and decimated, the Biafran people were forced to go to war and secede from Nigeria. But decades after losing the war and embracing the Nigerian identity, they are still not treated as equal citizens in their home country. As a new wave of terrorism sweeps the northern parts of the country, the Biafran people, predominantly Igbo are again decimated as they have been for decades in every crises and this led to renewed discussions about their independence. For Biafra, the fight for equality was over and their Sovereignty was not negotiable. For Kelvin, it wasn't very different, and so his quest for truth and independence must begin. His compulsory holiday in Igbo land would expose him to the truth that might have indirectly caused him to abandon his academic pursuit. Perhaps, it was just an excuse to free himself from the clutch of Mr Eze and begin his quest for the truth about his identity.
